ANNUAL REPORT 2015

Connecting Lives

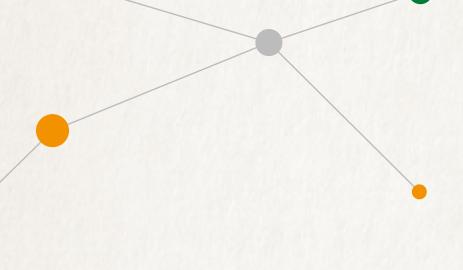

Connecting Lives

Rooted to a market validated by sustainable development trajectory, LankaBangla has managed to supersede the potential for expanding its footprint to new frontiers. Adjusting to the constant shift in the financial market of Bangladesh, the company has positioned itself at a vantage point; broadening its operational network to secure extensive stakeholders' approval and celebrating the participation of all strata of society.

Conforming to our foremost objective, we have retained a progressive framework and enduring value index for shareholders. Over the years, we have registered triumphant geographical outreach by virtue of sustainable growth and essentially 'Connecting Lives'. The Annual Report 2015 corresponds to our widespread engagement portfolio as we pledge to expedite our effort for nurturing partnerships built through succession and maintain flagship position in the industry.

Dated, Dhaka March 14, 2016 By Order of the Board

Notes:

- The record date is fixed on March 14, 2016. The Shareholders, whose names will appear in the Share Register of the Company at the closing of business on the record date, will be eligible to attend the meeting and get dividends.
- The Board of Directors has recommended 15% Cash Dividend i.e. Tk. 1.50 per share of Tk. 10.00 each and 15% Stock Dividend i.e. 15 (Fifteen) Bonus Shares for every 100 (Hundred) Ordinary Shares held.
- A shareholder eligible to attend and vote in the AGM may appoint a Proxy to attend and vote in his/her behalf. The Proxy Form duly completed and stamped must be deposited at the registered office of the Company not later than 48:00 hours before the time fixed for the meeting.
- Admission into the meeting room will be allowed on production of the Attendance Slip attached with the Proxy Form.

Communication to Shareholders

LankaBangla Finance Limited is listed in both the bourses of the country. Investors can monitor the ticker in the name of LANKABAFIN in both DSE and CSE. Any price sensitive information is disseminated timely. Annual Report of the company summarizes the company's financial performance and provides an overview of the company's major activities. The annual report is duly submitted to Bangladesh Securities and Exchange Commission, Dhaka Stock Exchange & Chittagong Stock Exchange in timely manner. Each stockholder is sent copy of the report before AGM. Annual Report, Quarterly Reports and Supplements to the reports are available on the company's website, www.lankabangla.com or copies are available with the Board Secretariat at LankaBangla Finance Limited.

On top of the above information, the company makes available each material information or achievement to the shareholders through the company's web portal. For additional information about the subsidiary companies and the financials, the investors can visit our web portals, **www.lankabangla.com.**

Redressal of Investors' complaint

Investor Relations Department of LankaBangla Finance Limited always gives extreme priority in mitigating investors' complaints (if any) regarding any inconvenience. Investors can approach to Investor Relations Department with a complaint or can make an email at company's designated e-mail id for investor relations at ir@lankabangla.com. An Investor can make a written complaint to LankaBangla Finance Limited also. Upon receipt of the compliant, designated cell at LankaBangla takes immediate steps to resolve the complaint.

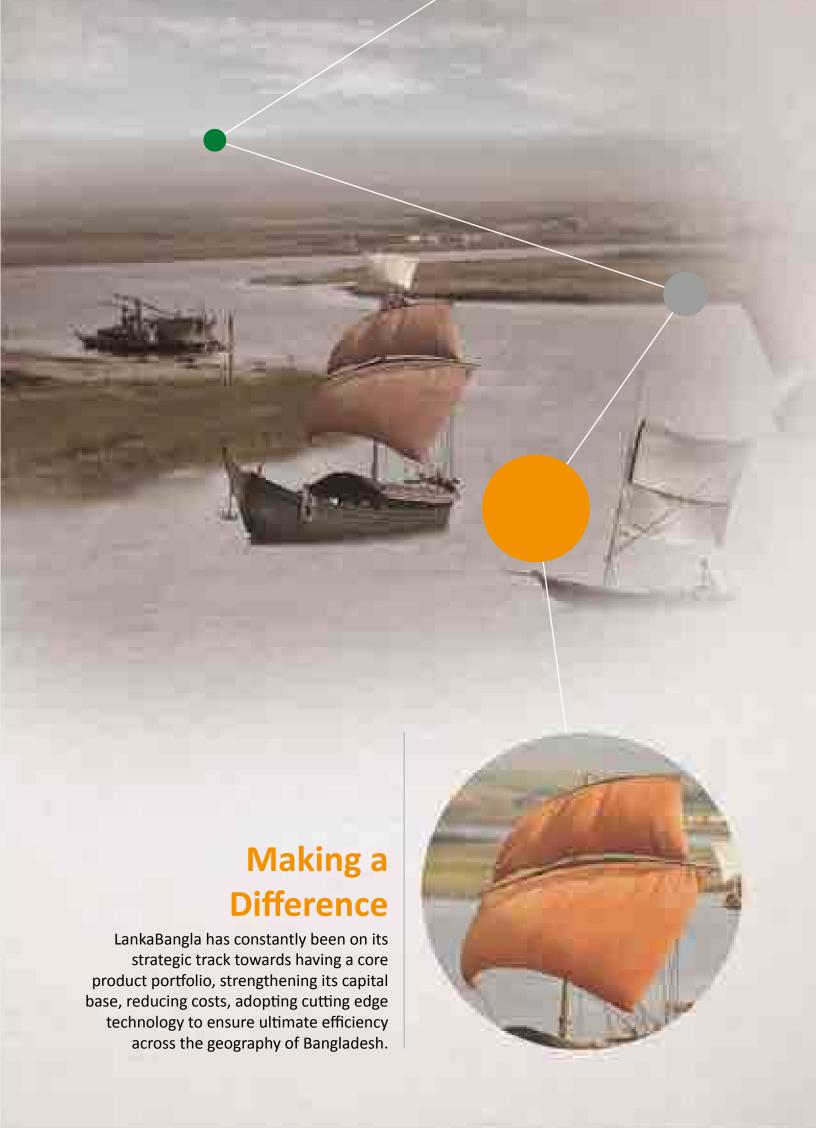

Growing Together

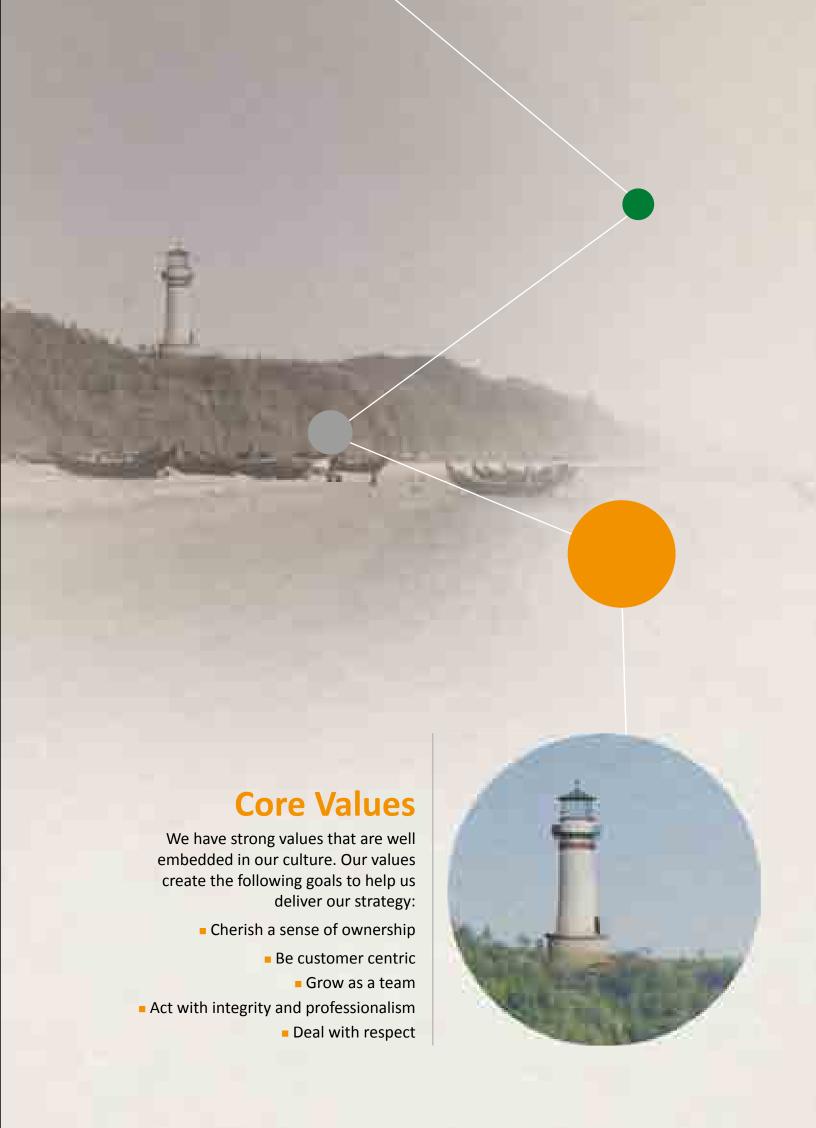

LankaBangla Finance Limited is one of the largest private financial institutes in Bangladesh. LankaBangla Finance Limited offers the entire spectrum of financial services to customer segments covering Corporate Financial Services, SME Financial Services, Personal Financial Services and Deposit Schemes.

LankaBangla practices participatory management and adheres to industry best practices in all endeavours and serves with wide operational periphery covering major business hubs of the country. LankaBangla operates in a centralized administrative framework through cutting edge technological environment.

LankaBangla is the market leader in the capital market services and has been giving all out efforts to develop an efficient, vibrant and transparent capital market in Bangladesh. Through our subsidiary, LankaBangla Securities Limited we are providing top notch broking services and leading the industry with cutting edge trading, top rated research and customer service. Another subsidiary, LankaBangla Investments Limited is a premier investment bank in the country providing corporate advisory, issue management and portfolio management services. The other subsidiary, LankaBangla Asset Management Company Limited is providing professional wealth management services.

Our Strategy

We revisited our strategic direction based on broad-head priorities and to execute the strategies we plan to start big and build momentum in 2016:

Diversify portfolio prudently for value with increased focus on core product portfolio

- Build a strong core product portfolio with high focus on corporate financial services
- Drive consumer finance to excel through a differentiated strategy
- Build momentum in SME financial services
- Grow our leading position in capital markets
- Expand geographical reach in the major cities/township of the country
- Collaborate with large corporate house for mutual beneficial relationship
- Manage enterprise risk effectively
- Maintain good asset quality and strive to keep incremental infection zero

Prudent Balance Sheet Management

- Strengthen our capital base and improve our funding positions
- Diversify our funding sources
- Optimize the deployment of fund and capital across core business and the subsidiaries

Simplify processes and reduce cost

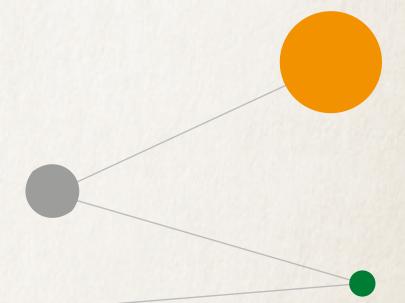

- Continually improve key areas of customer service
- Simplify processes and ensure disciplined expense management
- Upgrade our technology that will make us more efficient and competitive

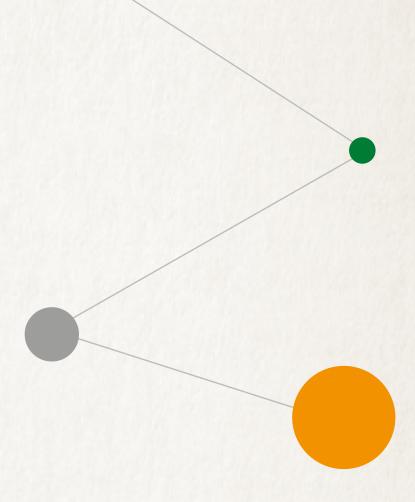

Create a sustainable brand

- Invest in brand and promote our services to chosen markets
- Ensure good governance and transparency
- Increase contribution to the national exchequer through increasing profitability
- Increase support to underprivileged population in health and education through LB Foundation
- Assume environmental stewardship and responsibility in changing lives of the ordinary

Nurture our people through leadership and skill development

- Nurture high skilled talent pool
- Create congenial work environment to deliver the best
- Ensure attractive benefit packages
- Promote high ethical standards

Forward Looking Statement

"The next is NOW" is the motto of our journey in 2016. We, at LankaBangla, want to march ahead of time. What would be that next prominent strategy for the penetration in the financial landscape of Bangladesh, is well deemed and happening NOW in our territory.

- In 2016, we would put high emphasize on the Retail and SME Financial Services to achieve a fragmented portfolio to diversify risk and high yield. Through establishing credit delivery channels, staffing required skill sets, making improved process flow, decentralizing credit decisions, we will expand our business at high pace.
- With the objective of optimizing the Company's funding mix, we would look forward to more diversified sources of fund. The Cost of Funds is also anticipated to come down with the diversification of the Company's' funding portfolio. ALCO will be more vibrant in 2016 to tap market level opportunities.
- We would be upgrading our interface and functionality by using latest technology, systems and tools. This will increase operational efficiency, reduce lead time, faster customer service, enable quick information dissemination to loan and liability clients, save cost.
- We believe product diversification is the key to achieve customer satisfaction by meeting the tailor made needs of customers. Innovation would be continuing in the foreseeable future.
- In 2016, more emphasis will be given to run the branches independently so that we can deliver the finest customer service. Branch will be the main focal point and one stop service delivery center for business acquisitions, retention and development and for providing customer care and maintaining relationship with all parties.
- Cost control will be one of the top strategy for 2016. We would take initiatives to reduce costs to income as minimum as possible.
- Continuous monitoring will be done to restrict NPL at a tolerable low level. Initiatives will be taken to increase the efficiency level of Recovery & Monitoring team and Special Asset Management Team to reduce NPL at minimum level.
- While we engage in doing things we will be maintaining strict compliance and good governance in norms and regulations to ensure long term sustainability of the company. Putting priority in ecological balance of the environment, we plan to grow together with our stakeholders.

LankaBangla is a value driven organization that means we do not depart from our principles even if it gives sometimes temporary benefit to the company. We believe and recognize that our company remains in our heart and its reputation and dignity are absolutely priceless. The company's affairs get the utmost priority of all the employees.

Our reputation not only affects whether or not someone will be our customer, it also determines whether we are proud to be associated with this organization.

The Code of Conduct is designed to guide the employees of the company to observe, comply with the prudential norms of conduct, manner and behaviour. It is in alignment with the Company's Vision and Values to achieve the Mission, Objectives and aims at enhancing the ethical and transparent process in managing the affairs of the Company. It also applies to every employee of LankaBangla and may be furnished to others for discharging the responsibilities. In addition to the ethical guidelines included in the code, there are many laws and regulation that affect each of the business that we do. Complying to law is mandatory for everyone and is not subject to business priorities or individual decision.

Personal Responsibilities

- Be an ethical role model by maintaining integrity and devotion to work
- Protect and enhance company's interest, dignity and reputation
- Act in accordance with the highest standards, professionalism and excellence in quality output
- Adherence to the company's policies, rules and regulations that obviously apply to the job
- Always act and behave like an ambassador of the company

Workplace Responsibilities

- Treat colleagues with respect and dignity
- Support the company's commitment to diversity and equal employment opportunity
- Provide a positive work environment free from intimidation and harassment
- Do not hold any outside positions with, or accept business opportunities from anyone who does business or competes with the company
- Ensure that financial records are accurate and complete
- Maintain an effective system of internal control and compliance over financial reporting and operational activities
- Protect company's assets and properties
- Ensure cost efficiency

Marketplace Responsibilities

- Act responsibly in all sorts of communications with customers, suppliers, vendors, partners and regulatory authorities
- Safeguard the privacy, confidentiality and security of customer data
- Make only factual and truthful statements about company's products and services
- Gather business intelligence properly and ethically
- Prevent the use of company's services against money laundering purposes

Corporate Citizenship

- Support all communities and optimize contributions to the society
- Protect the general safety and the environment
- Respond to public and cooperate with the government

LankaBangla at a Glance

LankaBangla has been developing its strategies for years based on diversification in markets; with high growth potential, a customer-centric business model and technology as key elements in order to face the transformation process being experienced in its business segments.

LankaBangla Finance Limited started its journey long back in 1997 as a joint-venture financial institution with multinational collaboration having license from Bangladesh Bank under Financial Institution Act-1993. Now LankaBangla is the country's leading provider of integrated financial services including Corporate Financial Services, Personal Financial Services, SME Financial Services, Stock Broking, Corporate Advisory and Wealth Management Services.

We recently have gone through a business's process reengineering to build capacity to our clients' superior experience than any time ever. The company now operates in centralized administrative framework through cutting edge technological environment. LankaBangla is surviving a wide operational periphery covering major businesses hubs of the country.

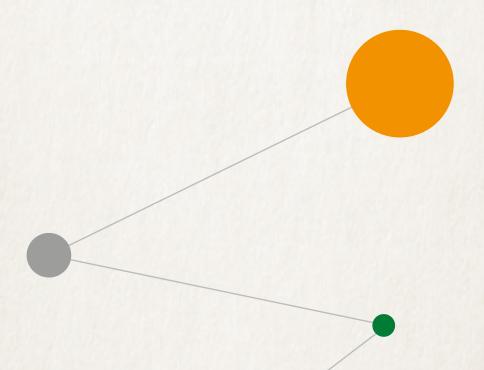

Under the broadest umbrella of products and service offerings, we are the lone financial institution to operate credit card (MasterCard and VISA) and also provide third party card processing services to different banks in Bangladesh.

LankaBangla is the market leader in the capital market services and has been giving all out effort to develop an efficient, vibrant and transparent capital market in Bangladesh. Through our subsidiary, LankaBangla Securities Limited we are providing top notch broking services and leading the industry with cutting edge trading, top rated research and customer service. Another subsidiary, LankaBangla Investments Limited is a premier investment bank in the country providing corporate advisory, issue management and portfolio management services. The other subsidiary, LankaBangla Asset Management Company Limited is providing professional wealth management services.

In quest of sustainable business, LankaBangla is positioning itself to provide enduring value to the people, customers, shareholders and the communities. There are some other key divisions involved for setting up the strategic priorities by managing balance sheet prudently, by helping to provide various decisions, by creating, operating and maintaining IT infrastructure, by nurturing human resources to deliver the best and uphold the livelihood of our community.

We are the recipient of National Award for Best Published Accounts and Reports for the past few years declared by the Institute of Chartered Accountants of Bangladesh (ICAB). And also received "Category Winner - Financial Service Sector" and "Overall Winner" for the "Best Presented Annual Report and SAARC Anniversary Award for Corporate Governance Disclosure 2014" from South Asian Federation of Accountants (SAFA) (An Apex body of SAARC). This is undoubtedly an igniting accomplishment and it is a reflection of ethical practices, true compliance and a great team work

LankaBangla practices participatory management and adheres to industry best practices in all endeavors. Increasing stakeholders' value is a natural driving force for the people at LankaBangla. Our long standing sustainability efforts are creating environmental and social value while we step ahead. By embracing high ethical standards, governance and transparency, we dream to grow big. Our ethos is simple. We envision our success being the growth partner of our enterprising clients. We are committed to change the lives of the ordinary.

Weaving Success

"I always had a dream of contributing to the national economy. After receiving the financial support and prospective business consultancy from LBFL, I feel that I have already taken a major step towards fulfilling my dream" -Mrs. Anjuman Ara

Mrs. Anjuman Ara lives in Kotowali, the business hub of the Chittagong district. Ever since her marriage in the mid 90's, Mrs. Anjuman has been working alongside her husband to help him with his garments accessories business named 'Star Image'. Inspired by the growth of the business, the couple set up a CTP Plate, Film & Printing business in 2008 and eventually rented two floors in a building at Kadam Mobarak Road of the city, where the two businesses started their operation side by side.

Despite of a host of challenges being associated with being a woman entrepreneur, Mrs. Anjuman's business flourished and secured the second position in the respective industry. Coming from a respectable Muslim family of Feni district, Mrs. Anjuman developed strong foothold for her business through her commendable personality, her strong relationship with local traders and her unscathed reputation as a business leader.

With the growing demand for diversified printing services in the market, Mrs. Anjuman felt the urge to expand her business. In connection, she approach LankaBangla for financial help, and was promptly entertained with a loan amount of 50 lacs payable over a tenure of 4 years under 'Anonnya' product category, designed exclusively to help women entrepreneurs establish their businesses. LankaBangla also facilitated her with business consultancy, enabling her to grasp the ongoing trends in printing business.

Empowered by the financial freedom, Mrs. Anjuman installed two more machines at her printing factory premises, enabling her to take up more orders and enhance productivity through a total of 4 machines, suited for delivering diversified printing solutions.

Mrs. Anjuman has always been resolute in her approach of doing business combined with the intention of contributing to the society. To date, she has employed 30 skilled and unskilled workers in her business and helped reduce the unemployment problem in the locality. In relation, she has also expressed her indebtedness towards LankaBangla, as she maintained: "I always had a dream of contributing to the national economy. After receiving the financial support and prospective business consultancy from LBFL, I feel that I have already taken a major step towards fulfilling my dream".

Mrs. Anjuman recognizes that the garments workers; specially the female segment are somewhat underprivileged in our society, although their work is labor intensive and a major contributor to the country's economy. Therefore, she believes that she has the responsibility to empower these workers as an entrepreneur, which in turn could fetch positive changes to the society.

Looking ahead, Mrs. Anjuman is able to foresee a brighter future for her business and a stronger relationship with LankaBangla. With further financial aid from the organization, she aims to adjoin more state of the art machineries to develop automated production facility. Mother of two little girls, Mrs. Anjuman cherishes a lasting relationship with LankaBangla, saying: "I had no issues whatsoever in obtaining the loan from LankaBangla, and there is a definite likelihood that I shall turn to them again whenever I feel it necessary to expand my business further.

LankaBangla is the lone Financial Institute that offers cards and provides third party card processing services through its state-of-theart card software.

The unit deals with all sales, marketing, business promotions, relationship management with outlets & corporate house, customer service activities including planning, budgeting, target setting and allocation, execution, monitoring and evaluation of sales deal, customer service quality, etc.

SME Financial Services

SME Industry becomes blood of economic and sustainable development of Bangladesh. Today, SME remains the engine of economic growth and considering the population of Bangladesh, SME offers large-scale employment and income earning opportunities at relatively low costs, especially in the rural areas. It strengthens efforts to achieve high and sustainable the convergence of growth in SME, women entrepreneurship SMEs, the heart of growth of economies worldwide, are emerging as the most powerful and sustainable pillars of Bangladesh economy. SMEs in Bangladesh are no longer concentrated to low-tech, traditional and agro-based economic activities only; these are spreading over non-traditional manufacturing and service sector as well.

According to experts in financial sector, financial inclusion, a much talked topic now days, will be achieved through SME. LankaBangla Finance Ltd., with the belief of 'Growing Together', has focused in SME business and performed well so far. The division deals with all the activities- sales, marketing, business promotions, relationship management, customer service activities, budgeting, target setting and allocation, and also execution, monitoring and evaluation of sales deals in Small Medium Enterprise Segment. SME Division of LankaBangla had created a sound footprint in the year 2015 and it enjoyed higher growth in every parameter than that of previous year and is expecting to excel further. The division is working on new product introduction, cluster analysis and finding out prospective sectors. Quick Branch expansion of LBFL in district level proves that LBFL is going to develop SME sector in Bangladesh by financing in different kinds of business in widespread urban and rural areas. We are now strongly focusing on Agro processing Finance outside Dhaka and Chittagong metropolitan area and our team is dedicated for working there. Beside this the Division has been arranging campaign, SME Fair, Branding, Mobile lending Officers recruitment, Product diversification for the whole year; A dedicated team for each Branch is working to develop woman entrepreneurship in Bangladesh. LBFL is providing SME finance facilities to different types of sector with increased focus on women. By availing the refinancing facility through Bangladesh Bank, LBFL is able to offer attractive rates for prospective women entrepreneurs of Bangladesh. The Division had introduced Start up Finance product "Somporko" which will be marketing and expanding in full fledge in the year 2016 of all LBFL Branches.

Recognizing human resource as the most valuable soft factor of the organization, LBFL continued to invest to enhance and upgrade skill sets of the people. A significant number of seminars, workshops and trainings has been conducted both in-house and external. Also singed different MoU between different organizations during the year.

Management has a plan to give a special priority on SME Business in the year 2016 and set a huge budget accordingly to support this sector. However in the year 2015 Portfolio growth is almost 242%, Disbursement growth is 297% and NPL restricted within single digit which suggests that the Division is growing in terms of every parameter and a good net profit is going to attain in the year 2016 if the budgeted target is achieved.

SME Portfolio & Disbursement Growth in Last Three Years

A dedicated business, CRM and Operation team of LBFL is beside the SME division to develop the process flow smoothly. The SME Division offers wide range of variety Products like Ahona, Ashtha, Anonnya, Durbar, Abash, Swarnali under the SME umbrella which is doing well in term of feature, rate, marketing etc.

Moreover the SME division is going to focus more in the following issues as per commitment in the year 2016:

- Book quality portfolio
- Reach the budgeted disbursement target
- Strongly follow up the disbursed clients i.e. Regular visit to clients' business outlet
- Increase efficiency for staffs of Recovery & collection team
- Marketing the Start-up Finance product "Somporko"
- Recruit Relationship Executive at each branches

LBFL SME Position at a Glance: (As on 31st Dec 2015)

Figure in million

Liability Management

Liability Management has adopted the strategy to reduce bank borrowing dependencies by increasing core deposits and to balance the heat of extreme volatility of money market. In this regard two separate units have been formed:

- Retail Liability Department
- Corporate Liability Department

Retail Liability

The core objective of Retail Liability Department is to focus on retail deposits. Different Liability products are being offered to customers to cater their requirements. Considering the nature of retail clients and to provide the best customer service through strengthening the relationships, a number of separate retail deposit teams consisting of 330 product marketing

officers have been deployed throughout the branches all over Bangladesh. All members of the teams work under predefined monthly targets.

Corporate Liability

LankaBangla Finance welcomes the opportunity to establish relationships with corporate clients. Over the years we have received large deposits from various corporate houses which benefited us to enrich our portfolio. We understand that our corporate clients seek qualified and committed financial partners for investment of their funds. Our endeavor to reduce bank borrowing dependencies has been facilitated by collecting large corporate deposits. In this regard we have formed a separate corporate team with professional Relationship Officers who are concentrating solely on providing RM based services to corporate houses.

Other Divisions

Treasury & FI

Treasury is a financial hub which operates as a financial clearing house for all other parts of the organization. Treasury ensures the availability of funds at the right time, right place at the possible minimum cost. In LankaBangla the Treasury & FI division is mainly responsible for these activities vis-àvis another core area of concentration is the Balance Sheet management. Treasury & FI division is internally structured in four major units, namely- Asset Liability Management Unit, Money Market Unit, FI & Central Bank Dealings Unit and Capital Market Unit.

Treasury performs its responsibility under two broad heads; treasury front office and treasury mid office. The core functions of Treasury & FI's are as under.

Treasury Front Office

- Significant interactions with various trading and delivery teams
- Money Market Operation, i.e. Dealings with Overnight/ Placement/Treasury Line etc.
- Dealings with Govt. fixed income securities
- Striking of deals (trading) and ensuring profits from trading
- Credit relationship with Banks & FI's
- Seeking the alternate source of fund, e.g. issuing of debt instrument, foreign loan etc.
- Maintenance of CRR & SLR
- Liquidity Management by prudent Cash Management
- Repo & Reverse Repo dealings i.e. ALS/LS, Repo & Special Repo with Central Bank, Interbank repo

Treasury Mid Office

- Set up Treasury policies and strategies
- Monitoring, measurement, analysis and reporting of risks namely

- Interest rate risks
- Liquidity risk
- Asset Liability Management (ALM)

Capital Market Unit

Capital Markets Unit at LankaBangla is responsible for formulating equity and fixed income investment strategies, trading at proprietary fund and effectively managing risks thereon. The portfolio is managed following a rigorous top down-bottom up investment process driven by economic, sector and company fundamental research and technical quantitative analysis.

Operations

LankaBangla, towards its endeavor to the best practices of customer service excellence, effective utilization of time and resources, and high quality corporate governance, has centralized its operational activities under Operations Division with separate reporting line from its business and compliance divisions.

Operations Division takes the ownership of all activities commencing after establishment of a relationship with the customer either in the form of obtaining a loan or opening a deposit or liability account. The operating activities encompass all asset and liability products like corporate finance including factoring of accounts receivables, retail finance including home loan, auto loan, personal loan, credit card, SME finance, retail and corporate deposit, bank borrowing, call loan, capital market investment, etc.

The centralized Operations Division is divided under Departments namely Asset Operations Departments, Legal Affairs Departments, Asset Recovery & Monitoring Departments, Special Asset Management Departments, Liability Operations Departments, Asset Accounts, Maintenance and Treasury Operation Department and Closing & Clearing Departments.

Legal Affairs Departments

The unit looks after Security & Charge Documents Vetting, Property Documents Vetting, Genuineness check of Property Documents, providing legal affairs on the matters of the company, etc.

Collection & Monitoring Department

The unit looks after post disbursement activities like monitoring, collection, early alert raising, etc. until settlement through regular due date and overdue status reminders vide SMS, e-mails, letters, telecommunications, meetings, discussions, visits, etc.

SAM (Special Asset Management) Department

For managing NPL cases, a dedicated unit is in place to directly monitor, put into action and intensify recovery and collection drives through dedicated internal recovery officers and also third party collection service providers, where necessary. Legal Affairs supports SAM Unit with the assistance of leading law firms of the country to ensure all out legal actions for collection.

Liability Operations Department

It deals with Term Deposit (TDR) accounts opening, interest servicing to depositors, loan against TDR, customers' statements, tax certificates and other query servicing, preencashment/ maturity request processing, settlement management, etc.

Treasury Operations Department

It deals with treasury back office activities related to daytoday treasury deals, call money market operations, facilities taken from other banks and financial institutions, capital market investments, and also primary dealership operations.

Asset Accounts Maintenance, Closing and Clearance Department

It deals with a/c maintenance activities like customers query mitigation, providing loan statements, tax certificate, interest rate changes implementation, loan reschedule and restructure implementation, pre-settlement and settlement execution etc.

Finance And Accounts

For ensuring safe, secure, stable & effective financial activities, Finance & Accounts division (FAD) of LankaBangla Finance is operating with utmost efficiency and professionalism under the direct supervision and guidance of the Chief

Financial Officer (CFO). This division provides various financial information to internal and external stakeholders necessary for important decision making. The team working in FAD consists of knowledgeable, proactive, intelligent and dedicated members who have proven track-records of rendering successful and smooth financial operation with due enthusiasm and commitment. Finance and Accounts Division is comprised of 3 major departments which are:

The department also supervises the active directory services, central file server, central anti-virus system, mail services, virtualization technology, local network, branch network, Wi-Fi network, and third party connectivity to ensure a smooth and secure flow of information throughout the corporate network.

Responsibilities of this department includes, but not limited to create and maintain information security framework, ensure IT compliance in respect to Bangladesh Bank ICT guideline, ISO and other international standards. The department provides IT security and awareness training to educate all users who have access to LBFL IT resources and prepare the documentation for IT division such as IT Policy documentation.

Maintenance and Support Department

Duties of this department includes, but not limited to, look after the end user support, preparing desktop and laptops for new users, and maintaining fixed asset register for IT equipment. This department is the first line of contact for IT related support. They also perform periodic audit on IT asset to ensure integrity of IT equipment.

Human Resources

Human Resources Division of LankaBangla Finance Limited is established to not only manage employment life-cycle of the employees starting from strategic human resources planning to separation from the Company but also to engage themselves with the Company, which gives an opportunity to interact with each other, growing bonding among them towards achieving Company's long-term goals.

HR Division stands to ensure right fit for the right position, to take human resource development initiatives according to the needs assessment and also to devise retention strategy and most importantly to create performance driven culture across the Company. In 2015, Human Resource Division was focused on employee engagement activities, developing HR Policies, updating standard operating procedures (SOPs), developing employees through in-house and abroad trainings, signing service level agreements (SLAs) with other Divisions, introducing Reward and Recognition program in Town Hall Meeting, HR automation, introducing e-Learning etc.

Currently, HR Division consists of 03 (three) separate departments namely Recruitment and Learning, Employee Relations and HR Operations. These departments have several units to perform their job in an effective and efficient manner.

Recruitment and Learning has 02 (two) units such as Recruitment which focuses on organizational structure and employee mapping, HR budgeting and organogram updating, job profiling, job advertisement, creating CV bank, monitoring staff requisitions as well as recruitment and selection of suitable and deserving incumbent, etc. The other one is Learning unit which focuses on orientation and foundation training, functional and soft skill training, managerial and leadership training, executive coaching with 360 degree assessment, abroad training and e-Learning.

Employee Relations Department emphases on vision, mission and values of the Company, monitoring employee code of conduct, managing cultural shift, up-gradation of HR policies, HR related survey, organizing different events for employees and their families, managing disciplinary actions, complaint

management, arranging reward and recognition program, signing MOU with different companies for employee discount facilities, issuing monthly HR magazine to let all employee know what is happening around the Company etc.

HR Operations has 02 (two) units such as HR Services that covers HR archive management, data entry, providing service like employee separation and transition activities, leave and attendance administration, HR reporting and insurance management, updating, monitoring and maintaining HRIS. Compensation and Benefits unit focuses on preparing headcount budget and planning, preparing SLAs and SOPs with all divisions of the Company, facilitate the performance evaluations process, payroll processing, commission/incentive processing, managing staff promotion, performance and festival bonus processing, industry survey, staff cost analysis, staff amenities, preparing management reports, HR automation etc.

General & Infrastructure Services

General & Infrastructure Services (GIS) is responsible to ensure the smooth delivery of infrastructure and all kind of logistics support services across the organization in all over Bangladesh. This Division has been structured in 4 different units to ensure the following major tasks:

GIS consists of 4 Units. These are as follows:

- a. Infrastructure Development & Management (IDM)
- b. General Admin
- c. Procurement
- d. Logistics

Infrastructure Development & Management (IDM)

This Unit search and identify the appropriate sites/ locations for the infrastructure set-ups including business and operational outlets Plan, prepare and initiate the project for every infrastructure set-ups. Responsible for the repair and maintenance of LBF's premises and assets (Technical and Non-Technical) after Completion of any project. Different Functional Aspects are Asset Monitoring & Maintenance, Asset Maintenance (Premises, Furniture and Fixture), Asset Maintenance (Technical Assets), Insurance and Legal Affairs.

General Admin

Ensuring smooth operation of reception and front desk of LBFL. Manage the security guard service for LBF through outsourced service providers and directly supervise and monitor the performance of the security guards. All type of insurance coverage of the Organization. Responsible for ensuring the uninterrupted T&T Service for the LBF and provide PABX extension numbers as and when required. Maintain the liaison with Mobile Operators and looks after the routine administrative issues related to mobile communication. Responsible for the operations of LBF's Central Store and ensures the availability of routine consumables in coordination with different Departments and GIS Procurement.

Procurement

This Unit processes and executes all kind of procurement issues of the entire organization across the country through the maintenance of proper accountability and transparency in the process. Plan and prepare the procurement projection of the organization for the routine consumables of LBF in coordination with GIS general admin and other relevant departments. Responsible for vendor management of the organization. Different functional sections of procurement: Capital Assets Procurement, Revenue Items Procurement, Supply Chain Management and Quality Control.

Logistics

Responsible for managing all internal and external logistics requirements in regard to venue management and related entertainments. Such as, AGM, EGM, Town Hall and others. Ensure arrangement of Food and others for Board, Audit Committee, EC Meeting and others as and when required. Beside this unit manages the LBF's pool vehicle fleet, dispatch services, TIN and Trade License of LBFL, drinking water supply. Ensures the recruitment and routine administration of the outsourced staff of the organization in coordination with Human Resources department and outsourced vendor.

Credit Risk Management

In compliance with Enterprise Risk Management strategy, LankaBangla has established an independent Credit Risk Management Division which is separate from business and operations divisions. All credit proposals are independently assessed— different risk factors and mitigation plans are identified in line with company's Board approved credit policy/ PPG. Any findings, be it positive or negative, relevant to make note of, is also highlighted for perusal of the approving authority for consideration.

Credit Risk Management Division regularly monitors the quality of loan portfolio and actively works on Early Alert Reports generated by business/operations units. Analysis on delinquent asset portfolio not only helps to chart the right course of lending but also allows maintaining the NPL at its minimum level. It has become possible, by following Board's guidance and management's strict adherence to corporate lending policy and PPG's for SME and Retail lending products to keep the quality of lending at its best possible profile.

At LankaBangla, industry best practices are implemented to ensure the quality of lending portfolio and relentless effort is in place to retain the culture of applying due diligence at all levels of credit risk management.

Risk Management

Risk Management Division (RMD) at LankaBangla is committed to adopt sound risk management principles and to manage risk in accordance with recognized best practices. In order to deliver this objective a consistent and systematic approach to managing risk is adopted by all staff in all areas of the company's activities. The Risk Management Division is maintaining the highest possible integrity for services provided by LankaBangla & ensures Safeguard company's assets (people, property, reputation and financials). RMD has created an environment where LankaBangla employees assume responsibility for managing Risk and identifying possible risks in their respective areas of control. RMD ensures that LankaBangla management can appropriately maximize its opportunities and minimize its threats. Regular audit from RMD (Risk Management Division) are conducted in addition to central Bank's audit for meticulous compliance of policy issues.

The Risk Management Division which directly reports to the Board Audit Committee (BAC) is divided in 3 (three) departments, namely Internal Audit & Inspection Unit, Enterprise Risk Management Unit and Internal Control & Compliance Unit.

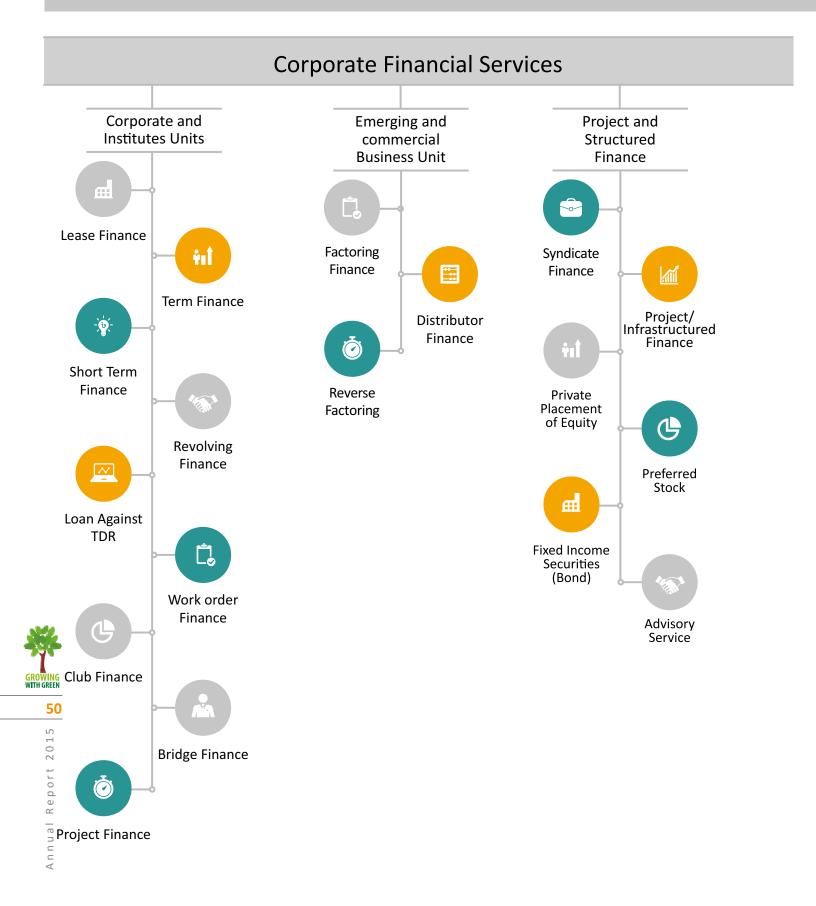

Board Secretariat

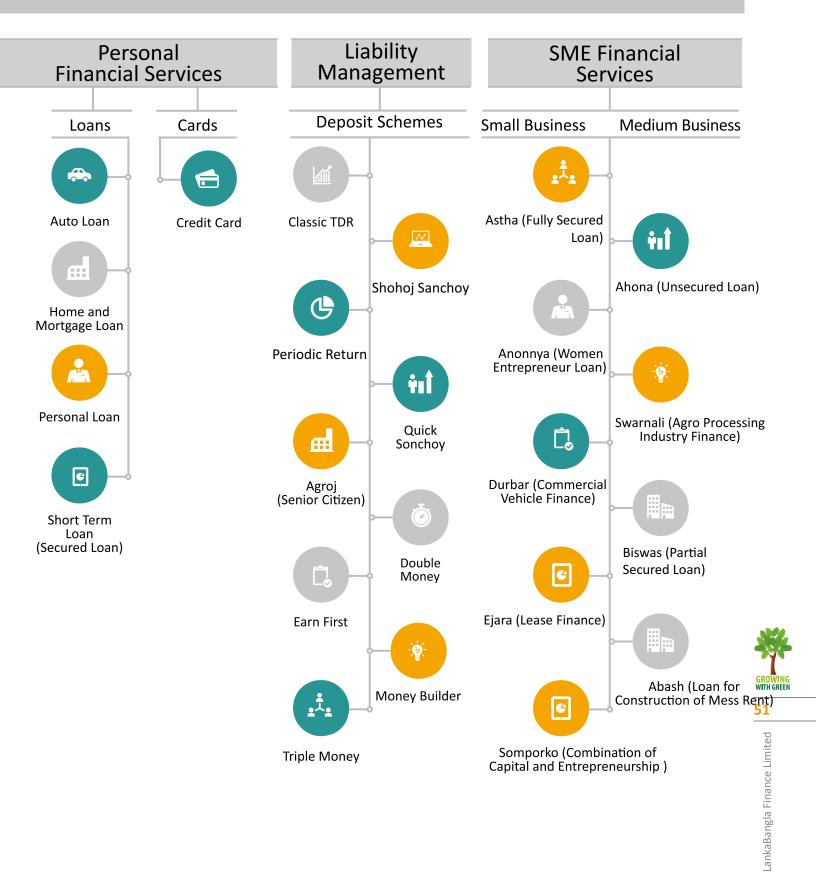

The role of the Board Secretariat Division is to serve as a liaison between the Board of Directors, the management, the shareholders, the regulators and other stakeholders concerning the operations of the Company. The Board Secretariat employees' mission is to assist the Board members and facilitate the management in carrying out their respective roles and responsibilities effectively and to serve the stakeholders by providing required information regarding the activities of LankaBangla Finance Limited (including its subsidiaries) as well as the Board of the respective company.

The Board Secretariat is reportable to the Board and for administrative purpose to the Managing Director. The Board Secretariat is the authorized representative of the Board of Directors. The Board Secretariat is often the first contact point for the shareholders regarding the operation of the Company. Triumph over Barriers

"LankaBangla has been the only solution to my business needs over the years that acted as a true friend and with great loyalty".- s.m Shah Alam

Residing at Dania, Jatrabari on the outskirts of Dhaka city, Mr. S.M Shah Alam nurtured the dream of becoming a successful entrepreneur from his childhood through his family dairy business that his mother Zobeda Begum initiated in the 90's.

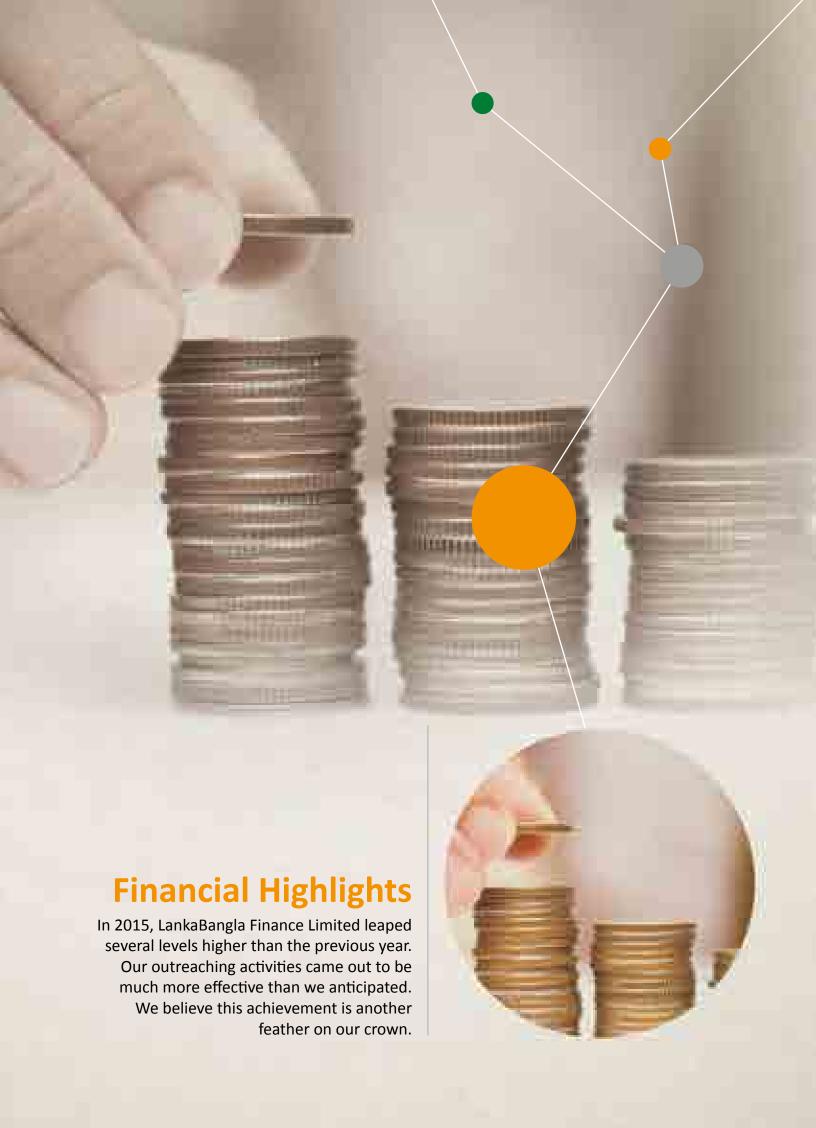

With the objective of attaching financial stability and sustainability to his business, Mr. Alam moved to South Korea in 1999, where he worked in a farm to gain crucial knowledge and working capital for his business. After coming back home in 2007, he re-engaged himself with the business with four cows and a small shed in his homestead area. However, the business demanded immediate expansion; which Mr. Alam could not afford due to financial constraints. His farm was also plagued with foot and mouth diseases (FMD), plunging his business into further jeopardy.

Resolute against what has transpired, he eventually turned to Motijheel Branch of LankaBangla Finance Limited for a term loan of BDT 3.00 million for a span of 3 years. Following positive response from the organization, Mr. Alam concentrated on utilizing the amount for expansion of the business. He rented 8 Katha of land adjacent to his existing farm situated on 5 Katha of land. Besides he repaired the existing cow sheds that were devastated by the recent flood. He employed 3 workers in his farm and increased the number of cows to 50 which are able to provide more than 500 litres of milk every day. He said: "Apart from helping my business growth, LankaBangla is also contributing to the society, as a number of people are engaged with the trading of my milk produce and maintenance of my cow sheds".

Mr. Alam established himself as a righteous and dignified businessman in his local sphere, which enabled him to develop goodwill and strong relationship with local traders. As a result, he was able to trade his production of milk in the wholesale market through local vendors. His dedication and determination to thwart the incessant political turmoil and fierce competitors enabled him to win over the local customer base as well.

As the looming perils of dairy business cleared from the horizon, Mr. Alam expressed his heartfelt gratitude towards LankaBangla Finance Limited, saying: "LankaBangla has been the only solution to my business needs over the years that acted as a true friend and with great loyalty". As the business emerged on a larger scale, his relation with LankaBangla received new impetus. Mr. Alam then applied for another loan under "Swarnali" scheme, to which LankaBangla responded with a further cash roll-out of BDT 2.5 million in January 2016.

Sensing a brighter future for his business, Mr. Shah Alam is more confident about expanding his business with crucial financial assistance from LankaBangla. With LankaBangla on board, Mr. Alam has planned to buy 11 more cows for his farm and to rent more land for the expansion of his shed. Father of a little girl and a boy, Mr. Alam refuses to look back and aims to triumph over every barrier.

Economic Value Added (EVA) Statement

For the year ended 31 December 2015

"Economic value added is a value-based financial performance measure which reflects the absolute amount of shareholders' value created or destroyed during each year. It provides a measurement of a company's economic success or failure over a period of time. Such a yardstick is useful to investors who wish to place confidence with the Company to retain their fund for better earnings as compared to other similar companies or similar industry. Economic value added is calculated by taking a company's net operating profit after tax, subtracting from it, the cost of average equity. EVA is calculated by applying following formula:

EVA = (NOPAT - Cost of average equity)

NOPAT

NOPAT is the net operating profit after tax which is calculated by deducting the income tax expense from operating profit.

	2015	2014	2013
	BDT (Mn)	BDT (Mn)	BDT (Mn)
Operating income	6,237	5,100	5,189
Operating expenses	(5,327)	(4,318)	(3,623)
Operating profit	910	782	1,566
Income tax	(112)	20	(43)
NOPAT	798	803	1,523
Equity			
Shareholders' equity is the total amount of equity at the year end			
plus accumulated provision for doubtful losses.			
	2015	2014	2013
Shareholders' equity at year end	6,262	6,096	6,840
Accumulated provision for doubtful losses	2,600	2,459	1,467
Equity	8,862	8,555	8,307
Average equity			
Average equity is calculated by averaging opening and closing equity	of a year.		
	2015	2014	2013
Shareholders' equity	8,862	8,595	8,307
Average equity	8,708	8,431	7,516
		-,	- ,

Cost of equity

Cost of equity reflects shareholders' expected return. Eventually this is the opportunity cost for shareholders for investing their funds in the company. Interest on 5 years Government Treasury Bond plus a standard risk premium has been assumed to be the cost of equity.

Human Resource Accounting

LankaBangla has always been very passionate about human capital management and takes responsibility for developing employee potentials and leveraging employee skills in the organization. LankaBangla continues to implement HR policies and practices that are aimed at growing and developing employees and ensuring their active contribution towards the achievement of corporate goals. LankaBangla believes that the skills and enthusiasm of its employees are a major force that helps it to achieve sustainable results.

LankaBangla significantly considers human resources at corporate level, professional level, social level and overall national level. In this process LankaBangla not only identify the value of human resources but also identify and report investment made in human resources.

BDT Million

	2014	2015
Total employee benefits	713.58	871.53
Training Cost	9.92	11.74
Employee Benefit Per Employees	20.05	21.74
Training Cost per Employees	0.027	0.028
Gross Revenue per employee	143.30	155.58
Total Expenses per employees	121.32	132.89
Operating cost per employee	36.10	40.21
Operating profit per employees	21.98	22.69

Total value of Human Capital has been ascertained BDT 21,358 million in the year 2015 and BDT 16,834 million in 2014 using present value of future earning model (Lev & Schawrtz) by discounting total benefit payable to employees, which was considered minimum expected benefits for them up to retirement.

	2014	2015
Human Capital (BDT Million)	16,834	20,845
No. of employee	473	520
Per Capita Value (BDT Million)	35.59	40.09

Assumptions used in Human Capital Valuation

 All existing employee will continuously serve the company up to their respective retirement

- Average age of LankaBangla employees is around 33 and hence it has been assumed that present set of employees will serve for another 27 years till the retirement age of 60 years
- Employee payouts include all direct and indirect benefits provided to them
- iv. Annual increment is estimated to be granted at 10% on average over the years
- Only FTEs and BSOs are considered and PMOs are excluded from our calculation as they are not enrolled in the payroll system
- vi. The future benefits of all employees in each year are discounted at 10.98% to calculate present value, which comes with the last on the run 20 years Treasury bond rate plus 2.50% premium for risk
- vii. The value herein is an internal assessment based on above stated assumptions and subject to change for any deviations with the assumptions

As per model we have capitalized the total value of employees as Human Capital. 23.82% growth in the total value of human capital in 2015 over 2014 was due to net addition of 47 head counts of experienced and fresh recruitments that was required for the expansion of the business and ensuring better quality of service as well as customer satisfaction. In this process LankaBangla increased its year to year training expenditure to excel employee performance.

LankaBangla has been developing its strategies for years based on diversification in markets with high growth potential, a customer-centric business model and technology as key elements in order to face the transformation process being experienced in its business segments. Sustaining earnings amidst challenging times and taking result oriented initiatives have helped us to elevate the company performance to the next level.

Dear Stakeholders,

In the name of Allah, the most beneficent and the most merciful.

May peace, mercy and blessings of Almighty Allah be upon you.

It is indeed a great pleasure for me to be here with you in the 19th Annual General Meeting of LankaBangla Finance Limited. On behalf of the Board of Directors and myself, I would like to express my heartfelt thanks and profound gratitude to all of you for your continuous support and guidance in achieving excellence in the performance of the Company. I am pleased to report that during the year 2015, LankaBangla has displayed sustained performance amid a slowing credit market and resultantly we have achieved high operating growth. From the macroeconomic stability perspective, our economy has been witnessing lower inflation, lower current account deficit, robust foreign exchange reserves, contained fiscal deficit, momentum in reforms and therefore, improved growth prospects. Hence, we believe that our economy is better placed for business growth following an interest rate decrease in the economy. Our strong funding position and capacity enhancement enabled us to support borrowers with a more accommodating pricing in loan portfolio.

You will be happy to know that during the year 2015 the Company's standalone net profit after tax increased to highest level of BDT 1,030.01 million which is 58.05% higher over the year 2014. Operating revenue of the Company in 2015 stood at BDT 5,298.00 million which was BDT 4,090.00 million in 2014 reporting 30.00% increase. Operating expenses increased by 33.27% to a level of BDT 957.00 million against last year's amount of BDT of 718.00 million mainly on account of overhead expenses due to significant increase in the physical spread and up-gradation of branch ambience; expected results from which will flow in the coming years. Consolidated profit after tax of the Company stood at BDT 421.00 million in the year 2105 against BDT 454.00 million in the previous year.

Message from the Chairman

Total deposits of your Company have risen to BDT 30,080.86 million indicating 79.94% growth over that of last year's level of BDT 16,717.17 million. Furthermore, it has been able to increase the retail deposits and the deposit profile of your Company shows a significant move away from high cost bulk deposits. Your Company's strength lies in its wide reach covering all strata of society and the trust of the people. Due to this, the customer acquisition growth is also encouraging. Total investment portfolio of your Company has reached to BDT 47,605.00 million at the end of 2015 which was BDT 37,119.00 million at the end of 2014. Your Company has strengthened its reach by adding its network; three nos. of branches have been opened during the year 2015 at potential areas to capture emerging customers and three more branches are in the process of opening.

Risk is inevitable in the lending business and hence, a sound risk management framework is the touchstone of an efficient organization. Your Company has robust architecture to address various risks inherent in its business. The architecture includes mechanism of defining risk appetite, its monitoring, reporting and review. The objective of the architecture is to ensure that the asset quality is sustained against economic shocks and sufficient capital buffers are available to withstand those.

During the year 2015, there was sizable improvement in NPL status of the Company which is represented in its NPL ratio being decreased to 3.72% from previous year's 5.08%. Special efforts were given during the year to reduce the NPL to a sizable extent in comparison to the industry.

Capital Adequacy Ratio of your Company stood at 14.17% as against Bangladesh Bank's stipulation of 10.00%. LankaBangla has taken necessary measures to remain compliant, in line with the regulatory requirements, with regard to its forecasted future growth.

LankaBangla through LB Foundation has extended its support for underprivileged people of the community in particular to ensure their education, health and living. In 2015, we have extended support to unprivileged brilliant students to pursue their education, organized tree plantation program for protecting environmental and ecological degradation, distributed blankets among the poor people to protect them from cold wave, promoted creativity and cultural development of children through arranging art competition. We have also considerably achieved efficient business operations and conscience corporate governance and compliance to facilitate smooth and effective business. As a result we have been able to contribute for our sustainable society.

The Board of Directors of your Company believes in maintaining consistent dividend policy. Accordingly, considering the capital structure of the Company as well as future business plan the Board has recommended 15.00% cash dividend and 15.00% stock dividend for the year 2015.

I am very pleased to inform you that LankaBangla Finance Limited became the winner of the SAFA, an Apex Body of the South Asian Association for Regional Co-operation (SAARC), under Financial Service sector for the year 2014. LankaBangla Finance Limited was also adjudged as the recipient of SAFA award as overall winner for the year 2014 among all nine categories. This is a great achievement and matter of prestige and honour for the company. We believe that it will boost up the company's corporate image and elevate its brand value. Our

subsidiary company LankaBangla Securities Limited achieved certificate for outstanding performance securing 1st position in terms of turnover for consecutive eight years from 2006 to 2014 by Dhaka Stock Exchange (DSE) and for consecutive nine years from 2005 to 2014 by Chittagong Stock Exchange (CSE).

LankaBangla will continue to focus on further strengthening its capital and funding position so as to grow its business sustainably with better profitability. We are confident that with the strategic focus on people, processes and technology your Company will remain in the leadership position in the emerging business environment. To respond to increasing competition and other challenges, LankaBangla will make its business model more cost efficient and try to improve its earnings through an optimum mix of interest income and non-interest income. Keeping this in mind your Company is well positioned for growth during the year 2016. In the current economic environment, we will consolidate its positions by preserving healthy ratios and improve it further to ensure buoyant growth in its profitability and return.

I would like to thank the employees without whose efforts and commitment your Company would not be able to hold this strong position. I also like to extend my gratitude to Bangladesh Bank, Bangladesh Securities and Exchange Commission, Dhaka Stock Exchange Limited, Chittagong Stock Exchange Limited, Registrar of Joint Stock Companies and Firms, National Board of Revenue and all other regulatory authorities for their valuable guidance, support and co-operation. Finally, we stay committed to serve all of our stakeholders. On behalf of the Board of Directors, I pledge that we will continue to add value for the shareholders through execution of prudent business strategies whilst ensuring that we contribute towards the achievement of national priorities.

We are encouraged by and grateful for the ongoing support of all our shareholders. I solicit your continued co-operation and patronage in future also.

With warm regards,

Yours sincerely,

Mohammad A. Moyeen

Chairman

In2016,LankaBangla is entering to another growth trajectory. With a larger platform we are well positioned for large scale expansion of our personal financial services and SME financial services. We have been emerging as customer centric financial institution with full range of financial services.

Dear Stakeholders,

2015 was another year of economic progress for Bangladesh achieving 6.51% real GDP growth surpassing other regional peers. Bangladesh has seen low inflationary environment, high surge in FOREX reserve, relatively stable exchange rate even in global currency market shake ups. Government was less dependent on the banking sector for credit while private sector credit started only slowly picking up. Money market was very vibrant and rate structure has been revised downward several times.

Prices for Brent crude, the global standard, have fallen well below U.S. \$100 per barrel in the past two years. According to data from the Organization for Petroleum Exporting Countries (OPEC), the price for a barrel of Brent crude was selling for \$38 in December 2015 compared with \$111 per barrel in December 2013. There was no pass through of international prices and no price reform was evident in Bangladesh but lower oil price made subsidies disappear. This is not crude oil but industrial metals like aluminum, steel, copper, platinum, and palladium have collapsed horrendously in 2015. Bear story was also for agricultural commodities and for other major Bangladeshi imports. Falling commodity prices on global market has been pushing inflation downwards. Inflation (point to point) stood at 6.10% in Dec'15 which was 6.11% in Dec'14. Sliding prices offer a unique opportunity for Bangladesh to spend on much-needed infrastructure and growth projects without fuelling inflation.

Bangladesh Bank (BB) will maintain accommodative monetary policy stance in 2016. The latest MPS for H2 FY16 was a very growth supporting. Policy rates have been reduced by 50 basis points after almost 3 years. Stable political environment coupled with the huge excess liquidity in the banking system is expected to further reduce banks' lending rates and boost lending and investments. During FY15, the total credit to the private sector recorded 13.2% growth Y-o-Y, while in the first 5 months of FY16, the growth was 13.8% Y-o-Y. Business confidence is improving and the stable exchange rate has led to higher import of machineries. We expect the businesses are ready to start take off in another phase of expansion and prosperity taking the advantage of the falling interest rates.

Being a growth partner of the business operating in Bangladesh, LankaBangla Finance Limited has been able to increase capacity and established platform for high frequency lending in Retail and SME business. Alongside, Corporate Financial Services is well positioned itself for financing in the large projects syndication, structuring and corporate lending.

In 2015, with relentless efforts, well laid-out retail platform and a large number of corporate relationships, we could grow far ahead than our industry peers. Our disbursement growth in 2015 is 81.92% higher than 2014. We have disbursed BDT 35,770 million in 2015, which was BDT 19,750 million in 2014. Investment portfolio reached BDT 42,600 million in 2015 compared to BDT 31,228 million in 2014. Thus, the interest revenue growth has also been impressive. With appropriate borrowing mix and strategies, we could reduce our cost of fund by 9.23% in 2015.

Public Deposit sources was our key of fund in 2015 During the year deposit portfolio has been increased by BDT 13,364 million and posted an 79.94% year-on-year growth. 70.94% of which is Public deposit. With appropriate borrowing mix and effective strategies we have reduced our cost of fund by 13.25% which came down to 9.23% at the end of 2015 from 10.64% in 2014. Treasury at LankaBangla is using its expertise successfully and made good spread by taking arbitrage opportunities thereby enabling the company to improve its revenue.

In 2015, LankaBangla earned a net profit of BDT 1030.01 million as against BDT 651.72 million in 2014 registering an impressive growth of 58.05%. Total loans, advances and leases grew 48.43% and reached BDT 36,018.82 million at the end of 2015 which was BDT 24,265.99 million in 2014.

We have earned consolidated pretax profit BDT 533 million in 2015 against BDT 434 million in the previous year. The consolidated net profit after tax stood at BDT 421 million registering a growth of -7.28% than 2014. The consolidated earnings per share during the year under review was BDT 1.76 compared to previous year's BDT 1.84. Our consolidated investment portfolio grew 28.25% and reached to BDT 37,119 million in 2015 as against BDT 47,605 million in 2014.

Risk Management unit of LankaBangla has been further strengthened this year and our capital adequacy ratio (CAR) reached to 14.17% well above the regulatory threshold.

In 2015, we focused heavily on personal financial services and SME financial services. Credit card has emerged as a unique strength of LankaBangla and our client base is growing sharply. With outstanding execution of the plan our personal financial services portfolio grew at an impressive 64% rate. Credit card portfolio of LankaBangla reached to BDT 1,629.93 million in 2015 and registered a growth of 25.91%. Auto Loan business has been grown at a staggering rate of 184.45% in

2015 and portfolio reached to BDT 3091.24 million from BDT 1675.90 million in 2014.

SME financial services is now well set up for high volume business. In 2015, SME portfolio grew 241%. We would be focusing high on SME in 2016.

Corporate financial services grew 35% amid weak business case country wide. We have been mandated to work as arranger for a large scale green financing project and participated in a few project syndications. We are also working as an arranger in zero coupon bonds and commercial papers.

In capital markets front, we are maintaining our leadership in both stock broking and investment banking. LankaBangla Securities Limited was one again top brokerage in 2015 and is strengthening its research base and IT infrastructure. As a prominent investment bank, LankaBangla Investments Limited successfully completed several mandates. The company successfully managed IPO of a power generation and distribution company under book building system.

We also have a deep and abiding commitment to the environment and the underprivileged. We have adopted green office guide for the best utilization of natural resources. Our CSR initiative has broadened its landscape.

In pursuit to a knowledge based working environment and sustainable stewardship in human resources, LankaBangla has taken various leadership fostering programs in 2015. The financial services industry we serve requires professionally skilled and equally ethical personnel. We are increasing knowledge sharing and training programs to enhance professional capabilities of the employees. We are striving to uphold professional ethics of our people while ensuring transparency in the operational policies, guidelines and procedures.

In 2016, we would try to eliminate all non-value added costs to restrain our cost to income ratio at desired level. Branch network would be further widening to reach even the distant customers. In 2016, four new branches would be opened in four major townships of the country. Our investments in technology would be growing in coming days to give customers financial services in a finger touch.

My heartfelt gratitude to our shareholders for their continued confidence and trust they put in the company. Our customers have always been our inspiration and we are also committed to provide top notch service to our customers in coming days. Special thanks to all of my fellow colleagues for their teamwork with sincerity, diligence and utmost professionalism. I do also express my gratitude to our lenders, depositors, regulators and other stakeholders for their continued support and cooperation. I believe all of our stakeholders would be growing together hand in hand with a sense of ownership in LankaBangla family.

Thank you!

Mohammed Nasir Uddin Chowdhury

Managing Director & CEO

Breaking New Grounds

"When I needed the financial support for my business the most, LankaBangla stood beside me. I hope that they will continue to be a part of my success story." -Md. Shamsul Huda

It was the year of 1999. In a quiet village of Madhabdi Sadar, Narshingdi, a pioneering entrepreneur named Md. Shamsul Huda set up a clothing accessories manufacturing facility named Tanvir Textile. With an initial capital of 2 lac taka, he purchased 4 sewing machines to make trouser pockets and mosquito nets. Despite of numerous challenges along with fiercely competitive market and limitations with new market acquisition, Mr. Tanvir steadily took his business forward. Advisor adviser

However, Mr. Huda's clients were persistently looking for better quality and bulk production from his end, which he was unable to deliver due to financial constraints and technological limitations of his old machines. Besides, the infiltration of cloth brokers in the local market escalated as a monumental challenge before Mr. Huda, leaving his access into the mainstream marketplace a tough ask.

Undeterred by the obstacle, Mr. Huda pledged to defy the norms of the market and decided to reinvest his profit amount into the business. With his integrity and meticulous growth process, Mr. Huda managed to procure a total of 18 machines by 2015. However, it was difficult to attain business growth with the shoestring budget available at his disposal. To break the shackles of financial deficiency, Mr. Huda approached LankaBangla for a term loan of 15 lac taka. Considering the growth potential and range of his business, Mr. Huda was granted a loan of 6 lac taka payable by 24 straight instalments within 2 years.

Rejuvenated by the help extended by LankaBangla, Mr. Huda applied the best of his efforts into the business. He made room at his own house where production started in full swing. Gradually, he included a new array of technologically advanced machines to produce finer clothing accessories.

The new injection of capital helped Mr. Huda to purchase 6 more machines. He also conjoined an extra 2 decimals of land to extend 8 the decimals of existing floor area of his mill. The new monetary disbursement helped him diversify his product range and take pre orders from the wholesale dealers. Ultimately, with a fresh new impetus to his business, Mr. Huda developed a harmonious business relationship with Lanka-Bangla. Commenting on how LankaBangla's support helped transform his business, Mr. Huda said: "When I needed the financial support for my business the most, LankaBangla stood beside me. I hope that they will continue to be a part of my success story."

Currently, Mr. Huda employs 12 experienced people in his clothing factory who can produce a minimum of 15,000 meters of clothing accessories every week. Through his business acumen and widespread reputation, Mr. Huda has managed to attract a number of wholesalers across the country who travel to Madhabdi Bazar every week with a view to collecting clothing goods from him.

Apart from investing the loan amount into his business, Mr. Huda used it to construct a two-storeyd building as well; where he lives with his wife and 3 children. All of them attend school and the eldest son helps Mr. Huda with his business as well

"I dream of a better tomorrow, where I can see my business flourishing to its full potential. I wish to approach LankaBangla again for the financial support that can fulfil my dream in near future", Mr. Huda says. The dreams of Mr. Shamsul Huda, with help from LankaBangla, could bring forward ground-breaking changes in the lives of many more of his peers.

Sustainability Report

"Our long term objective is to stimulate growth and provide lending and capital into the economy, but responsible lending is the primary target, to build long-term trust."

Mohammed Nasir Uddin Chowdhury

Managing Director and CEO

Our corporate vision "To be the most preferred financial service provider in establishing, nurturing and maximizing value to the stakeholders, thereby, GROWING TOGETHER" is the foundation of our sustainability vision. Sustainability is therefore an integral component of the business model we pursue.

Our sustainability thinking encompasses socially, economically and environmentally beneficial approach to growth, the triple bottom line of sustainability. Sustainable development is an area of continuous concern in strategic discussions which is highlighted and prioritized when objectives and goals are set, at LankaBangla. This is incorporated with governance and accountability arrangements and risk management.

Sustainability is now the primary moral and economic imperative and it is one of the most important sources of both opportunities and risks for businesses. Nature, society and business are interconnected in complex ways that need to be understood by decision makers. Incremental changes towards sustainability are not sufficient, we need a fundamental shift in the way companies and directors act and organize themselves. Some companies have figured out how to benefit from the trend and some companies have not. Sustainability scholars argue that sustainability issues will force a fundamental change for business as did globalization and information technology. Those companies that are not able to adapt, will not survive. The year started with promises and ended with even more but the system is still in recovery. We know that LankaBangla exists in a sector that faces challenges, but we are committed to playing a leadership role. We are encouraged that we have always structured our business practices to make dealings fairer for our customers and our communities. Our strategy is simple, the company's success is dependent on the success and fortune of our customers and the communities we live and work in. We only succeed when they do.

We always agree in building prosperity by supporting a broad range of causes through donation, sponsorship and supporting helpless peoples. We encourage our employees to participate in social and charitable programs. As a part of its social responsibility, the Company contributes to various funds, flood affected people, to hospitals and to the people who were affected by the natural calamities. We believe that sustainable economic growth and a healthy environment are inter-linked. We take supportive role in terms of providing financial services by restricting and discouraging those projects that cause pollution for environment and health hazard.

At the outset it can be demonstrated that as corporate participant, we recognize that, we have responsibilities to the development of the society and the country as a whole. We aspire to be known as an institution that builds enduring relationship with and delivers value for our clients, shareholders, employees and the community where we work, where we live. At LankaBangla, we define sustainability in the broadest possible terms. It is about conducting our dayto-day business the right way and continuing to play a part in addressing some of the biggest challenges faced by society. First and foremost however, we need to get the basics right for our customers.

Like previous years, during 2015, we have continued to build a sustainable business in which our clients have confidence, our employees can take pride and our neighbouring community get better livelihood. We remain committed to provide our customers superior and unparalleled experience in the financial industry in Bangladesh. LankaBangla is developing and offering financial products and services that directly or indirectly lead to long-term environmental benefit and social development. We are committed to provide financial services to a wider section of population. Within a short span of time our operational branch network have reached 15 and we are moving ahead with further expansion plan. In 2016, another 4 new branches would be opened in four important townships for better customer reach.

Striking the right balance between the financial wellbeing of our different stakeholder groups is at times, quite challenging. That is why we are committed to maintaining an honest and transparent dialogue with all of our stakeholders, to continually revisit our policies and practices in light of the company's environment, social and economic impacts. We host regular themed sessions with external stakeholders, where participants have the opportunity to speak directly to the Board on wide-ranging issues. With an increasing focus on ethics and sustainability, the priority of the Board of Directors is to assess and encourage the work of the executive team in building an institution that puts customers' interests first and embeds sustainable banking into everything that we are acting with integrity is imperative to everything we do. It underpins our work, our relationships and the products and services we provide. Everyone in the company is expected to behave with integrity and we have comprehensive policies/ frameworks and compliance measures as well. In addition to that, we have education programs to support our people in maintaining the highest professional standards. The institution is committed to a stance of zero tolerance to bribery and corruption, including facilitation payments across all areas of the business, regardless of jurisdiction.

We are always keen to build deposits to reduce Bank dependencies. Our progress in this are in the outgoing year is commendable. Our deposit base grew 79.77% in 2015 and most of the deposits are core in nature. Sustainable banking depends on some key parameters. Deposits are first and predominant one. This improvement made change in

borrowing mix, which from one side helping in reducing cost of fund and from another side is a sign of people's confidence in LankaBangla brand in a relatively weak market scenario.

The 1211 employees of LankaBangla nationwide are our greatest asset, we say it often and with good reason. It is only with their determination and dedication that we can serve our clients, generate long-term value for our shareholders and make lasting contributions to our communities. At the core of our efforts is a focus on nurturing and sustaining a diverse workplace, because we have experienced the power of bringing different perspectives a to address the complex and diverse situations our clients face. We recognize the significance of employee engagement and have continued to work towards creating a culture of trust and team spirit. The company's commitment to diversity, inclusion and excellence is pivotal to success and contributes to our culture of innovation. We encourage our people to participate in development programs to ensure that they are equipped with the tools they need to succeed. At LankaBangla, we pursue to instill the values in our people that will encourage them to respect and abide by the social, economic and environmental commitment of the institution. A total of 129 training programs involving 17,014 man-hours of training were executed during the year. These programs were categorized as in-house, external and overseas training. Given the company's strong commitment towards developing a learning culture.

Innovation is an integral part of how we deliver on our vision to excel at securing and enhancing the financial well-being of people, businesses and communities. For LankaBangla, innovation is about seeing things from the customer's point of view and giving customers the technologies and services that fundamentally change the way they access and manage their finances, for the better. Continuing from the year before we established full-fledged contact center at LankaBangla to connect with our customers in real time for providing financial services, 24/7. With modern IVR (Interactive Voice Response) technology our contact center is the first one in Non-Bank Financial Institutions industry. The contact center is handling customer complaints, raising product awareness by providing product specific information, generating sales references and contributing effectively in preventing fraud of credit card transactions.

At LankaBangla, we have long acknowledged that a healthy environment is the foundation for economic progress and the well-being of society. As a leading financial institution, we are committed to finding market solutions that benefit the environment. As per our long term commitment to our community we continued to invest both in nurturing underprivileged people of our society and in the environment we breathe. We provide loans to customers carrying out environmental and social due diligence. In all credit delivery points, we have instructed to go for financing in eco-friendly and environmentally sustainable business activities and energy efficient industries. Environmental infrastructures projects i.e. clean water supply, waste water treatment plants, solid and hazardous waste disposal plants, Effluent Treatment Plants, Bio-gas plants, Bio-fertilizer plants and energy efficient/low carbon emission projects like Auto Bricks using Hybrid Hoffman Kiln, Vertical Kiln, Zig-Zag Kiln etc. are encouraged in our credit policy and we will finance in these projects with top priority.

We at LankaBangla recognize our capacity to achieve the ultimate goal of creating both social and business value by incorporating social and environmental responsibility into our fundamental business operations and stakeholder management. Like the outgoing years, we are strongly motivated to deliver to all sub-divisions of society and through careful customer segmentation provide financial access and services across the continuum of socio demographic groups.

Mohammed Nasir Uddin Chowdhury

Managing Director & CEO

Directors' Report

Dear Shareholders,

On behalf of the Board of Directors of LankaBangla Finance Limited, I am very happy to welcome you in the 19th Annual General Meeting of the Company. The Board of Directors takes pleasure in presenting the Annual Report for the year ended December 31, 2015 which includes reports on business strategy and review, risk management, corporate governance, separate and consolidated audited financial statements, investor relations and a sustainability supplement. This Annual Report has been prepared in compliance with Companies Act 1994, Financial Institutions Act 1993 and the Guidelines issued by Bangladesh Securities and Exchange Commission, Bangladesh Bank and other regulatory authorities.

In the year 2015, LankaBangla Finance Limited recorded remarkable growth in its core business. With good penetration in loan products, LankaBangla made good profit growth in 2015.

I am pleased to report that during the year 2015, LankaBangla Finance Limited earned after tax net profit of BDT 1,030 million, meeting or exceeding all financial and operational objectives. These results continue to demonstrate that we have the right strategy and we are executing it well.

World Economy

Global growth continued to disappoint in 2015 as resulted from continued slowing down of economic activity in emerging and developing economies amid further drops in commodity prices, restrained global trade, stretches of financial market volatility, and weakening capital flows. In contrast, the recovery in major high-income countries gained traction last year. This has been increasingly driven by stronger domestic demand, particularly in the United States, where employment conditions are robust. In the Euro Area, credit growth is improving and unemployment is declining. The recovery remains fragile in Japan despite substantial policy stimulus. With external demand negatively affected by a slowdown in large emerging market economies, growth forecasts across major high-income economies in 2016 have been shaded down, but growth should still show some improvement from 2015.

GDP growth					
	2013	2014	2015	2016E	2017E
World	2.4	2.6	2.4	2.9	3.1
USA	1.5	2.4	2.5	2.7	2.4
Euro Area	-0.2	0.9	1.5	2.7	2.4
Developing Countries	5.3	4.9	4.3	4.8	5.3

Source: World Bank

Global growth is estimated to pick up at a considerably slower pace than previously projected, aiming 2.9 percent in 2016 and 3.1 percent in 2017-18. Global inflation is expected to rise moderately in 2016 as commodity prices level off, but will remain low by historical standards. However, 2016 growth

forecasts for high-income countries have been marked down in view of the effect on the United States of dollar appreciation and the impact on Japan of slowing trade in Asia. Conditions for a continued but weak upturn in the Euro Area still appear in place, despite soft external demand and rising geopolitical concerns. Although gradually dissipating, legacies from the global financial crisis continue to be felt across high-income countries, limiting both aggregate demand and the underlying growth potential of these economies.

Regional Economy

GDP growth in South Asia rose from 6.8 percent in 2014 to 7.0 percent in 2015, the fastest rate among developing regions, as recovery took place in India, and as the region benefited from lower oil prices and improved resilience to external setbacks. A moderate further acceleration in economic activity is projected, with regional growth rising to 7.3 percent in 2016, supported by strengthening investment and a broadly supportive policy environment.

GDP growth (%) in South Asian Region									
	2013	2014	2015	2016E	2017E				
South Asia	6.2	6.8	7.0	7.3	7.5				
Bangladesh	6.1	6.5	6.5	6.7	6.8				
India	6.9	7.3	7.3	7.8	7.9				
Pakistan	4.4	4.7	5.5	5.5	5.4				

Source: World Bank

The region also has comparatively limited trade exposure to slowing demand in major emerging markets, and as a net importer of oil will continue to be benefited from low global energy prices. Generalized weakness in the global trading environment, and indirect spillovers from slower growth in major developing economies are expected to partly offset the positive impulse to exports from high-income country demand.

Growth in the region is expected to edge up, reaching 7.5 percent by 2017, driven mainly by domestic demand. Investment growth is expected to continue strengthening in India due to government efforts to accelerate infrastructure development and boost Public Private Partnerships (PPPs), and in Pakistan due to CPEC (China Pakistan Economic Corridor) implementation. In Bangladesh and Sri Lanka, public sector wage increases and an easing of political tensions or uncertainty should bolster private consumption.

World Commodity Price

Commodity prices continued to fall in the fourth quarter of 2015, reflecting abundant supplies, weaker growth prospects in emerging economies, and a strong U.S. dollar. One of the largest declines was in crude oil, which fell from \$51 per barrel (pbl) in early October to less than \$30/pbl in mid-January. For 2015 as a whole, energy prices plunged by 45 percent from the previous year, while non-energy commodity prices declined by 15 percent. Most price forecasts have been

Commodity	Unit	2014	2015	2016E	2017E	2018E

Bangladesh Economy

The target of growth in the budget for FY 2015-16 has been set at 7.0 percent which appears to be ambitious like the previous year's target growth of 7.3%. The historical track record shows that the government has not only failed to achieve such high rate of growth in its previous budgets, but also the country has been experiencing a decelerating rate of growth in the last three fiscal years.

In the FY 2015-16, the economy of Bangladesh has to deal with a number of economic bottlenecks. Inadequate savings and investment and increasing gap between these two appeared to be the major challenges in the economy. In addition, lack of any significant breakthrough in agriculture as regards innovation and technological advancement in the post-green revolution period, unsatisfactory rate of growth in manufacturing and lack of employment opportunity in the sector causing higher unemployment rate, lack of investment in skill development in the service sector has caused the real sector to decelerate.

GDP Growth and Sector Growth Rate (%)

Source: Bangladesh Bureau of Statistics

Fiscal Management

Budget for FY'16 has been marked high ambition with a vision of attaining the middle income goal. The budget size is BDT

2951.00 billion which is 23.1% higher compared to FY'15's revised budget. It has revenue target of BDT 2084.43 billion which is 27.6% higher than that of the FY15's revised budget.

Gross Domestic Product (GDP) has been estimated to grow at a rate of 7% in FY'16, marked down slightly from the previous year's target of 7.3%.

Budget deficit is projected to be BDT 866.57 billion. Of this deficit, BDT 385.23 billion will be collected from bank borrowing, BDT 180.0 billion will be collected from savings certificates and other non-banking source and remaining BDT 301.3 billion will be backed by the external sources. High Dependence on banking system in financing the deficit may cause private investments to fall further and inflationary pressure to rise in the current fiscal year.

Dudget Deuticuleus	FY	15	FY 16	Croudh
Budget Particulars	Actual	Revised	Actual	Growth
Budget Size	2,505.1	2,396.7	2,951.0	23.1%
Target Revenue	1,829.5	1,633.7	2,084.3	27.6%
Budget Deficit	675.5	763.0	866.6	13.6%
Bank Borrowing	312.2	317.1	385.2	21.5%
Non-Bank Borrowing	120.6	230.0	180.0	-21.7%
External Source	242.8	215.8	301.3	39.6%

Inflation Target	6.0%	7.0%	6.2%	-

Source: Ministry of Finance, (Amount in billions)

Current Account Balance

At the end of FY2015, current account balance was negative for the first time since FY2005. The Current account Balance stood at BDT negative 178 billion. This was mainly due to low level of growth in export earnings and high growth in import payments. The export earnings witnessed 6.7% negative growth over the previous fiscal year (2013-14).

Monthly Export 2014-15 (USD Million)

Source: Bangladesh Bank

Import

Total Import of the country stood at USD 40.58 billion by the end of 2014-15, which was USD 40.73 billion in 2013-14.

Total import of the country witnessed insignificant 0.004% negative growth over the previous fiscal year (2013-14). Import Growth was relatively constant throughout the period

89

but there was a significant fall in unit price of key imported products (i.e. POL, fertilizer, food grains, raw cotton, etc.) in the global market. Also exchange rates of BDT against currencies of major trading partners somewhat appreciated which contributed to the situation.

Monthly Import 2014-15 (USD Million)

Source: Bangladesh Bank

Remittance Inflow

Inflow of remittance returned to its positive growth in 2014-15 after experiencing a major setback in 2013-14, according to CPD. Remittance inflow increased by 7.6% in 2014-15 whereas it declined by 1.3% in 2013-14. Increase in the overseas employment, about 13.0% growth, as well as reopening of the Saudi market in 2015 will positively impact the remittance inflow in near future.

Foreign Exchange Reserve

Foreign exchange reserve has continued its increasing momentum in 2014-15. Foreign exchange reserve has reached a peak of USD 25.03 billion in June 2015, which is around 16.4% higher than last year's reserve of USD 21.50 billion. Normal export growth and relatively low import has helped the foreign currency reserve to build up. Taka has gained strength in 2014-15 against USD, and we expect BDT to remain stable against USD in 2016.

Inflation

Inflationary state of the country experienced a consistent decline in the first half of the year 2014-15. However, the situation perceived a rising movement during February-April period due to supply chain disruption by violence, strikes and blockades.

Average inflation decreased from 7.4% in 2013-14 to 6.4% in 2013-14. On point to point basis, in June 2015 inflation rate was 6.3% which was 7.0% in June 2014. Non-food inflation was on the rise due to higher domestic demand. Conversely, food inflation has sharply declined to 6.7% in June 2015 (from 8.6% in June 2014) in the face of disruptions.

Money Market

The money market also went through significant change in 2015. Overall interest rates received significant fall. Government bond operation was suspended for a couple of months. Reverse repo operation was reduced with higher borrowing through low yielding BB-bill.

Bangladesh Bank (BB) will maintain accommodative monetary policy stance in 2016. The latest MPS for H2 FY16 was a very growth supporting one. Policy rates have been reduced by 50 basis points after almost 3 years. This, coupled with the huge excess liquidity in the banking system is expected to further reduce banks' lending rates and boost investments. As the economy is on the way to recovery, credit growth has been slowly picking up. During FY15, the total credit to the private sector recorded 13.2% growth year over year. Business confidence is improving and the stable exchange rate has led to higher import of machineries. The falling interest rates will boost private credit growth next year.

Outlook for Bangladesh Economy in 2016

The year 2015 ended with some positive notes for Bangladesh economy, though challenges continue to accompany them. 2016 will, to a large degree, be shaped on the basis of how the economy has performed and what have been achieved in 2015. The political turmoil, amidst the protest of the opposition party, demanding free and fair elections marked the beginning of the preceding year.

Although, overall investment remains stable at around 28-29 percent of the GDP, private investment has been stagnant during the last five years. Reversing the stagnant private investment trend will be a key challenge for realizing not only the growth target of the FY16 budget but also that of the next years. Ensuring single digit lending rate, uninterrupted supply of electricity and gas and establishment of specialized economic zone are necessary in order to spur private investments.

Although, rational monetary policy has helped push the lending rate down but rising non-performing loans especially by the state-owned banks still act as a major impediment to realize the desired level.

Increased infrastructure spending and public sector wage hikes in the country are expected to keep growth high over the medium term, but also to widen the Fiscal deficit. An amendment to labor laws in September that strengthened workers' rights and workplace safety should assist export performance, particularly in view of retaining Generalized System of Preferences (GSP) in United States.

Large Fiscal deficits outpouring risks that rising government borrowing will crowd out private investment.

Principal Activities

The principal activities of LankaBangla Finance Limited and its subsidiaries during the year 2015 were lease finance, term finance, mortgage financing, credit card operation, SME, auto loan, personal loan, factoring, brokerage services, merchant banking, asset management services etc. There were no significant changes in the nature of principal activities of the Company and its subsidiaries during the year under review.

Corporate Governance

In the management of the Company, the Directors have placed emphasis on confirming to the best corporate

Risk and Internal Control

The Board considers that strong internal controls are integral part of sound management of the Company. It is committed to maintain strict financial, operational and risk management control of all of its activities.

The directors are ultimately responsible for the Company's system of internal control and for reviewing its effectiveness. Such a system is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and can provide only reasonable not absolute assurance against material misstatement or loss. There is an ongoing process for identifying, recording, evaluating and managing the risk that are faced by the Company and the directors have reviewed the process through the Audit Committee.

The board of directors is satisfied with the effectiveness of the system of the internal control for the year under review and up to the date of approval of the financial statements.

Financial Risk Management

The Company's management has overall responsibility for the establishment and oversight of its risk management framework. The Company's management policies are established to identify and analyze the risk faced by the Company to set appropriate risk limit and controls and to monitor risk. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Company has provided in a separate note to the financial statements the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risks and management of its capital.

Financial Review of 2015

Even though the political turmoil early in 2015 adversely affected private investment and exports among other areas, the economic growth in Bangladesh held up well subsequently because of brisk domestic demand, boosted by higher worker remittances, private sector wages, and public investment. As such, LankaBangla also exhibited a substantial progress in many of the business lines during 2015. Total asset of the group grew by 28% from BDT 39 billion in 2014 to BDT 50 billion in 2015. Significant amount of disbursements were made in Corporate, Retail and SME business. Furthermore cautious investment in capital market and correct on time decisions have led to an overall success for the company. Cost of borrowing has reduced from 10.62% in 2014 to 9.23% in 2015. This is due to the settlement of high cost bank

borrowing and increase in public deposit. Decreased cost to income ratio is the result of increased efficiency and better utilization of the company's resources.

Total disbursement of LankaBangla Finance grew by 81% compared to 2014, largely on the back of stronger performance across all our business divisions and through increased concentration on due diligence in credit approval. The total disbursed amount in 2015 was BDT 35,770 million compared to BDT 19,750 million in 2014. In line with our long term strategy, we penetrated the liability market strongly with the focus on increasing our retail customer base by offering attractive rates and ensuring quality customer services. On the deposit side, our total deposits grew by 80% from BDT 16,717 million in 2014 to BDT 30,081 million in 2015, largely driven by our strong liability sales team who has provided uncompromising service. New customer friendly products have been introduced in 2015 in adherence to all the regulations stipulated by the Bangladesh Bank. The company's investment portfolio reached BDT 42,600 million in 2015 compared to BDT 31,228 million in 2014. NPL showed a positive picture as the percentage of classified loans for the company decreased to 3.72% in 2015 compared to 4.80% in 2014.

Consolidated operating revenue stands at BDT 2,522 million while operating expenses of BDT 1,612 million were incurred. Consolidated net profit after tax is reported at BDT 421 million. Return on average equity was 6.81% during 2015 for the group and Consolidated Earnings per Share (EPS) stood at BDT 1.76. NPL ratio for the group stood at 3.20% at the end of the year, which fell from 4.05% in 2014.

Segment Report for the year 2015

The outgoing year was very challenging and successful so-far for LankaBangla Finance Limited due to significant initiative in business expansion and accelerated growth in business disbursement. A stunning performance was achieved overall across all of the segments of the Company in the year 2015. Business segmentwise performance report is given in the page 233.

Performance Reporting by Business Segment

Amidst a challenging environment not considered as conducive for business growth in the economy, all of our business segments continued to operate with firm commitment to be a supportive growth partner of our clients' business initiatives. We accelerated our initiative and achieved a disbursement growth over the last year. Business segment-wise performance report is given below:

Core Business Review

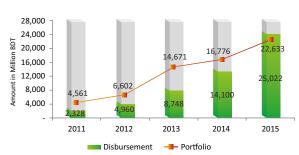

Corporate Financial Services

LankaBangla's focus on extending its Corporate Business portfolio has continued throughout 2015. A total of BDT 25,022 million of corporate lending has been disbursed in the year compared to BDT 14,100 million in 2014. Of the total disbursement in 2015, BDT 7,750 million was Transitory Finance. Annual growth of total disbursement of Corporate stands at 77%. Moreover, while the budgeted disbursement

target in 2015 was BDT 18,041 million, it has exceeded the target by 39%. Disbursement in 2015 was driven mostly by Transitory Finance, Term Loan and Factoring.

Retail Financial Services

During the year 2015, the Company has continued to concentrate more on this segment by expanding several branches and increasing manpower in retail financial activities. Total BDT 8,720 million was disbursed during 2015 under retail financial services in the form of auto loan, home loan, personal loan, credit card and staff loan. The amount of disbursement helped the Company to achieve 70% yearly growth in this segment and exceeded the budgeted disbursement by 21%.

Home Loan

Total Home Loan disbursement in 2015 was BDT 1,800 million comprising of Mortgage Loan of 1,714 million and Staff Home Loan of BDT 86 million. Home Loan portfolio grew by 47% in 2015, the same growth that was achieved in 2014 as well.

Auto Loan

In 2015, BDT 2,008 million has been disbursed as auto loan compared to 1,077 million in 2014 resulting in a 86% growth in disbursement. Also the auto loan portfolio grew by 84% in 2015 from BDT 1,676 million in 2014 to BDT 3,091 million in 2015.

Personal Loan

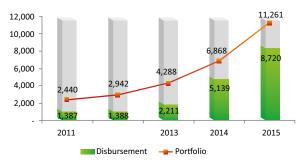

Disbursement of Personal Loan has been strong in 2015 with a total figure of BDT 1,874 million. The Personal Loan portfolio is comprised of Loan against Deposit, Term Loan and Staff Loan. Portfolio for the Personal Loan in 2015 was BDT 2,241 million, which grew by 131% from BDT 971 million in 2014.

Credit Card

During 2015, a total of 15,828 new credit cards were issued by LankaBangla. The card portfolio grew by 26% in 2015 to BDT 1,630 million from BDT 1,295 million in 2014. Number of active credit card users has increased from 27,363 in 2014 to 39,108 in 2015 resulting in a growth of 43%. Monthly average spending by all credit card users has significantly increased in 2015 in comparison to previous year due to Company's prudent strategies to motivate customers to use LBFL's card by giving various promotional offers including attractive discounts in prominent outlets, gifts, etc. Average monthly

credit card usage in 2015 has increased to BDT 253 million from BDT 182 million in 2014 resulting in a growth of 39%.

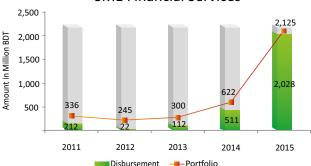

Retail Financial Services

SME

SME, the heart of growth of economies worldwide, is emerging as the most powerful and sustainable pillars of Bangladesh economy. Our country is moving towards SME led industrial development, and as such growth of SME Financial Service in LankaBangla Finance is also noteworthy. In 2015, SME loan disbursement of BDT 2,028 million has been made compared to BDT 511 million in 2014, thereby resulting in a 297% growth. At the end of 2015, SME portfolio stood at BDT 2,125 million compared to BDT 622 million in 2014 resulting in 241% growth in portfolio. Management has taken a series of strategies to foster more disbursement in this sector and boost the portfolio size to a sizeable amount as this sector is less rate sensitive and more profitable.

SME Financial Services

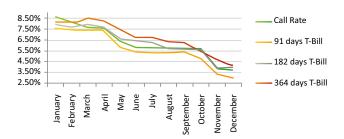

Treasury Operations

In view of the rising market risk and the Company's ambitious growth trajectory, Treasury in LankaBangla assumed greater importance. Treasury is using its internal expertise successfully in reading the market, gaining market entry in a timely manner and availing itself of arbitrage opportunities thereby enabling the company to improve its revenue. It is also engaged in increasing the sources of funding, proprietary trading, as well as managing the maturity mismatches arising from short-term financing to long term lending in its attempt to sustain the Company's margins.

The Treasury function in LankaBangla is overseen by the Asset and Liability Management Committee (ALCO) which holds the overall responsibility of managing the Assets and Liabilities of the Company. By providing the necessary information in relation to interest rates and carrying out liquidity gap analysis, stress testing on rate sensitive assets and liabilities,

Call Rate & Cash Market Securities

Using the liquidity of the economy to shape the funding mix

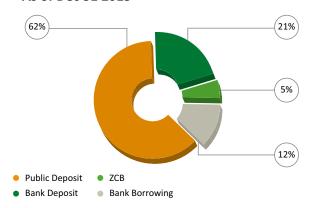

2015 started with an unrest political environment that hurt the confidence of the business community throughout the year. Ample net foreign Assets that increase the money supply steadily continue the liquidity condition of the economy as there has limited demand for credit. Surplus Liquidity which started in 2014 poses a new challenge for most of the Treasurer in the Banking and Non-Banking sector.

In absent of quality investment opportunities Bank went for Reverse Repo with Central Bank at 5.25% rate. Central Bank at the third quarter declined most of the bids from commercial Banks for Reverse Repo. Consequence of which Bangladesh Bank reduced Policy rates (Repo rate & Reverse Repo rate) by 50 basis points at MPS of H2 FY 2016.

Yield of both Treasury Bills & Bonds dropped significantly in 2015. Rate of 91 days T-Bill came down to 3% from 8% in one year whereas 20 years T-Bond decreased to 8.99% from 12.05% or a 25.39% fall.

The inter-bank call money market remained liquid and stable in 2015. Naturally call money rate dropped to 3% level at the end of the year which was around 8% one year back.

As of Dec 31 2015

We were very prudent to place our self to take the advantage of liquidity condition. Deposit was our key sources of fund especially public deposit. Diversification of the company's funding base was core focus to our balance sheet management strategy. Customer deposits provide large pools of stable funding to support the majority of lending. We accessed a

diversified funding base by way of debt issuances in 2014. We maintained a substantial portfolio of liquid unutilized available credit facility that can be realized if liquidity stress occurs.

Liability Division did an excellent job to mobilize deposit and as of December 31, 2015 our Term Deposit portfolio stood at BDT 30,081 million. During the year deposit portfolio has been increased by BDT 13,364 million and posted a 79.94% year-on-year growth. 74.3% of total deposit as on 31 December 2015 was Public deposit (Corporate and Retail).

We continued our drive to reduce the dependency on high cost long term bank borrowing. As a part of our strategy, we settled another BDT 1,870.29 million term loan in 2015 that contributed to reduce our cost of borrowing to some extent. We increased our money market exposure through overnight/call borrowing and Treasury placement forms in the year 2015. We take the advantages of low cost Treasury fund by increasing our Bank deposit significantly. Our Bank Deposit registered a growth of 105% in 2015 whereas traditional Bank Borrowing decreased to 12.32% of total borrowing mix in 2015 from 25.12% of 2014.

Managing Cost of Fund

We managed to reduce our overall cost of fund substantially and gained a lift in margin (NIM), which has directly improved our profitability in 2015. Interest expense to income ration in 2015 has come down to 69.89% which was 71.93% in 2014. By using maximum exposure of Money Market, we reduced our cost of fund to 9.15% from 10.62% in 2015, an overall reduction of 14% whereas the market cost of fund reduced to 8.96% from 9.82% or 8.75% (Ref: Cost of Fund Index of Bangladesh Bank). Interest expense has grown only 22% against the 38% total asset growth (48.00% portfolio growth).

ALM desk was busy throughout the year 2015 to adopt proactive policy measures to bring down the cost of borrowing to an optimum level and cut interest rates on customer deposits several times commensurate with the market. Maximum utilization of money market exposure and declining rate of deposits kept the major impact to reduce overall cost of fund.

Liquidity Management

We maintained a portion of credit facility always unutilized to support cash management in the event of an unforeseen interruption of cash flow. In addition, Treasury maintained the liquidity ratio prescribed by Bangladesh Bank.

The Company's liquidity management process, as carried out within Treasury, includes:

- Day-to-day funding, managed by monitoring future cash flows to ensure that requirements can be met. This includes replenishment of funds as they mature or is borrowed by customers
- Maintaining a portfolio of highly marketable assets that can easily be liquidated as protection against any unforeseen interruption to cash flow;
- Monitoring the liquidity ratios of the Statement of Financial Position against internal and regulatory requirements; and Managing the concentration and profile of debt maturities

Monitoring and reporting take the form of cash flow

measurement and projections for the next day, week and month respectively, as these are key periods for liquidity management. The starting point for those projections is an analysis of the contractual maturity of the financial obligations and the expected collection date of the financial assets. Treasury also monitors unmatched medium-term assets, the level and type of undrawn lending commitments, the usage of overdraft facilities and the impact of contingent liabilities.

Holding of Govt. Securities and Investment in Treasury & Other Equity Securities

We played a very successful year in term of profit that we registered from the trading of Govt Securities. Bangladesh Bank in its letter vide DMD-136/2014-1399 as on July 27, 2014 has withdrawn the Primary Dealership (PD) license of all NBFI PD's. Management decided to wash out holding of Govt. Securities immediate to this decision. Treasury was looking for an opportunity and as a result of it, we successfully offloaded our holding of BDT 1,009.1 million Govt. securities in August and September 2015. We sold our total holding of 15 & 20 years Bonds when Yield of those securities came down to 7.85% & 8.20% respectively and made a handsome amount of profit.

Besides this specific deal, we made several other transactions in secondary market and established LankaBangla as a regular player in secondary market of Govt. securities.

Capital Market/Investment Activities

Despite of huge down turn in the capital market (negative return of 6.3% with index fall of 311.87 points), we successfully consolidate our positions in capital market investment in 2015. We have made some major rebalancing in the portfolio and have taken a few strategic investments. We are quite optimistic in reaping impressive returns from our positions in

coming years. Moreover we started to take position in a new venture in economy namely Commercial Paper. We are very much calculative in back end but at the same time aggressive to some extent to invest in commercial paper.

Thinking future

One of the key initiatives planned for the year 2016 by the Treasury division is the implementation of Transfer Pricing policy. The objective of introducing the proposed "Matching Fund Transfer Pricing System" is to centralize the market risk. It will also facilitate assessing customer wise /deal wise profitability, enabling LankaBangla Finance Ltd to be more competitive in its pricing.

With the objective of optimizing the Company's funding mix, the Treasury is expecting to pursue foreign funding during the year ahead. The Cost of Funds is also anticipated to come down with the diversification of the Company's' funding portfolio.

Human Capital

Key performance indicators of HR practices and decent work responsibility

Employment: Total by Employee type, Region and Gender

The tables and graphs given below provide information on total workforce by region, employment type, age analysis, service analysis, gender.

LankaBangla has opened one new branch in 2014 and one branch in Bogra & Barishal respectively in 2015 to serve the countrymen. Now the total number of branches stood 13 with 1 Booth in Dhaka. More new branches are in pipe line for opening.

New Employees Hired

LBFL is a performance driven organization. We have focused more on improving the performance of the employees rather than recruiting new employees to generate our business. During the period 2015, we have hired 134 new employees which is 31.34% less than 2014. Details of which by employee grade are given below:

Catanana	No. of Employees Hired			
Category	2015	2014		
Management Cadre	89	134		
Non-Management Cadre	45	42		
TOTAL	134	176		

Employees Attrition

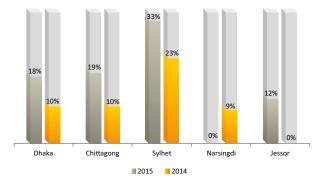

Due to market competitiveness and improved employment opportunity, attrition rate has increased significantly. A total of 89 nos. of employees has resigned from service during the year under review which includes both full time employees and contractual employees comparing to 46 nos. of resignations in 2014. It is to be noted that out of 89 employees, 15 has joined as Management Cadre from Non-Management cadre. So we can say that the real attrition rate

for the year 2015 is 14% comparing to 10% in 2014. Of the total employees resigned, 87% were male and only 13% were female which is 2% lower than 2014.

Benefits Policy and Regime

The company follows a policy of continuous improvement in respect of the working lives of its employees. In addition to this, Lanka Bangla Finance Limited has taken further steps to enhance the facilities and benefits afforded to its staff:

- Festival Bonus
- Provident Fund
- Gratuity
- Staff loan facility at concessionary interest rate
- Home loan facility at concessionary interest rate
- Medical benefits enjoyed by all employees including life insurance and hospitalization insurance to tide over any personal exigency
- Annual increment
- Performance related bonus
- Mobile allowance for all permanent employees
- Motorcycle for employees who need to visit outside office in regular basis
- Travel allowance & daily allowance
- Cost sharing for Professional qualification
- Fuel allowance and transport allowance
- Disturbance allowance for temporary transfer
- Reward and Recognition is created to set up a systematic process of expressing appreciation for employee's hard work, dedication and contribution to the company
- LBFL plans, designs and arranges various job specific soft skills and technical training based on individual need assessment and business requirement
- E-Learning for all Management Cadres
- Orientation program for all employees (Management Cadres & Non-Management Cadres)

Occupational Health and Safety- Employee Representation on Health and Safety Committees

LBFL and all of its employees are to protect and enhance the environment in which they live. All will comply with all laws and strive to do more. LBFL do not compromise safety or environmental protection for profit. LBFL believes environmental stewardship as an obligation and support this commitment with the necessary personnel and financial resources.

The following principles will guide and measure our corporate goals and objectives in Health, Safety and Environment:

- We are committed to continuously improving our Health,
 Safety and Environment performance
- We will continually promote employee safety on and off the job
- We conduct our business so it meets or exceeds all applicable laws and regulations and minimises risk to our employees, the public and the environment
- We will endeavour to do business with companies and contractors that share our expectations for Health, Safety and Environment performance and commitment and we will regularly assess their performance

- We will use our influence with companies in which we have partial ownership so that they will want to meet the Health, Safety and Environment Commitment of the Company
- We believe all employees are responsible and accountable for Health, Safety and Environment performance

LBFL provides the training necessary to ensure that all the Company personnel are sensitive to the importance of our Health, Safety and Environment policy, understand the nature of the laws and regulations that govern our activities and have skills to implement our policy and comply with Health, Safety and Environment requirements.

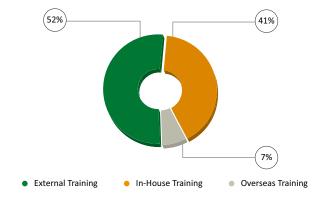

Learning & Development

Learning and Professional Development

LankaBangla Finance Limited is dedicated to improving the professional competencies and performance of all its employees. In the year under review, the company spent a total of BDT 6.98 million on training and education programs for employees. All employees are subject to an annual performance review, at which they receive feedback on their performance and their development needs and potential as identified by the reviewers.

Since 2011, the company has followed a systematic approach to the identification of high performers among its employees. Through training; leadership competencies are identified and a pool of talent is created to serve the long term needs of the Company.

A total of 129 training programs involving 17,014 man-hours of training were executed during the year. These programs were categorized as in-house, external and overseas training. Given the company's strong commitment towards developing a learning culture, it is pertinent to note that employees underwent a total of 17,014 man-hours of training during the year on various knowledge-building programs whereas it was 13,978 man-hours in 2014.

2015				2014			
Training Type	No. of Programs	No. of Participants	Person Hours	No. of Programs	No. of Participants	Person Hours

TOTAL	129	1,855	17,014	102	1,105	13,978	

Composition of Training Program

It is to be mentioned that, LBFL has focused more on internal training than external training in the year under review. We have prepared our own customized course contents and hired specialist for those programs. In 2014, of the total training, 21% was in-house training, 71% was external training and rests were overseas training. But this composition has significantly changed regarding in-house and external training in 2015.

Training Hours by Employee Grade

This year, we have provided training to our subsidiaries as well. Because we believe in "Growing Together". We will conduct more training in our subsidiaries in the coming years.

Catagoni	201	.5	2014		
Category	Male	Female	Male	Female

TOTAL	15,628	1,386	12,908	1,070	

Our Investment on Training

To further strengthen the staff development process, the company increased its investment on training from BDT 5.77 million in 2014 to BDT 6.98 million in 2015. This approximately 21% increase will also support our intensive efforts to improve customer experience across all business units, with long term benefits accruing to the company. In 2015, we have also launched E-Learning training system for our Management Cadres.

Career Development Review

All employees of the company irrespective of their race, caste or gender received formal performance and career development reviews during 2015. Annual performance reviews and the reviews conducted upon completion of probationary periods help the company in identifying and enhancing the salient skills and developing them as needed. A significant number of contractual employees have been absorbed under Management Cadre in 2015.

In the coming year, steps will be taken to further enhance productivity, including a closer alignment of the workforce plan with the business plan.

Feedback received during the employee engagement survey identified specific areas where action is needed. This includes devising viable career paths for all staff categories; improving process efficiency by effecting transfers with a minimum of disruption to the business; developing service level agreement at all levels, reducing turnaround time for service delivery and improving the support services available to employees.

We are working on creating an internal talent pool that is competent to fill the vacancies that we currently have in some positions, by enhancing managerial competencies through specific development interventions and by fast-tracking employees with high potential as well as by maintaining transparency with respect to the career progression and mobility for all staff. We will also strive to improve engagement amongst less productive staff.

LankaBangla Finance Limited will continue to benchmark and provide a fair and attractive compensation package for all levels of staff, while improving the quality of the staff appraisal process.

Information Technology

Information Technology (IT) Division plans, operates and supports organization's IT infrastructure, enabling business users to carry out their roles efficiently, productively and securely. The division must meet multiple business and technical requirements, provide a secure IT infrastructure and minimize costs.

At LankaBangla about 1000 workstations are connected to its corporate network. Currently we have 14 branch locations and 13 different floors at head office. All branch network, local network, lease lines, internet connectivity, central data center are maintained and administered by the Network Infrastructure and Security Department. Core Banking Solutions, Credit Card System, and all other in-house and outsourced software and applications are maintained and administered by the Database Administration Department.

IT division is constantly working towards the development and implementation of new technologies to enable the organization meeting future market demand. In the year 2015

IT division has successfully completed the following project –

- Secondary MIP setup for MasterCard at Jessore
- Branch network migration
- Head office network migration
- Data center network migration
- Controller based Wireless Network System for MD office
- Up-gradation of virtualization server to accommodate more virtual machine in order to save energy and cost
- Separate power backup facility for data center with redundant online UPS
- 3 new branch setup and installation
- Enhancement of Customer Management Software (CMS)
- Launched Mobile Application for customers
- All branch migration to Core Banking System (BankUltimus)

- New release implementation of BankUltimus
- Launched dashboard SPORSHO to accumulate important links in single page
- Launched e-Learning portal for internal employees
- E-Statement for MasterCard customers
- EnaDoc, the Document Management Solution for storing digital copies of all important documents
- Integration of e-Tendering in LBFL website

To go further and to meet the growing demand of new technologies in business we have initiated some major projects for the year 2016 that includes –

- MasterCard Software up-gradation to version 4 to have updated features of PRIME
- Implementation of Web Gateway for secured and managed Internet Access
- Implementation of Advanced Backup Solution for archiving business critical data
- Implementation of Storage Solution for DC and DR
- Placement of Network Traffic Analyzer for filtering network traffic to ensure secure communication across the corporate network
- Deployment of new Virtualization Server for enhancing services
- Email system migration to Microsoft Exchange 2013
- Centralized Print Solution with secured access to print device
- Setup of Disaster Recovery Site at Jessore
- MasterCard 2 Factor Authentication
- i-Banking / i-Account module deployment in Core Banking System
- Implementation of new Enterprise Recourse Planning (ERP) software
- DR setup for PRIME
- · e-Ticketing system for IT Helpdesk

Subsidiaries Operation

LankaBangla Securities Limited (LBSL) is a subsidiary of LankaBangla Finance Limited, a leading equity brokerage house in the country with a diverse clientele of institutions, high net worth individuals, foreign funds and retail investors. The company has the distinction of being the largest broking house in terms of transaction value in Dhaka Stock Exchange Limited for last six years and Chittagong Stock Exchange Limited for last seven years. LBSL has achieved much recognition for its professionalism in its trade execution capability and settlement procedures & cutting edge sell side research base. LankaBangla Securities Limited posted after tax net profit of BDT 52.53 million which was BDT 311.22million in the year 2014.

Another subsidiary of LankaBangla Finance Limited namely LankaBangla Investments Limited has already been successful in establishing itself as one of the country's premier merchant banks. LBIL offers a wide range of investment management

services i.e. corporate advisory and consulting for business development, mergers & acquisition, financial restructuring, issue management, portfolio management and so forth. During the year 2015 LankaBangla Investments Limited has incurred net loss of BDT 520.64 million as against net loss after tax amounting to BDT 337.89 million in 2014.

LankaBangla Assets Management Company Limited, a fully owned subsidiary of LankaBangla Finance Limited has posted after tax net profit of BDT 42.77 million which was 8.89 million in the year 2014.

Branch Operation

During the year 2015 we have focused in covering wide range of geographic territory. Chittagong and Sylhet branch had good business performance in 2015. In 2015, we have opened the branches at Mirpur, Bogra and Barisal to facilitate the growing financial need in that area and in 2016 we have planned to open our branches at Mymensing, Rajshahi, Khulna, Narayangonj and Chowmuhoni to covering the commercial hub in of the country.

Financial result and proposed dividend and appropriation of profit

The Company posted pretax profit for the year end 2015 amounting to BDT 1,046 million, indicating increase in growth of 125% from BDT 465 million in 2014 while net profit after tax increased by 58% from BDT 1,030 million of 2014 to BDT 652 million in 2014.

2015 was a challenging year towards the growth & prosperity. Considering the overall environment of financial market, current financial strength of the Company, and future investment prospect, the Board is recommending stock dividend at the rate of 15% accompanied by 15% cash dividend for the year 2015. The Directors are pleased to report the financial results for the year 2015 and recommend the following appropriations:

Net profit after tax for the year 2015	1,030,013,524
Retained earnings brought forward	2,064,661,706
Profit available for appropriation	3,094,675,231
Less: Statutory Reserve	206,002,705
Amount available for declaration of	2,888,672,526
Dividend	2,888,672,526
Less: Proposed Dividend	
Stock Dividend (15%)	360,965,151
Cash Dividend (15%)	360,965,151
Retained earnings carried forward	2,166,742,224

Key Operating and Financial Data

Key operating and financial data for last five years as per Notification No. SEC/CMRRCD/2006-158/129/Admin/44 dated 07 August 2012 is shown in page 61.

Plan for Utilization of Undistributed Profits

The Company requires substantial funds every year to carry out its regular business operation. The undistributed profits will be utilized to disburse fund for its new investments and will be used to meet contingencies in future as authorized

under Article 100 of the Schedule I of the Companies Act 1994. Additionally with this retention a reasonable debt equity ratio would be maintained & the borrowing power of the Company would enhance.

Related Party Disclosure

The directors have also disclosed the transactions, if any, that could be classified as related party transactions in terms of Bangladesh Accounting Standard - 24: "Related party disclosures" which is adopted in the preparation of financial statements. Those transactions disclosed by the directors are given in the note- 37 to the financial statements.

Directors' remuneration

Details of directors' emoluments paid during the year are given in notes- 28 to the financial statements.

Contribution to National Exchequer

With a view to assist the Government in building up revenues and thus contribute to the economic development of the Country, LankaBangla Finance deposits taxes regularly to the National Exchequer by way of collection of income taxes and VAT at sources from various payments and also deposits of income taxes of the Company on its income.

Future Outlook 2015

As the political regime is more stable now and business confidence is rising, we expect a higher economic growth in FY16. Both ADB and World Bank in their latest estimates reflected this view projecting 6.7% GDP growth in FY16, while the Government of Bangladesh (GoB) targets a bit higher at 7.0%.

Falling commodity prices on global market has been pushing inflation downwards regime. Inflation (point to point) stood at 6.10% in Dec'15 which was 6.11% in Dec'14. We are expecting the government to cut down local oil prices soon.

We anticipate lower remittance growth due to revenue loss by the Middle Eastern oil exporting and currency devaluation in Asia Pacific Region. We think Low commodity prices will help to nullify some effects of public sector pay rise and keep inflation under control. Low inflation and upward revision of salary structure of public employees will boost domestic consumption. Latest figure per capita GNI of USD 1,310 is a sign of peoples' ability has increased and would increase aggregate demand in the economy. We expect this higher consumption to translate into higher corporate profitability in 2016.

As it was in the case of last few monetary policies, we expect Bangladesh Bank (BB) will maintain accommodative monetary policy stance in 2016. The latest MPS for H2FY16 was a very growth supporting one. Policy rates have been reduced by 50 basis points after almost 3 years. This, coupled with the huge excess liquidity in the banking system is expected to further reduce banks' lending rates and boost investments.

As the economy is on the way to recovery, credit growth has been slowly picking up. During FY15, total credit to the private sector recorded 13.2% growth Y-o-Y, while in the first 5 months of 2015, the growth was 13.8% Y-o-Y. Business confidence is improving and the stable exchange rate has led

to higher import of machineries. The falling interest rates will boost private credit growth next year.

We project single-digit growth in foreign trade of Bangladesh in 2016. Import in value is likely to be slow in the next couple of years, driven by lower fuel and commodity price but performance would be encouraging in terms of volume. Export, however, is expected to grow at a higher pace, mainly driven by RMG export, the biggest item in the export basket, which is getting traction again in the international market.

Current account balance (CAB) dropped to the negative territory in FY15 with USD 1650 mn deficit. Widened trade deficit due to slower export growth, rising import growth, and low remittance growth were the reasons behind this negative CAB. However, we are expecting positive CAB for FY16 as exports are on a rising trend, import bill is expected to be reduced, and remittance is expected to receive a marginal growth in FY16.

The FOREX reserve of the country hit USD 27.45 bn in Dec'15, a record high. This amount is adequate to meet more than 7 months of import bill. We predict BDT to largely remain stable against USD helped by this large reserve and lower oil prices. However, BDT might experience a little depreciation against USD considering our expectation about the external sector. However, we believe, a small depreciation within people's expectations and below panic levels might actually have greater upside potential than downside risk.

We believe, 2016 is another challenging year for lending business as business confidence is slowly rising and current liquidity position will persist. Government borrowing from banking system will not crowd out private sector lending. We forecast that the country's aggregate credit demand will start to grow up from the second half of 2016 and downward trending interest rate will continue but the intensity of the falling rates may reduce.

Considering this outlook, LBFL has already chalked out short and medium term strategy to put all efforts to achieve the business volumes targeted by all the departments as well as to realize the corporate objectives. Innovative and relentless marketing drive would be put in place to attract quality assets in our portfolio and to improve the quality of the existing portfolio.

Material changes after Balance Sheet date (December 31,

There have been no material changes and commitments between the end of 2015 and the date of this report, affecting the financial position of the Company.

Code of Conduct

The Board has laid down a code of conduct for the Board members. Acknowledgement

The Board of Directors takes this opportunity of expressing its heart-felt appreciation and gratitude to the valued clients, depositors, lenders, bankers, patrons and business partners for their continued support and cooperation. The Board also expresses its deepest gratitude to Bangladesh Bank, Bangladesh Securities & Exchange Commission (SEC), Dhaka Stock Exchange (DSE), Chittagong Stock Exchange (CSE),

Registrar of Joint Stock Companies and Firms, National Board of Revenue (NBR) and other regulatory bodies for their help, assistance, valuable guidance and advice being extended to the Company from time to time. The Board also thanks M/s ACNABIN, the Auditors of the Company, for their efforts for timely completion of audits.

Since 2006, LankaBangla Finance Limited has recorded rapid and consistent growth, outperforming its competitors. One of the major reasons for this success was possible with a strong work ethic which has improved productivity at all levels. My high and sincere appreciation, on behalf of the Board of Directors, is due to the management and all members of staff of the Company, for their outstanding efforts, loyalty, sincere services and dedication.

I would like to take this opportunity to thank my colleagues on Board, who have extended their highest cooperation, in the face of adverse internal and external conditions, and made the year 2015 another year of success for the Company. Finally, the Board of Directors thank the respected shareholders and assure them that they will continue to add to maximize the shareholders' wealth through further strengthening and development of the Company in which they have placed their trust and confidence.

I take this opportunity to thank you for the confidence you have placed in our Company and for your continued support over the years. Together we can make a difference.

For and on behalf of the Board of Directors

Mohammad A Moyeen

Chairman

Subsidiary Companies

LankaBangla Securities Limited

LankaBangla Securities Ltd (LBSL)'s scrupulous investment in time and labor to create a better investment pathway for their clientele in the Bangladesh Stock Market has made them become the leading equity brokerage house in the country.

LBSL began as Vanik Bangladesh Securities Ltd in 1997 with their activities confined only within the Chittagong Stock Exchange (CSE) Ltd. A year later, they made a step ahead and introduced themselves to the Dhaka Stock Exchange (DSE). They re branded themselves as LankaBangla Securities Ltd. in 2005 following a restructuring of the company.

At LankaBangla Securities Ltd., they specialize in developing the country's most efficient stock brokerage workforce with unmatched skills and consummate perfectionism. Also, in whichever corner of the country the customers are, LBSL gets them covered as they could find their 10 branches spread in the leading cities and townships countrywide.

LBSL is the leader in terms of customer transactions. That's why they are again crowned as the largest brokerage house in terms of transaction value for the 9th consecutive time in DSE and 10th in CSE in 2014.

Quality, convenience, and reliability are some things that they provide the customers at the highest level they can expect from their broker and that is the key that LBSL has such a strong network of key clients all over the world. Furthermore, the local and international recognitions from financial institutions, custodian banks, corporations, international fund managers, and other fellow brokers for their professionalism has laid the foundation of their strength and further success.

LBSL is a 90.91% owned subsidiary of LankaBangla Finance Ltd (LBFL) which is one of the leading listed non banking financial institutions in Bangladesh engaged in Leasing financing, Consumer financing, Merchant Banking, Corporate Financing, Corporate Advisory and M&A; LBFL is shared by a group of highly successful local business entrepreneurs of Bangladesh, the Sampath Bank Limited of Sri Lanka, the One Bank Limited of Bangladesh, and the general mass. With all these on the back, LBSL is undoubtedly a global one which knows the customer preferences, acts on the clientele choice, and guarantees the most comfortable investment environment while the clients choose to invest in Bangladesh. Recent historical volatility in the stock market has tested the mettle of all participants. Adherence to upholding utmost integrity of stock market, loyalty to the clients, state of the art information technology and above all robust internal control and firm wide risk management system has severed and will continue to server, cement, and enhance the position of LankaBangla Securities Ltd in Bangladesh Capital Market.

Services

Brokerage Services

LBSL provides "Trade Execution Service" for its clients in Dhaka and Chittagong Stock Exchange. They trade in the portfolio accounts maintained with LankaBangla Investments Limited and IDLC Finance Ltd as well as they provide custodial services to clients for safe custody of securities. In addition, they provide extended credit facilities through their margin trading services.

Trading Facility through NITA (Non Resident Investor's Taka Account)

LBSL has been successfully providing services of NITA Trading through which Non-Resident Bangladeshis (NRBs) are able to transact under Non-resident Investor's Taka Account (NITA). The company is also dedicated to use extensive recourses to offer new products and services to the existing clients and also to attract new clients. The choice of an object oriented approach and using the latest technology has given them the flexibility to extend their product and service range as well as ensuring performance, security and scalability.

Internet-based Services

LBSL has adopted Internet trading facilities for its distance clients for trade execution. LBSL's step toward Internet trading is not only enriching the door of potential clientele but also ensuring the company's participation in the overall development of Bangladesh Capital Market. The company has been successfully running the Order Management System (OMS) with Chittagong Stock Exchange through API to provide DMA (Direct Market Access) facility to the Dealers as well as investors. This is the first time in Bangladesh to provide DMA through Broker House instead of exchange provided application. It offers multi-channel e-trading to its customers (web, mobile, client server) and advantages of Multi Asset Class (Equity, Derivatives, Bond, Commodity, etc) trading option, smart order routing, multiple exchanges and Cross Border supported application, MIS & centralized risk management. It has ability to create interfaces to other systems such as accounting systems, banking solutions and depository systems; and real time access charting with strategies, indicators and patterns. The Algo trading (VWAP, TAWP, POV, IS, etc) and STP-Gate/FIX protocol supported system is the advanced option for the futuristic capital market. It requires Ultra low latency bandwidth and configurable network architecture for Broker and Investors. The LBSL OMS is the open platform to integrate with other stock exchange trading engine. It is the new milestone for the capital market in Bangladesh. Dealers and inventors can place the order based on conditions and strategies using real time

technical analysis and risk management. Also, LankaBangla Financial Portal is providing "Investor Relationship Pages" so that companies can add value to their company website by strengthening the investor relationship section.

CDBL Services

LBSL operates as a Full Service DP at both DSE and CSE. Apart from their BO Account Opening and Maintenance services, they provide their clientele with De-materialization and Re-materialization services. They offer safe transfers and transmission through CDBL as well as they provide their customers with customized services related to Pledging, Unpledging and Confiscation of Securities.

Research Services

LBSL firmly believes in the knowledge-based investment in the capital market to keep pace with the advanced market and sophisticated clients. Apart from efficient and effective brokerage services, LBSL is backed by the strength of a comprehensive Research Unit, which provides a range of services from company, industry and country research to corporate valuation. One of the important functions of LBSL is to carry out capital market research for themselves and their valued customers. Their Research & Analysis Department is one of the most important departments which is solely dedicated to these functions. The Capital Market Research Department is continually generating knowledge based reports on the overall capital market, the macro-economy, and the individual companies listed on the stock exchanges. The team puts its effort to analyze the capital market along with the fundamental and technical indicators of listed securities of DSE and CSE. The approach is to understand the psychology and trend history of the market, and most importantly the actions of investors. The flagship magazine "Market Pulse" published from the Publication Department has continued drawing attention and appreciation from readers here and outside the country.

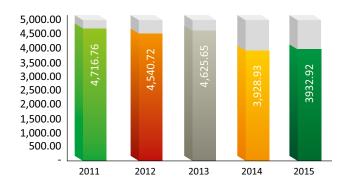

Business Overview of LankaBangla Securities Limited

Capital market of the country was very unstable in the year 2015 and the daily turnover in both the bourses decreased

significantly. However, LBS L was able maintain its market share above 6% in DSE and around 8% in CSE.

At the end of the year 2015, net profit after tax was BDT 77.64 million and consolidated net profit after tax was Tk. 52.53 million.

	2011	2012	2013	2014	2015

Business Strategy and Implementation

The company has taken business strategy by analyzing the near future economic outlook, capital market prospects, and competitor standing. DSE and CSE are moderately optimistic about the turnover growth in the markets; the main focus is now to maintain more than 7% overall market shares in the both bourses. In 2016, the most priority will be given in developing of the company's Internet trading clients who will use the only real time trading platform of the country namely TradeX. LBSL expects at least 12,500 users will trade daily through TradeX which will generate BDT 62.5 million

	All amounts are in BDT except (%					
	2011	2012	2013	2014	2015	
LBSL's Turnover in DSE	199,964.07	119,601.54	117,730.48	165,070.93	134,898.49

daily turnover for the company. Moreover, the company have already introduced and implemented real time trade monitoring Dashboard which enables the managers to monitor their trade volume in line with the daily turnover target. The company is also planning to introduce Islamic Shariah based branch to attract the clients who would like to invest only Islami Shariah approved stocks. The company is also planning to open Information booth to the different places of the country to which will ensure LBSL's presence all over the country. The company is also focusing on to reduce its cost of funds which will increase the profitability of the company.

Sustain Leading Position in the Market

LankaBangla Securities Ltd has been able to sustain the top position among the stock brokers in the country's both stock exchanges in DSE and CSE for the last eight and nine years respectively and thus it has become the market leader in brokerage service. Over the last few years, it has maintained a sustained market share of more than 6 percent in Dhaka Stock Exchange and more than 7 percent in Chittagong Stock Exchange.

Seasoned and Experienced Human Resource

LBSL has knowledgeable, well educated, and experienced management team with strong network and has efficient, energetic, and committed employees with lowest employee turnover in the industry. It has sound HR policy for the betterment of its employees to keep them motivated towards achievement. To ensure long term sustainability, LBSL is relentlessly pursuing its vision to transform the human resources into human capital. Diversely talented, motivated and engaged young employees have always been our key assets.

The company has been maintaining a highly favorable employer image by ensuring congenial working environment; where employees receive plenty of opportunities to realize their diverse potentials fully as well as benefit the organization by demonstrating value creating behaviors.

The company always offers different motivational packages and training programs both at home and abroad.

Particulars	As on Dec 31, 2015
Total Employee	233
Maximum Service Length at LBSL	18 Years
Most Elderly Employee's Age	48 Years
Youngest Employee's Age	22 Years

Credit Rating

The company was adjudged credit rating of AA3 (Double A Three) in the long term by the Credit Rating Agency of Bangladesh (CRAB) based on the audited Financial Statements of 2014 and other relevant information. This rating indicates that the company has a very strong capacity to meet its financial commitments and is judged to be of very high quality and is subject to very low credit risk.

Corporate Governance Culture

To bring economic efficiency, to ensure transparency and accountability of individuals in the organization, and to properly preserve and increase shareholders' wealth, the Board of Directors of LBSL strongly supports the principles of good corporate governance. LBSL ensures compliance with the Securities and Exchange Rules 1987, the Companies Act 1994, and other applicable laws and regulations. LBSL has an internal audit committee which regularly performs internal audit function. Besides, the company's account is always audited by external auditors on regular quarterly basis. There is an effective internal control and compliance system in place in LBSL. The Board regularly reviews the reports arising from internal and external audit, monitors the progress of the company, and takes corrective action.

International Exposure

Apart from NITA trading, LankaBangla Securities Ltd. (LBSL) is offering trading facilities to foreign institutional clients comprising of different funds, international brokers, banks, etc. who are interested in trading Bangladeshi securities. Throughout the world, any client of an international broker can trade in the Bangladesh Capital Market through LBSL. To make it better, LBSL foreign trade execution team has a Bloomberg terminal on its dedicated foreign trade desk which connects the team with every fund manager around the globe assuring 100% compliant trading for the foreign clients.

Focus on Diversification

Possessing a strong equity base, LBSL focuses on the diversification strategy following which LBSL has made an equity participation in BizBangla Media Limited which is publishing the country's first Bengali business daily 'The Daliy Bonik Barta'. Besides, LankaBangla Securities Limited is one of the directors of MIDAS Financing Limited, a renowned financial institution. LBSL has already initiated establishing an independent IT subsidiary LankaBangla Information Systems Ltd.

LankaBangla Investments Limited

Portfolio Management Services

Portfolio management refers to investment in diversified types of assets such as different equity securities and bond securities. Two types of accounts are available in LankaBangla Investments Ltd. One of them is discretionary portfolio account, "AlphaPlus" (managed by Investment Team of LBIL) and other one is Non-Discretionary portfolio account (Managed by clients). In the portfolio management services, LBIL do vast research and maintain proper combinations of securities that gives maximum return with minimum risk for LBIL discretionary clients. LBIL's portfolio management service is designed to provide personalized, secure and simple financial solutions for a wide range of investors, who wish to enhance their opportunities while minimizing their administrative burden.

Discretionary Portfolio Management

In the ever changing capital market, managing investment has become an increasingly complex and time consuming process for a company or an individual to handle in isolation. For effective investment, one has to go through the hassle of following tons of financial data and market information continuously. LBIL provides Discretionary Portfolio Management Services which relieves the investors from the hassles and burden of following market information as well as investments management. LBIL offers three Discretionary products for its clients.

AlphaPlus (Investments Best Managed)

Discretionary Portfolio Management Service offers a number of benefits to clients. It frees them from the burden of making day-to-day investment decisions, which may be better made by a qualified portfolio manager who is attuned to the vagaries of the market. Delegating the investing process to a competent manager leaves the client free to focus on his/her priorities. Efficient trade execution by LBIL team also ensures optimum benefit for the client.

AlphaPlus INITIAL

Some potential investors having small savings left for investment, faces problem in making investments, as their investment amount in most cases is too small for investment in secondary market and little opportunity is available to invest that small

amount in fixed income securities. Moreover the potential return from investment in fixed income securities is very low. On a condition like this, AlphaPlus INITIAL will pave the way of investment in primary market with least hassle for those investors and reducing risks arising out from secondary markets.

LankaBangla Nishchinto

LankaBangla Nishchinto is a monthly savings instrument with monthly fixed deposit for 3 years, which will be invested in selected Blue Chip stocks, Mutual Funds and Fixed Income instruments. Any individual can start LankaBangla Nishchinto by depositing minimum BDT 5,000 each month for three years. Profit along with the invested amount will be distributed to the client after maturity.

Non-Discretionary Portfolio (IPA Scheme)

LankaBangla Investments provides comprehensive nondiscretionary services including trade execution and margin loan under its Investors Portfolio account called 'IPA Scheme'. We are capable of executing proper and efficient trades through our designated sister concern 'LankaBangla Securities Ltd', the largest stock broker of the country.

Products and Services

Mutual Fund

LBAMCL is currently focused on floating open ended mutual funds in the capital market of Bangladesh of various styles. It is now working on the following mandates:

LankaBangla 1st Balanced Unit Fund

LankaBangla 1st Balanced Unit Fund is an open ended Unit Fund with perpetual life and unlimited size. LankaBangla Finance Limited, one of the leading NBFIs in Bangladesh is the sponsor of the fund. The Initial size of the fund is BDT 250 mn and face value per unit is BDT 10. The objective of the fund is to generate capital appreciation and income by investing in the permissible markets at appropriate percentages as determined by the Asset Manager.

Bangladesh Securities and Exchange Commission (BSEC) has already issued registration certificate of the fund. The fund is expected to be formally launched in the capital market of Bangladesh shortly.

Shariah Compliant Unit Fund

LankaBangla Asset Management Company Limited has taken

initiative to launch a Shariah compliant Unit Fund in the capital market of Bangladesh.

Corporate Fund Management Service

"Maximizer" is a tailored discretionary portfolio management account designed exclusively for Institutional Clients. The sole objective of the fund is to generate attractive risk-adjusted return by investing in the equity market, fixed income instruments and money market instruments. Equipped with best in class investment professionals, deep research insight and industry acknowledged superior capital market knowledge; LBAMCL is deeply committed in growing its clients' money and ensuring their sustainable financial growth.

Shariah Compliant Fund Management Service

"Minar" is a Shariah based fund management service exclusively designed for Institutional clients. Investment of funds will be done only in Shariah Compliant securities and Islamic Fixed Income Products. Based on a comprehensive screening process, LBAMCL maintains a universe of Shariah Compliant investment securities. An Independent Shariah Board is in place for verification/monitoring of Shariah compliance related to each and every stage of the fund management activity.

Provident Fund & Gratuity Fund Management Service

"Prudent" is a complete package of "Employees' Provident Fund and Gratuity Fund Management Service". The service entails two categories as follows:

- a) Investment management service
- b) Administration and reporting service

The offered services include the task of collecting the Fund for purpose of investment as well as operating the fund as per the guideline of the Trustee. The Fund will mainly be invested in Fixed Income and Equity securities. Asset Allocation decision will be based on risk appetite and guideline provided by the Trustee. Along with this, full-fledged Administration and Reporting service will be provided through automated webbased software and a dedicated team.

Statement on Corporate Governance

Corporate Governance is the system by which a Company is directed, controlled and managed. In LankaBangla Finance Limited (LBFL), the Corporate Governance Framework guides our drives towards progress by way of developing and implementing appropriate corporate strategies. The approach to governance is predicated on the belief that there is a link between high-quality governance and the creation of longterm stakeholder value. In pursuing the Corporate Objectives, we have committed to the highest level of governance and strive to foster a culture that values and rewards exemplary ethical standards, personal and corporate integrity and mutual respect. The Board of Director, led by the Chairman, is responsible for the governance of the Bank, and developing effective Governance Framework to meet challenges, both in the short and long term.

The Board is committed to reviewing and improving our systems to provide transparency and accountability, and initiate transformational changes whenever necessary to ensure best practices are maintained and enhanced according to the principles of Corporate Governance.

We continually review our systems and procedures to provide transparency and accountability, and update our Corporate Governance policies to keep in line with the stipulated guidelines.

LankaBangla has incorporated in its Governance Framework the guidelines prescribed in the Code of Best Practice on Corporate Governance issued by the Bangladesh Securities and Exchange Commission (BSEC), Bangladesh and the Bangladesh Bank on Corporate Governance for Financial Institutions in Bangladesh.

The extent of compliance by LankaBangla for the year ended 31st December 2015 with the above rule and directive principles and best practices are given in the Annexure:-

Annexure - I

The Code of the best Practice on Corporate Governance issued by the Bangladesh Securities and Exchange Commission (SEC) vide notification no. SEC/CMRRCD/2006-158/134/Admin/44, dated: 07/08/2012.

Annexure-II

LankaBangla's level of compliance with the requirement of the Bangladesh Bank circular DFIM Circular No. 07, dated; 25 September, 2007.

Corporate Governance Framework

Good Corporate Governance practices are not just a matter for the Board but are at the heart of everything that we do within the Company. The Bank operates within a comprehensive Governance framework, which is outlined in the diagram below and set out in the report that follows;

BOARD GOVERNANCE

Board Composition and Frequency

The present Board comprises of 10 non-executive directors of whom 04 are nominee directors and two are independent director. This number is appropriate for the current scope of the company's operations. The Board meets not less than four times in any given calendar year, with at least one meeting per quarter. In the last meeting of the year the Annual Budget for the Company for the coming year is placed to discuss and approve.

The Board sets its agenda for Board meetings well in advance with items proposed by the CEO and Managing Director and senior management, so that each member has time to be conversant with the issues by timely dissemination of meeting papers, presentations and reports. The Company Secretary and Chief Financial Officer attendall Board meetings and ensure that all relevant regulations and established procedures regarding the conduct of the Board are complied with.

In addition, the Board constantly places emphasis that not only the Board, but the Company and its employees operate with professionalism, integrity and ethics. Selection and Term of Appointment of New Director the Board of Directors has the following duties and responsibilities in connection with the selection and appointment of new directors;-

- Regularly review the size and composition of the Board and the mix of expertise, skills, experience and perspectives that may be desirable to permit the Board to execute its functions;
- Identify any competencies not adequately represented and agree the process necessary to be assured that a candidate nominated by the shareholders with those competencies is selected;

Directors usually serve three three-year terms, which the Board considers an appropriate length of time for directors to immerse themselves fully in the Company's affairs and gain a sufficient understanding of the Company's operations so as to make an effective contribution as a director.

Retirement and Re-election of Directors

The Articles of Association requires one-third of the Board (being the longest in office) to retire from office every year at the annual general meeting. Therefore, by rotation, every director is required to submit themselves for re-nomination and re-election by shareholders at regular intervals of at least once every three years. A retiring Director shall be eligible for re-election.

Independence of Directors

Pursuant to the Notification No. SEC/CMRRCD/2006-158/129/ Admin/44, dated;- 07 August 2012, In LankaBangla, the Board comprises eleven non-executive members, of which two are totally independent, being 1/5th total number of Director. The purpose of appointing non-executive and independent directors is first to provide the Board with knowledge, objectivity, and judgment and balance which may not be available if the Board consists only of full time executives; and secondly to ensure that the performance of the executive directors and the management of the Company are up to the standards required. Independent directors of LankaBangla bring their special expertise and knowledge to bear on the strategy and enterprise of the company. They each bring an independent judgment on issues of conformance and performance.

Board Role and Responsibilities

Surrounded in the principles of corporate governance is that the Board has a fiduciary role responsible for setting the strategic direction and long-term goals of the company. As elected representatives of the shareholders, the Board is expected to use its integrity and capability to vet corporate

strategies, policies, plans and major decisions, and to oversee and monitor management in the interests of the shareholders of LankaBangla. Key to good governance in LankaBangla is an informed and well-functioning Board of Directors.

Broadly, the responsibilities of the Board include the following:

- Reviewing and approving overall business strategy, as well as organization structure, developed and recommended by management
- Ensuring that decisions and investments are consistent with long-term strategic goals
- Ensuring that the Bank is operated to preserve its financial integrity and in accordance with policies approved by the Board
- Overseeing, through the Audit Committee, the quality and integrity of the accounting and financial reporting systems, disclosure controls and procedures and internal controls; and through the Risk Management Committee, the quality of the risk management processes and systems
- Providing oversight in ensuring that the Bank's risk appetite and activities are consistent with the strategic intent, operating environment, effective internal controls, capital sufficiency and regulatory standards
- Overseeing, through the Risk Management Committee, the establishment and operation of an independent risk management system for managing risks on an enterprise wide basis, the adequacy of the risk management function (including ensuring that it is sufficiently resourced to monitor risk by the various risk categories and that it has appropriate independent reporting lines), and the quality of the risk management processes and systems
- Reviewing any transaction for the acquisition or disposal of assets that is material to the Bank
- Ensuring that the necessary human resources are in place for the Bank to meet its objectives, as well as appointing and removing executive officers, as deemed necessary
- Reviewing management performance and ensuring that management formulates policies and processes to promote fair practices and high standards of business conduct by staff
- Establishing corporate values and standards, emphasizing integrity, honesty and proper conduct at all times with respect to internal dealings and external transactions, including situations where there are potential conflicts of interest
- Overseeing, through the Remuneration Committee, the design and operation of an appropriate remuneration framework, and ensuring that the remuneration practices are aligned and in accord with the remuneration framework
- Providing a balanced and understandable assessment of the Bank's performance, position and prospects, and this extends to interim and other price-sensitive public reports, and reports to regulators

- Ensuring that obligations to shareholders and others are understood and met; and
- Maintaining records of all meetings of the Board and Board Committees, in particular records of discussion on key deliberations and decisions taken

Chairman of the Board of Director

The Chairman of the Board is elected to the office of Chairman by the directors. The Board considers that the Chairman is independent.

Role of the Chairman

The Chairman runs the Board. The Chairman serves as the primary link between the Board and management, and works with the Managing Director and the Company Secretary to set the agenda for Board meetings. It is the Chairman's responsibility to provide leadership to the board and ensure that the Board works effectively discharges its responsibility as directors of the Company.

Separation of the role of Chairman and the Chief Executive Officer

At LankaBangla, in accordance with the DFIM Circular No. 07, dated 25-09-2007, a clear division of responsibilities between The Chairman and The Chief Executive Officer, allows the Chairman to assume the formal role of an independent leader that chairs all Board meetings and lead the Board in its oversight of management. At annual general meetings and other shareholder meetings, the Chairman plays a pivotal role in fostering constructive dialogue between shareholders, the Board and management. Any questions from shareholders are attended to and addressed at such shareholder meetings.

Role of the CEO & Managing Director

The MD/CEO heads the Company Management Committee, the highest committee of management body of the company. He oversees execution of the Company's corporate and business strategy and is responsible for managing its day-to-day operation.

The CEO & managing Director performs the following key responsibilities:

- Establishes and directs the vision and mission of the team. In this capacity, the CEO is the source of visionary strength of the Company and keeps it on a consistent track to achieving the vision;
- Responsible for directing the operational activities of the Company by scheduling the utilization of the Company's resources, including people and capital equipment. In this way, the CEO gets things done through the efforts of the people in the Company. The CEO is responsible for establishing and executing the Company's operating plan that is necessary to achieve the Company's objectives;
- Selects the people for the management team and improves the performance of people through ongoing counseling. As a coach, the CEO works with people to help them become greater contributors by helping them improve their efficiency and effectiveness.

Board Committees Membership

LankaBangla' governance practices require that specialized skills are best exercised through board level committees. In

LankaBangla, these are:

- Board Credit Committee (BCC), reviews and approves credit exposures (exceeding certain limits) of all tenors.
- Audit Committee (AC), supervises the Company's internal control procedures and interacts with the Internal Auditor and external auditor to ensure full compliance with the law and regulations governing accounting standards and financial reporting.

Terms of reference for each of the above Board committees are clearly defined. The terms of reference set forth the responsibilities of that committee, quorum and voting requirements as well as qualifications for committee membership, in line with the regulations and notification issued by Bangladesh Bank and Bangladesh Securities and Exchange Commission. Each committee has direct access to management staff and has the power to hire any independent advisors as it deem necessary.

Board Executive Committee (BEC)

The Committee comprises Mr. Mohammad A. Moyeen (Chairman), Mr. Mahbubul Anam, Mr. M. Fakhrul Alam, Mrs. Annesha Mahial Kundanmal and Mr. Al Mamoon Md. Sanaul Huq. All credit exposures exceeding the limit delegated by the Board to management are approved by this Committee. The BEC of LankaBangla works with the policies and guidelines issues by Bangladesh Bank, Board and regulatory bodies regarding credit and other operational matters. The Committee ensures properly and timely implementation of Polices and guidelines through the management. The Committee approves Lease/Loan and other business proposals following the approved policy of the board. Management ensures due diligence of the investment policies and risk management before submitting the credit proposals.

Board Audit Committee

The Audit Committee comprises of Mr. Al-Mamoon Md. Sanaul Huq (Independent Director & Chairman of the Committee), Mr. Mahbubul Anam, Mr. Mohammed A Moyeen, Mr. Mirza Ejaz Ahmed, Mr. M. Fakhrul Alam, all non-executive Directors. In addition to the review of the LBFL Financial Statements, the Audit Committee reviews and evaluates with the internal auditors and external auditors, the adequacy and effectiveness of the Company's system of internal controls including financial, operational and compliance controls; and risk management policies and systems. It reviews the internal and external auditors' audit plans, the effectiveness of audit, and the independence and objectivity of the external auditors.

The Committee meets not less than four times a year with the internal auditors. During the year under review 04 nos. Audit Committee meeting held. All Committee meetings are also attended by Company's Legal, Compliance and Secretariat and the Committee has the discretion to invite any Director and executive officer to attend its meetings.

Separate sessions with internal and external audit are also held without the presence of management, to consider any matters which might be raised privately. In addition, the Chairman of the Audit Committee meets the internal auditors on a regular basis to discuss the work undertaken, key findings and any other significant matters arising from the Company's operations.

Features of Audit Committee Charter

The Audit Committee reviews the audited financial statements with management and the external auditors to ensure that the Company's financial statements are fairly presented in conformity with the relevant Bangladesh Financial Reporting Standards and Bangladesh Accounting Standards in all material aspects, based on its review and discussions with management and the external auditors.

External Auditors' are invited to present in the Audit Committee meeting where Financial Statements of the Company in reviewed for circulation to the Public. The Committee also performs an annual assessment of the effectiveness of the Company's Internal Audit functions and ensures that Internal Audit has adequate resources to fulfill its mandate.

The Committee is also responsible for oversight of risk governance, risk framework and limits of LankaBangla. It approves the overall risk governance framework as well as the framework for credit, market and operational risks, including the applicable limits. It is also responsible for approving certain policies in accordance with regulatory requirements. The Committee also monitors the Company's risk profile, including risk trends and concentrations.

A separate Report on Audit Committee has been given in page 158.

Board Meetings and Attendance

In the year under review, there were a total of 06 scheduled Board meetings. At these meetings, the Board reviews the Company's financial performance, corporate strategy, business plans, potential strategic acquisitions or alliances, strategic or significant operational issues and significant matters attended to by Board committees. The Board also reviews the Company's long term corporate strategy and business plans and budget, including principal issues and challenges. In addition to the scheduled meetings, ad hoc meetings were also held when necessary.

Board approval for less critical matters may be obtained through resolutions by circulation. Board of Directors attend the annual general meeting, Board meetings and meetings of the committees on which they serve, and they spend the time needed to properly discharge their responsibilities. Materials and information important for understanding of the matters to be reviewed during the meetings are distributed to the directors in advance of the said meetings to provide sufficient time for the directors to prepare ahead for such meetings.

The table shown in page 125 sets out the number of meetings held and the attendance of the Company's Directors, including meetings of the Audit Committee during the year ended 31 December 2015.

Internal Audit and Internal Controls

Internal Audit Function

LankaBangla Internal Audit is an independent function that reports functionally to the Audit Committee and administratively to the Managing Director. The functional reporting includes matters relating to Audit Charter, risk assessment and related audit plans, results of internal audit activities and other matters that the Head of Internal Audit deems necessary. The head of Internal Audit has direct access to the Audit Committee. The Audit Committee approves the hiring of Head of Internal Audit including appointment, removal, evaluation, promotion, annual compensation and salary adjustment. Administratively, Company's Managing Director facilitates the day-to-day operations of the internal audit function, including budgeting, management accounting and human resource administration.

Internal Audit has unfettered access to any and all of the company's documents, records, properties and personnel including the Chairman and Audit Committee of the Board of Directors.

Internal Audit has developed and maintained a quality assurance and improvement program that covers all aspects of the internal audit activity. Internal audit activity of LankaBangla conforms to the Institute of Chartered Accountants of Bangladesh's (ICAB) Bangladesh Standards on Auditing and International Standards for the Professional Practice of Internal Auditing.

The professional competence of the LBFL's internal auditors is maintained or upgraded through training programs, conferences and seminars that provide updates on auditing techniques, regulations and banking products and services. An annual audit plan is developed under a structured risk assessment approach that examines the Company's activities, their level of inherent risk and control effectiveness against the various risk types. Audit areas are identified and scoped based on this approach and audit resources are focused on the activities deemed to carry higher risks.

The scope of Internal Audit encompasses the examination and evaluation of the adequacy and effectiveness of LankaBangla's system of internal controls, risk management procedures, governance processes and the quality of performance in carrying out assigned responsibilities.

The progress of corrective actions on outstanding audit issues is monitored monthly. Information on outstanding issues is categorized according to severity and monthly reports are sent to the Audit Committee Chairman, the Chairman of the Board, senior management and all Division/Department heads. All audit reports which are rated as requiring attention are copied to the Audit Committee and senior management.

Internal Audit team work closely with the external auditors and meets them regularly to discuss matters of mutual interest, to strengthen working relationships and to co-ordinate audit efforts. The external auditors review the effectiveness of the Company's internal controls and risk management during an annual statutory audit. Material non-compliance with

established practices and procedures and regulations, as well as internal control weaknesses noted during the audit, together with recommendations, are reported to the Audit Committee, which ensures that high-risk outstanding issues are dealt with in a timely manner.

Internal Controls

A sound system of internal controls requires a defined organizational and policy framework. LankaBangla has a management framework that clearly defines the roles, responsibilities and reporting lines of business and support units. The delegation of authority, control processes and operational procedures are documented and disseminated to staff. The Internal Audit, Risk Management and Legal & Compliance functions provide independent oversight over controls and risks within the Group.

The Audit Committee and the Risk Management Committee have reviewed the adequacy of LBFL control environment. The Board believes that the system of internal controls in place up to the date of this report is adequate for the current business scope and operations of the Company.

Related Party Transactions

LankaBangla has refined and embedded enhanced procedures to comply with existing regulations governing related party transactions for banks and listed companies. These regulations include the Financial Institutions Act, Bangladesh Accounting Standards (BAS-24). The relevant provisions in the FI Act and the BAS directives impose prudential limits on credit exposures by the Company to certain Subsidiary and associates entities and persons, also the related party transactions in the BAS cover all types of related party transactions generally.

All new directors are briefed on the relevant provisions that they need to comply with. If necessary, existing credit facilities to related parties are adjusted prior to a director's appointment, and all credit facilities to related parties are monitored on an on-going basis. Checks are conducted prior to the Company entering into credit and non-credit-related transactions to determine whether the counter party is a related party under applicable regulations and to take the appropriate action to comply with the regulations.

The Company has granted credit facilities to the mentioned related parties in the ordinary course of business on normal

terms and conditions. The outstanding amounts of these credit facilities and the estimated values of collaterals as at 31 December 2015 are given in the Notes to the Financial Statements Note no. 37.

IT Governance

Information Technology Governance forms an integral part of the NBFI's Corporate Governance, deals primarily with optimizing the linkage between Strategic Direction and Information Systems Management of the Company. In this regard, implementation of the organizational structure with well-defined roles for the responsibility of information, business processes, applications, infrastructure, etc. generates value for our stakeholders while mitigating the risks associated with incorrect deployment and use of Information Technology.

Ethical Standard - Dealings in Securities

LankaBangla has adopted more stringent policies than prescribed guidelines issued by SEC and has a policy against insider trading. LankaBangla employees are prohibited from dealing in securities of LankaBangla during the period commencing from two months before the announcement of the financial statements for the financial year, and ending on the date of the announcement of the relevant results. Employees with access to price-sensitive information in the course of their duties are instructed to conduct all their personal securities transactions through the LankaBangla's stock broking subsidiary.

Dissemination of Information

LankaBangla maintains an active dialogue with shareholders. It holds in-person briefing sessions or telephone conference calls with the media and analysts when quarterly results are released. All press statements and quarterly financial statements are published on the national Daily Newspapers and DSE & CSE websites. A dedicated investor relations team supports the Company's CEO and Chief Financial Officer (CFO) and Company Secretary in maintaining a close dialogue with institutional investors.

The Company embraces and commits to fair, transparent and timely disclosure policy and practices. All price-sensitive information or data are publicly released, prior to individual sessions held with investors or analysts.

Our approach

LankaBangla pays close attention to the moral concerns in order to make the right ethical decisions on a day-to-day basis over and above observing the law, one of the basic professional requirements for the NBFIs. We at LankaBangla believe that the upholding of an ethical culture in financial sector is of critical interest to the customers, employees, regulators alike and to the NBFI itself as a secured, reliable and efficient financial sector system in one of the pillars of economic stability of any country. Hence, nurturing an ethical culture is of utmost importance for financial institutions, like any other organization. Our core ethical values include honesty, integrity, fairness, responsible citizenship, and accountability.

Enforcing a corporate code of ethics requires understanding and active participation by everyone in the Bank since the Code spells out the expected standards of behavior and sets the operating principles to be followed. Every official should ensure that the company at all times maintains high ethical standards and adequate internal control measures are in place guarding against unethical practices and irregularities.

Code of Ethics & Principles of Conduct

True spirit of ethical practices is at the core of what Lanka Bangla secures in the course of business. We fondly believe that our achievement can only be sustained by creating effective corporate governance, professionalism among its staff and strictly adhering to rules and regulations designed in high ethical standard. Principles of conduct at LankaBangla govern each employee to act ethically in daily activities. Our employee Code of Ethics & Principles of Conduct applies to everyone who works at LankaBangla, including employees (both permanent and temporary), contractors and consultants. The Code is supported by a number of more detailed policies that form part of the Conduct and Ethics Policy Framework. These cover issues such as anti-bribery, fraud and corruption, equal opportunity, bullying and harassment, conflicts of interest and work expenses. Our ethical acts eventually turns to the commitments we make to our stakeholders.

Effectiveness of Code, Efforts of the Company

- To apply core values and principles embodies consistently
- For management to display the fullest support to the Code and serve as role models for compliance
- To ensure that all personnel strictly comply the code
- To fair rewarding and punishment be effective under a transparent system
- To communicate the contents to all employees and even make the Code available to those outside the Company
- To review and revise regularly

Additionally,

Establishing the relevant facts and identifying the ethical issue

- Taking stock of all stakeholders or parties involved
- Having an objective assessment of each stakeholder's position
- Identifying viable alternatives and their efforts on stakeholders
- Comparing and evaluating the likely consequences of each alternatives with reference to the standards expected
- Selecting the most appropriate course of action

In a nutshell, our business ethics means, "Choosing the good over the bad, the right over the wrong, the fair over the unfair and the truth over the untruth". Strict compliance, confidentiality, avoidance of conflicts of interest, encouraging the reporting by the Officers of the Company on illegal and unethical behavior is also amongst the guiding principles of the Company's Code of Ethics.

Monitoring compliance

Compliance with our Code of Conduct and Ethics is embedded in our employment contracts, recruitment and performance management activities. We have set explicit targets for compliance, commencing at executive management level. All employees are required to comply with our Code of Conduct and Ethics and report conduct that may be in breach of the law, the Code or policy. Advice on LankaBangla policies, practices and management systems is available via our Human Resources department. Any employee, contractor or consultant can confidentially report concerns about conduct, practices or issues to our HR department.

To help our employees in applying the principles of our Code of Conduct and Ethics and the Conduct and Ethics Policy Framework, we have developed a training course regularly for the newly appointed employees, Case studies are provided to assist staff in translating the Code and related policies into real-life situations. All employees are required to complete this training course each year. Declarations within the course require each employee to confirm whether they understand the Code's principles, have complied with them over the previous 12 months and agree to comply with them in the future. Compliance is a Key Result Area examined as part of our Performance Management Process and failure to complete required compliance training can be a factor in determining the employee's entitlement to performancebased remuneration and could lead to termination of employment in serious cases.

Additionally, employees are required to undertake issuespecific training for topics such as anti-money laundering and combating terrorist financing, fraud, corruption and privacy.

Our 'HR Manual' and 'Employee Handbook' covers our Code of Conduct and Ethics, standards and behaviors, and important policies and procedures such as our Anti-Bribery Policy and Fraud and Corruption Policy. All Management Cadres must complete an annual attestation that they have read and understood these ground rules and failure

127

to complete this may result in a 'flag' being raised in an individual's performance review.

Reporting compliance

We have reported breaches of our Code of Conduct and Ethics framework yearly. Breaches of operational, regulatory and compliance requirements are tracked and case management, with corrective action closely monitored until 'closed'. All breaches of the Code are reported annually to our Management Committee and form part of regular risk reporting to the Management Credit Committee.

Compliance with our Code of Conduct and Ethics is monitored by Internal Audit, who ensures processes are in place to appropriately investigate alleged breaches of the Code. We also conduct annual testing of the controls that support our Code of Conduct and Ethics, which forms part of our financial reporting governance program and the results are made available to External Auditors in connection with their external audit of the Group's consolidated financial statements.

Annual Report 2015

Statement on Risk Management

Strong risk management capabilities is vital to the success of a well-managed financial institution. The Risk Management function is the central resource for driving such capabilities in LankaBangla, and complements the risk and control activities of other functions including Internal Audit and Legal & Compliance.

The key components of LBFL's risk management approach are: strong risk governance; robust and comprehensive processes to identify, measure, monitor, control and report risks; sound assessments of capital adequacy relative to risks; and a rigorous system of internal control reviews involving internal and external auditors.

Risk Management in LankaBangla

We believe that sound risk management is essential to ensuring success in our risk-taking activities. Our philosophy is to ensure risks and returns remain consistent with our established risk appetite. To achieve this, we regularly refine our risk management approaches to ensure we thoroughly understand the risks we are taking to identify any emerging portfolio threats at an early stage, and to develop timely and appropriate risk-response strategies. The key elements of enterprise-wide risk management strategy are:

- Risk appetite The Board of Directors approves the Company's risk appetite, and risks are managed in alignment with the risk appetite. Risk-taking decisions must be consistent with strategic business goals and returns should compensate for the risk taken.
- Risk frameworks The Company's risk management frameworks for all risk types are documented, comprehensive, and consistent.
- Holistic risk management Risks are managed holistically, with a view to understand the potential interactions among risk types.
- Qualitative and quantitative evaluations Risks are evaluated both qualitatively and with appropriate quantitative analyses and robust stress testing. Risk models are regularly reviewed to ensure they are appropriate and effective.

The Board of Directors and senior management provide the direction to the Company's effective risk management that emphasizes well-considered risk-taking and proactive risk management. This is reinforced with appropriate risk management staff, ongoing investments in risk systems, regular review and enhancement of risk management policies and procedures for consistent application, overlaid with a strong internal control environment throughout the Group. Accountability for managing risks is jointly owned among customer-facing and product business units, dedicated functional risk management units, as well as other support units such as Operations and Technology. Internal Audit also provides independent assurance that the Company's risk management system, control and governance processes are adequate and effective. Rigorous portfolio management

tools such as stress testing and scenario analyses identify possible events or market conditions that could adversely affect the Company. These results are taken into account in the Company's capital adequacy assessment.

Risk Governance and Organisation

The Board of Directors establishes the Company's risk appetite and risk principles. The Board Audit Committee is the principal Board committee that oversees the Company's risk management. It reviews and approves the Company's overall risk management philosophy; risk management frameworks, major risk policies, and risk models. The Board Audit Committee also oversees the establishment and operation of the risk management systems, and receives regular reviews as to their effectiveness. The Company's various risk exposures, risk profiles, risk concentrations, and trends are regularly reported to the Board of Directors and senior management for discussion and appropriate action.

Board Audit Committee is supported by Risk Management Division, which has functional responsibility n a day-to-day basis for providing independent risk control and managing credit, market, operational, liquidity, and other key risks. Within the division, risk officers are dedicated to establishing Company-wide policies, risk measurement and methodology, as well as monitoring the Company's risk profiles and portfolio concentrations. The Company's risk management and reporting systems are designed to ensure that risks are comprehensively captured in order to support well-considered decision making, and that the relevant risk information is effectively conveyed to the appropriate senior management executives for those risks to be addressed and risk response strategies to be formulated. To ensure the objectivity of the risk management functions, compensation of risk officers is determined independently of other business areas and is reviewed regularly to ensure compensation remains competitive with market levels.

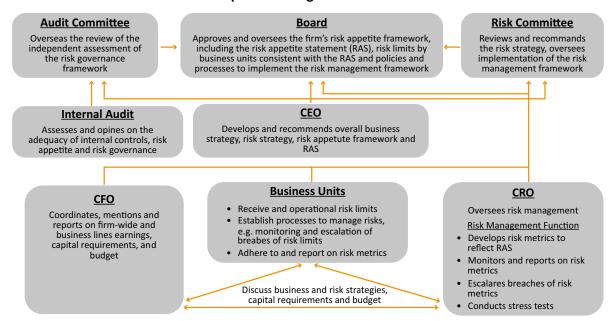

Credit officers are involved in transaction approvals, and personal approval authority limits are set based on the relevant experience of the officers and portfolio coverage. Representatives from the division also provide expertise during the design and approval process for new products offered by the Group. This ensures that new or emerging risks from new products are adequately identified, measured, and managed within existing risk systems and processes.

Risk Management Forum at LankaBangla

Risk Management Forum (RMF) and Risk Analysis Unit (RAU) of LankaBangla Finance Limited has been established in LankaBangla during 2013 incompliance with the Bangladesh Bank's DFIM Circular No. 01 of 07 April, 2013. Risk Management Forum is headed by the Managing Director of the Company and Chief Risk Officer is the Secretary, all the business and operational heads are the members of the RMF. The main responsibility of the Risk Management Forum is includes the following:

An example of a risk governance framework

- The Risk Management Forum members will parameterize the Internal Environment of the Company including risk appetite, integrity and ethical values and the environment in which is operated
- The MANCOM must form the Objectives so that they can identify potential events affecting the achievement unenthusiastically and consistent with its risk appetite
- The management will identify the internal and external events affecting company's achievement and distinguish between risks and opportunities
- It is the management responsibility to assess and measure the potential risks
- The management selects risk responses-avoiding, accepting, reducing or sharing risk-- developing a set of actions to align risks with the company's risk tolerances and risk appetite
- The management will take policies and procedures and implement it to help ensure the risk responses are effectively carried out
- The managerial authority will identify generate and communicate the relevant information in a form and timeframe that enable people to carry out their responsibilities
- The entirety of enterprise risk management will be monitored and it will be accomplished through ongoing management activities
- Ensure roles and responsibilities are agreed and clearly understood by all management levels
- Ensure all staff, in business and support functions, is aware of their responsibilities for company's overall Risk management
- Ensure there are structured processes at each department level to report control failures to designated individuals and escalate material issues to RMF
- Establish workable Business Continuity Plans (including

Disaster Recovery and Crisis Management procedures) to minimize the impact of unplanned events on business operations and customer service

Risk Analysis Unit (RAU) at LankaBangla

Broadly, Risk Analysis Unit (RAU) will be responsible solely to identify and analyze all sorts of risks appropriately and timely. It (RAU) will act as the secretariat of Risk Management Forum. Non-compliance with the Bangladesh Bank guidelines RAU is work independently from all other units/divisions of the FI, e. g. no member of this unit will be involved in any sort of ratings of transactions, or setting/working to achieve any target imposed by the FI. S/He will not also be involved in the process of determining any standard or threshold ranges for risk management goals.

Risk Analysis unit will be responsible only for the followings:

- Promote broader understanding of risk and work closely with risk management to ensure risk management initiatives are in place for risk controlled LBFL practices
- Work as an active risk associate by identifying departmental risk issues and perform analysis
- Escalate respective risk issues to risk management unit in a monthly basis for discussion and enforce mitigation in monthly risk associates forum
- Assist RMF to plan and reduce operational surprises and losses by recommending risk mitigation strategies
- Finalize enterprise level risk issues to RMF meeting for management evaluation and resolutions
- Implement RMF resolutions and monitor the risk mitigation process within the given deadline & update status to RMF
- Interact with all the relevant stakeholders of LBFL to create risk awareness and encourage control of risk at enterprise level

Other Risk management committees have been established for active senior management oversight, understanding, and dialogue on policies, profiles, and activities pertaining to the relevant risk types. These include the the Management Credit Committee, the Asset and Liability Management Committee, the Steering Committee for BASEL-II Implementation, Central Compliance Unit for Anti-Money Laundering and the ICT Committee. Both risk-taking and risk control units are represented on these committees, emphasizing shared risk management responsibilities. LBFL Internal Audit conducts regular independent reviews of loan portfolios and business processes to ensure compliance with the Company's risk management frameworks, policies, processes, and methodologies.

BASEL II

LankaBangla has implemented Bangladesh Bank's Guidelines (Basel Accord for Financial Institutions) on Risk Based Capital Adequacy Requirements for FIs incorporated in Bangladesh with effect from 1 January 2011. Bangladesh Bank adopts the Basel Committee on Banking Supervision's proposal on "International Convergence of Capital Measurement and Capital Standards," commonly referred to as BASEL II. This framework provides a stronger linkage between capital requirements and the level of risks undertaken by FI's to enhance their risk management practices and establishes minimum capital requirements to support credit, market, and operational risks. As part of enhanced public disclosures on risk profile and capital adequacy required under the mentioned guidelines.

Stress Testing

Stress testing is a simulation technique, which are used to determine the reactions of different financial institutions under a set of exceptional, but plausible assumptions through a series of battery tests. At institutional level, stress testing techniques provide a way to quantify the impact of changes in a number of risk factors on the assets and liabilities portfolio of the institution. Therefore as a part of risk management unit we prepare stress testing report at each quarter to check out four major shocks (interest rate risk, credit risk, equity price risk, liquidity risk) under different magnitude level to ensure optimum allocation of capital across its risk profile.

The Company has adopted the standardized approaches for market risk and operational risk. Market risk-weighted assets are marked to market and are risk weighted according to the instrument category, maturity period, credit quality grade, and other factors. Operational risk-weighted assets are derived by applying specified beta factors or percentages to the annual gross income for the prescribed business lines in accordance with regulatory guidelines. Initiatives are in place to move toward Internal Model Approach for market

risk. Capital adequacy assessments and Plans, incorporating stress test results, are submitted quarterly to Bangladesh Bank. Implementing the Basel II framework is an integral part of our efforts to refine and strengthen, as well as to ensure our management of risks is appropriate for the risks we undertake. Company management remains vigilant to ongoing industry and regulatory developments, including risk-adjusted compensation and new standards established in the Basel II Framework published in December 2010. We are constantly reviewing to further improve and refine our businesses and risk management capabilities as well as engaging in dialogue with industry peers and regulators to position ourselves for the far-reaching consequences of these reforms.

Credit Risk Management

Credit risk arises from the risk of loss of principal or income on the failure of an obliger or counter party to meet their contractual obligations. As our primary business is lending, the Company is exposed to credit risks from loans to retail, corporate, and institutional customers. Trading and investment banking activities, such as trading of derivatives, debt securities, securities underwriting, and settlement of transactions, also expose the Company to counter party and issuer credit risks.

The Company seeks to take only credit risks that meet our underwriting standards. We seek to ensure that risks are commensurate with potential returns that enhance shareholder value.

Credit Risk Management Oversight and Organization

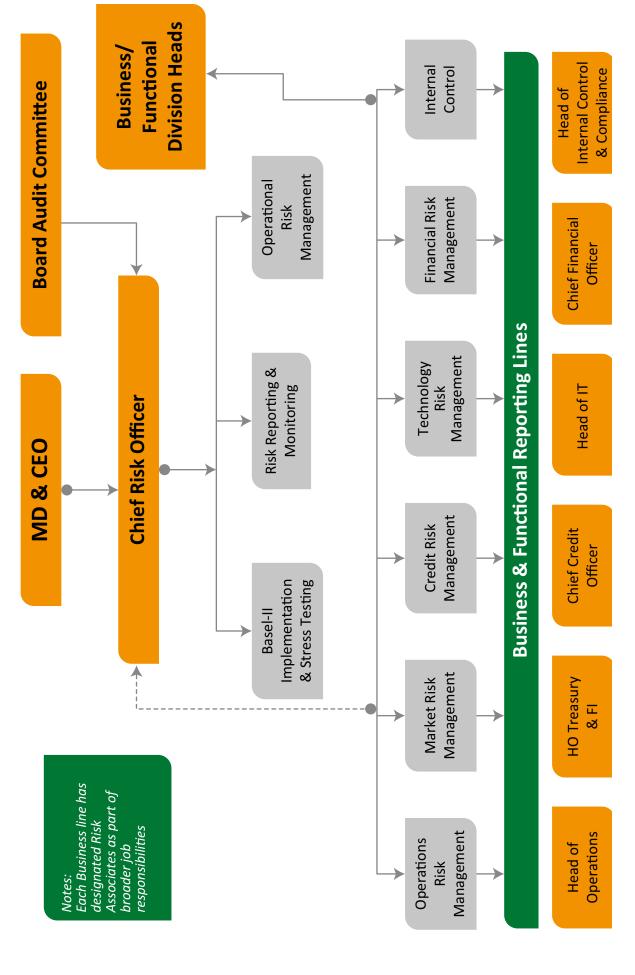

The Management Credit Committee is the senior management committee that supports the CEO and the Board Audit Committee in managing the Company's overall credit risk exposures, taking a proactive view of risks and to position the credit portfolio. The Management Credit Committee also reviews the Company's credit risk philosophy, framework, and policies, and aligns credit risk management with business strategy and planning. The Management Credit Committee recommends credit approval authority limits, reviews the credit profile of material portfolios, and recommends actions where necessary to ensure that credit risks remain within established risk tolerances.

The Credit Risk Management ("CRM") division has functional responsibility for credit risk management, including formulating and ensuring compliance with Group-wide risk policies, guidelines, and procedures. Other Group Risk departments are responsible for risk portfolio monitoring, risk measurement methodology, risk reporting, risk control systems, and remedial loan management. Company Risk units also conduct regular credit stress tests to assess the credit portfolio's vulnerability to adverse credit risk events.

Regular risk reporting is made to the Board of Directors, Board Audit Committee, and the Management Credit Committee in a timely, objective, and transparent manner. These reports

Risk Management Structure

Risk Management Techniques:

SL	Туре	Purpose	Procedure
1	Direct Assessment through Risk Audit	To facilitate risk assessment and risk reporting / escalation.	 Risk Reporting & Monitoring team under Risk Management Department will do overall risk assessment on a regular basis throughout the company. (To Business & Functional units) Risk Audit Plan to be initiated & conduct accordingly on a periodical basis. Risk Audit reports should be sent separately to Board Audit Committee
2	Leading Key Risk Indicator (LKRI) / Key Risk Indicators (KRIs)	Determine key risk indicators for the high and medium risk areas identified for the business /Risk Management Function unit. KRIs should be reviewed quarterly and trends assessed to identify potential risks for the unit.	 Management Department and designated Risk Management wings (CRM, MRM, and TRM & ORM) shall jointly develop the KRIs & LKRIs However, all KRIs & LKRIs shall be managed by Risk Management Department
3	Potential Loss / Risk Reports	Collect/Identify & Analyze potential risk issues and submits periodical reports to Risk Management Forum.	 CRM, MRM, TRM & ORM teams shall provide all potential loss / Risk reports to RMF on a monthly basis Risk Reporting & Monitoring team shall analyze, maintain risk database & provide summary reports to RMF
4	Incident Reports	Report to ensure that critical incidents are reported to senior management and ensure appropriate action is taken quickly on issues which can affect company as a whole.	 CRM, MRM, TRM & ORM teams shall provide all potential loss / Risk reports to RMF on a monthly basis Risk Reporting & Monitoring team shall analyze, maintain risk database & provide summary reports to RMF
5	Issue Raised by Mail	General staffs / designated employees who shall hold the Risk Management position should raise significant risk issues of their area. Risk Management Department shall monitor all risk issues and ensure that adequate remedial action is taken where necessary.	 CRM, MRM, TRM & ORM teams shall provide all potential loss / Risk reports to RMF on a monthly basis Risk Reporting & Monitoring team shall analyze, maintain risk database & provide summary reports to RMF
6	Internal Audit Reports / Adverse Comments	All Internal & External Audit Reports to be reviewed for identifying repetitive /adverse audit comments. RMF Should be aware of repeated audit comments & root causes of poor control measures in different areas of the company.	 Risk Reporting & Monitoring wing of Risk Management Department to perform root cause analysis on a monthly basis & develop risk management papers by coordinating with CRM, MRM, TRM & ORM
7	External Audit Reports / BB Audit Reports	External Audit Reports / BB Audit Reports shall be summarized & all vital findings to be presented with recommendations for RMF	 Enterprise Risk Management & Reporting wing of Risk Management Department to perform root cause analysis on a monthly basis & develop risk management papers by coordinating with CRM, MRM, TRM & ORM
8	Risk Management Papers / Research Papers	Risk Management Department to publish Research Paper according to the Bangladesh Bank guidelines	Risk Management Department to ensure effective & efficient risk disclosure for the company. Initiate Risk Management Research Paper / Concept Paper in cooperation with the other risk management partners

include various credit risk aspects such as portfolio quality, credit migration, expected losses, and concentration risk exposures by business portfolio and geography. Such reporting allows senior management to identify adverse credit trends, formulate and implement timely corrective action, and ensure appropriate risk-adjusted decision making.

Credit Risk Management Approach

credit risk management framework includes comprehensive credit risk policies for approval and management of credit risk, as well as methodologies and models to quantify these risks in a consistent manner. While Group policies set our minimum credit risk management standards, the key to our success lies also in the experience and sound judgment of our credit officers and embedded regular credit review process. The internal audit review also provides an independent assessment of the effectiveness and adequacy of our credit risk management practices.

Credit underwriting criteria are regularly updated to reflect prevailing economic conditions in our key markets. In addition, we remain selective in purchasing debt securities. Portfolio reviews and stress tests are conducted regularly to identify any portfolio vulnerabilities. Fair dealing is an integral part of LBFL's core corporate values: credit extensions are only offered after a comprehensive assessment of the borrower's creditworthiness, as well as the suitability and appropriateness of the product offering.

Lending to Consumers and SME Businesses

Credit risks for the consumer and SME business sectors are managed on a portfolio basis. Such products include mortgage loans, credit cards, auto loans, commercial property loans, Factoring and business term loans. Loans are underwritten under product programs that clearly define the target market, underwriting criteria, terms of lending, maximum exposure, credit origination guidelines, and verification processes to prevent fraud. The portfolios are closely monitored using MIS analytics. Scoring models are used in the credit decision process for some products to enable objective risk evaluations and consistent decisions, cost efficient processing, and behavioral score monitoring of expected portfolio performance.

Lending to Corporate and Institutional Customers

Loans to corporate and institutional customers are individually underwritten and risk-rated. Credit officers identify and assess the credit risks of large corporate or institutional customers, or customer groups, taking into consideration their financial and business profiles, industry and economic factors, collateral, or other credit support. Credit extensions have to meet predefined target market and risk acceptance criteria. To ensure objectivity in credit extensions, co-grantor approvals - or joint approvals – are required from both the business unit as well as credit controllers from the credit risk function.

Approval Process

The approval process must reinforce the segregation of Relationship Management/Marketing from the approving authority. The responsibility for preparing the Credit

Application should rest with the RM within the corporate financial services division. Credit Applications should be recommended for approval by RM and Head of Corporate Financial Services/Head of business unit, which will be forwarded to the Credit Risk Management Division for approval. FI may wish to establish various thresholds, above which, the recommendation of the Head of Corporate Financial Services is required prior to onward recommendation to Chief Credit Officer for approval. In addition, FI may wish to establish regional credit centers within the approval team to handle routine approvals.

- Relationship Manager (RM) prepares the loan proposals and supports & forwards to Head of Corporate Financial Services (HOCFS) for onward recommendation
- HOCFS places it to Credit Risk Management Division for their approval/recommendation through MCC
- Managing Director & CEO approves/recommends as per delegated authority by the board/EC
- Managing Director & CEO presents the proposal to Board/EC
- Board/EC advises the decision in exceptional circumstances when approval of an extension of Credit is required at short notice, the Managing Director may get approval of the proposal by circulation with recommendation of Credit Risk Management. Concern approver can approve waiver on any documentation deficiency at the time of disbursement, if required/ justified. However, Board may review the above delegated approval authority time to time based on business volume, product nature and Bangladesh Bank guidelines

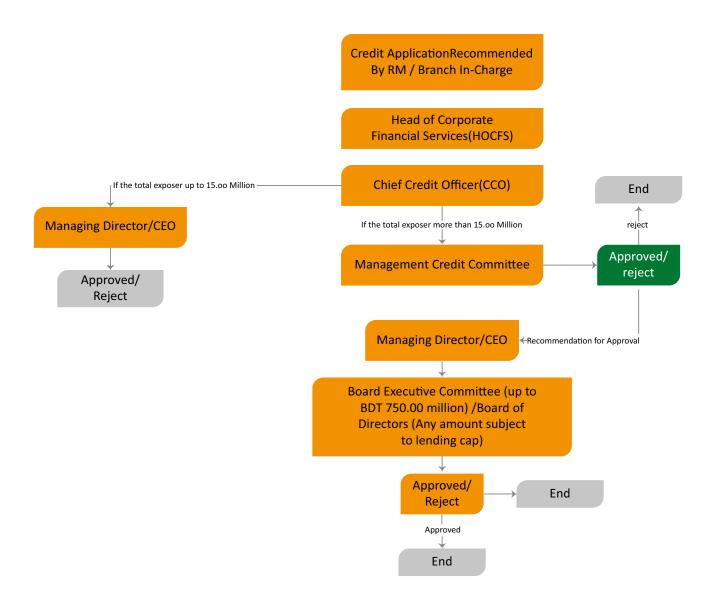

Annual Review and Renewal Standards

All credit files must be updated and the credit relationship analyzed as warranted by changes in facts and circumstances. Renewal periods to be properly aligned with the year-end financials. It is the responsibility of the business unit, for each relationship, that at least once every 12 months the following occurs:

- Facilities are reviewed
- Credit files are updated and reviewed
- Material changes are identified and analyzed, if necessary
- Renewal of facilities is approved

Annual review and renewal of revolving facilities to be commenced at least two months prior to expiry of facility. If for any reason, the facility cannot be reviewed within two month period, the rationale must be documented and approved by the Managing Director. Material Changes in the Facilities: When an existing credit facility (ies) undergo (es) any other changes, the materiality must be determined by the approver/ Chief Credit Officer for the affected facility (ies). Material changes may include changes in the tenor, amortization, guarantee or support. If the change is determined to be "material", Total Facilities must be reapproved by the respective approver. In case of changes of purpose, tenor and mode of disbursement of approved facility, Chairman of the Board or the Chairman of the Board Audit Committee can approve through mail. The Business

may be allowed to continue with the previously approved facilities for up to 90 days following the expiration date of the facilities, unless otherwise stated in the approval package.

Approval Expiration

The approval of a credit facility for a specific transaction is valid for 90 days unless specifically approved otherwise.

Appeal Process

Any declined credit may be re-presented to the next higher authority for reassessment/approval. However, there should be no appeal process beyond the Managing Director

Credit Risk Grading (Crg)

Credit risk grading is an important tool for credit risk management as it helps the Financial Institutions to understand various dimensions of risk involved in different credit transactions. The process allows to compare different borrowers under a standardized scale and the aggregation of such grading across the borrowers, activities and the lines of business can provide better assessment of the quality of credit portfolio.

Frequency of Preparing CRG

The credit risk grading system is vital to take decisions both at the pre-sanction stage as well as post-sanction stage. At the pre-sanction stage, risk grading helps the sanctioning authority to decide whether to lend or not to lend, the lending price, the extent of exposure etc.

At the post-sanction stage, credit grading helps decide about the depth of the review or renewal, frequency of review, periodicity of the grading, and other precautions to be taken.

Functions of Credit Risk Grading

Well-managed credit risk grading systems promote financial institution safety and soundness by facilitating informed decision-making. In line with Bangladesh Bank core risk manual and following the industry best practices, for each and every loan cases CRG score is calculated using the predetermined CRG format suitable for respective loan products. This allows FI management and examiners to monitor changes and trends in risk levels. The process also allows FI management to manage risk to optimize returns.

Use of Credit Risk Grading:

- The Credit Risk Grading matrix allows application of uniform standards to credits to ensure a common standardized approach to assess the quality of an individual obligor and the credit portfolio as a whole
- As evident, the CRG outputs would be relevant for credit selection, wherein either a borrower or a particular exposure/facility is rated. The other decisions would be related to pricing (credit spread) and specific features of the credit facility
- Risk grading would also be relevant for surveillance and monitoring, internal MIS and assessing the aggregate risk profile. It is also relevant for portfolio level analysis

Credit Risk Grading Process:

The following step-wise activities outline the detail process for arriving at credit risk grading.

Step I: Identify all the Principal Risk Components (Quantitative & Qualitative)

Step II: Allocate weightings to Principal Risk Components

Step III: Input data to arrive at the score on the key parameters.

Step IV: Arrive at the Credit Risk Grading based on total score obtained.

Credit Risk Control

Credit Risk mitigation

Transactions are entered into primarily on the strength of a borrower's creditworthiness, ability to repay, and repayment sources. To mitigate credit risk, the Company accepts collateral as security, subject to credit policies on collateral eligibility. Types of collateral include cash and marketable securities; residential and commercial real estate; commercial & private vehicles; and other tangible business assets, such as inventory and equipment.

The value of collateral is prudently assessed on a regular basis, and valuations are performed by independent appraisers. Discounts are applied to the market value of collateral, reflecting the quality, liquidity, volatility, and collateral type. The loan-to-value ratio is a key factor in the credit granting decision. LBFL also accepts guarantees from individuals, corporates, and institutions as a form of support.

Some netting and collateral agreements may contain rating triggers, although the thresholds in the majority of our agreements are identical in the event of a one-notch rating downgrade. Given the Company's investment grade rating, there is minimal increase in collateral required to be provided to our counter parties if there is a one-notch downgrade of our credit rating.

Non-performing Loan Scenario of LBFL

	20	14	2015		
Particu- lars	Allibuilt % of Port		Amount of Out- standing	% of Port- folio	
Unclassi- fied	21974.2	90.56%	33985.88	94.36%

Total CL [SS+DF+- BL]	1156.78	4.77%	1339.18	3.72%	

Managing Credit Risk Concentrations

Credit risk concentrations exist in lending to single customer groups, borrowers engaged in similar activities, or diverse groups of borrowers that could be affected by similar economic or other factors. To manage these concentrations, exposure limits are established for single borrowing groups, counter parties, industry segments, countries, and crossborder transfer risks. Limits are aligned with the Company's business strategy and resources, and take into account the credit quality of the borrower, available collateral, regulatory requirements, and country risk ratings. Limits are typically set taking into consideration factors such as impact on earnings and capital as well as regulatory constraints.

The Company is in compliance with Section 14 of the Financial Institutions Act, 1993 which limits its exposure to any single client in Bangladesh to not more than 30% of our Equity.

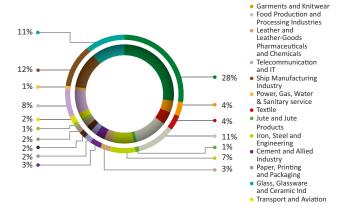

Credit Concentration Risk (Sector wise)

Name of Sector (Figure Million)	As on 31/12/14	As on 31/12/15

Sector Exposure as on December 2015

The Company has been able to anticipate areas of potential weakness at an early stage through the regular monitoring of the credit quality of our exposures, with an emphasis on a proactive and forward-looking approach to early problem recognition. We value long-term relationships with our customers by working closely with them at the onset of their difficulties. Applying specialist remedial management

techniques even before the loan becomes non-performing allows us to maintain sound asset quality and promote customer loyalty and retention. Loans are categorized as "Special Mention", while non-performing loans ("NPLs") are categorized as "Substandard", "Doubtful", or "Bad & Loss" in accordance with FID Circular No. 08 & 11 of Bangladesh Bank. These indicators allow us to have a consistent approach to early problem recognition and effective remedial management.

LankaBangla has established specialist and centralised units to manage problem exposures to ensure timely NPL reduction and maximise loan recoveries. Time, risk-based, and discounted cash flow approaches are deployed to optimise collection and asset recovery returns, including monitoring set indicators like delinquency buckets, adverse status, and behavioural score trigger points for consumer NPLs. The Company uses a suite of collection information systems to constantly fine-tune and optimise its Objectives of recovery, effectiveness, and customer retention.

Provision for Lease/Loans

The Company maintains allowances for loans that are sufficient to absorb credit losses inherent in its loan portfolio. Total loan loss reserves comprise specific allowances against each NPL and a portfolio allowance for all loans on books to cover any losses that are not yet evident. The Company's policy for loan provisions is guided by Bangladesh Bank's FID Circular No. 08 & 11. Assessment for impairment is conducted on a loan-by-loan basis. The exceptions are homogenous loans (such as housing loans, consumer loans, and credit card receivables) below a certain materiality threshold, where such loans may be pooled together according to their risk characteristics and collectively assessed according to the degree of impairment, taking into account the historical loss experience on such loans. Portfolio allowances are set aside based on management's credit experiences and judgment for estimated inherent losses that may exist but have not been identified to any specific financial asset. Credit experiences are based on historical loss rates that take into account geographic and industry factors. A minimum 2%/5% for House Loan and 1% Provision for Other Lease/Loan portfolio is being made as the mentioned FID Circulars.

WRITE-OFFS

Loans are written off against Provisions when recovery action has been instituted and the loss can be reasonably determined.

Ceasing of Interest Accrual on Loans

When a loan is classified "Substandard", "Doubtful", or "Bad & Loss", interest income ceases to be recognized in the income statement on an accrual basis. However, this non-accrual of interest does not preclude the Company's entitlement to the interest income as it merely reflects the uncertainty in the collect ability of such interest income.

Collateral Held Against NPLs

Land, Real estate, Shares, FDRs in Bangladesh forms the main type of collateral for the Company's NPLs. The realisable value of the collateral is used to determine the adequacy of the collateral coverage. Proceeds from the sale of collateral

Market Risk Management

Market risk is the risk of loss of income or market value due to fluctuations in market factors such as interest rates, foreign exchange rates, equity and commodity prices, or changes in volatility or correlations of such factors. LBFL is exposed to market risks from its trading and client servicing activities. Company's market risk management strategy and market risk limits are established within the Company's risk appetite and business strategies, taking into account macroeconomic and market conditions. Market risk limits are subject to regular review.

Market Risk Management Oversight and Organisation

The Risk Management Forum (RMF) is the senior management committee that supports the Board Audit Committee and the CEO in market risk oversight. The Risk Management Forum establishes market risk management objectives, framework, and policies governing prudent market risk taking, which are backed by risk methodologies, measurement systems, and internal controls.

The Risk Management Forum is supported at the working level by the Risk Management Division (RMD). RMD is the independent risk control unit responsible for operationalising the market risk management framework to support business growth while ensuring adequate risk control and oversight.

Market Risk Management Approach

Market risk management is a shared responsibility. Business units are responsible for undertaking proactive risk management along with their pursued trading strategies, while the Risk Management Division acts as the independent monitoring unit that ensures sound governance practices. Key risk management activities of identification, measurement, monitoring, control, and reporting are regularly reviewed to ensure they are commensurate with the Company's market risk taking activities.

Market Risk Identification

Risk identification is addressed via the Company's new product approval process at product inception. Market risks are also identified by our risk managers who pro-actively interact with the business units on an ongoing basis.

Stress Testing And Scenario Analysis

The Company also performs stress testing and scenario analyses to better quantify and assess potential losses arising from low probability but plausible extreme market conditions. The stress scenarios are regularly reviewed and fine-tuned to ensure that they remain relevant to the Company's trading activities, risk profile, and prevailing and forecast economic conditions. These analyses determine if potential losses from such extreme market conditions are within the Company's risk tolerance and capital level.

Asset Liability Management

Asset liability management is the strategic management of the balance sheet structure and liquidity needs, covering funding liquidity risk management, structural interest rate management and structural foreign exchange management.

Asset Liability Management Oversight and Organization

The Asset Liability Management Committee ("ALMCO") is responsible for the oversight of our Group liquidity and balance sheet risks. The ALCO is chaired by the CEO and includes senior management from the business, risk and support units. The ALCO is supported by the Treasury department with a Line reporting to Risk Management Division.

Asset Liability Management Approach

The Asset Liability Management framework comprises liquidity risk management, structural interest rate risk management and structural foreign exchange risk management.

Liquidity Risk

The objective of liquidity risk management is to ensure that there are sufficient funds to meet contractual and regulatory financial obligations as well as to undertake new transactions. Our liquidity management process involves establishing liquidity management policies and limits, regular monitoring against liquidity risk limits, regular stress testing, and establishing contingency funding plans. These processes are subject to regular reviews to ensure that they remain relevant in the context of prevailing market conditions.

Liquidity monitoring is performed daily within a framework for projecting cash flows on a contractual and behavioral basis. Simulations of liquidity exposures under stressed market scenarios are performed and the results are taken into account in the risk management processes. Structural liquidity indicators such as liquidity and deposit concentration ratios are employed to maintain an optimal funding mix and asset composition. Funding strategies are in place to provide effective diversification and stability in funding sources across tenors, product and geography. In addition, we maintain a level of liquid assets exceeding the regulatory requirement for use in the event of a liquidity crisis. These assets comprise

statutory reserve eligible securities as well as marketable shares and debt securities.

Operational Risk Management

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people, systems and management, or from external events. Operational risk excludes legal risk and reputation risk. The Company's operational risk management aims to minimize unexpected and catastrophic losses and to manage expected losses. This enables new business opportunities to be pursued in a risk-conscious and controlled manner.

Operational Risk Management Oversight and Organisation

The Risk Management Forum (RMF) is the senior management committee that oversees the execution of the Company's Operational Risk Management, Information Security and Technology Risk practices, and ensures that the respective risk management programs are appropriate, effective, and support the Company's business strategy. RMF also has oversight over the management of the Company's fiduciary, reputational and legal risks. The Risk Management Division establishes the framework, including policies and methodologies for Operational Risk Management. The RM

division also provides independent oversight of operational risk monitoring and control. These programs are actively implemented through the respective operational risk coordinators or managers in the business units.

Operational Risk Management Approach

The Company manages operational risks through a framework that ensures operational risks are properly identified, managed, monitored, mitigated, and reported in a structured and consistent manner. The framework is underpinned by an internal control system that reinforces the Company's control culture by establishing clear roles and responsibilities for staff and preserving their rights in executing their control functions without fear of intimidation or reprisal. The Company recognises the importance of establishing a risk-awareness culture in the managing of operational risk through embedding risk management in the Company's core processes.

Each business unit undertakes regular self-assessment of the risk and control environment to identify, assess, and measure its operational risks, which include regulatory and legal risks. Risk metrics are also used to detect early warning signals and drive appropriate management actions before risks materialize into material losses. Senior management also attests annually to the CEO and Board Audit Committee on the effectiveness of the internal control system, as well as report key control deficiencies and appropriate remedial plans. Operational risk losses and incidents are used as information for reporting and for providing risk profiling information to senior management and the Board Audit Committee.

For information security, the Company protects and ensures the confidentiality, integrity, and availability of its information assets through implementing appropriate security controls to protect against the misuse or compromise of information assets. New and appropriate security technologies are regularly identified and implemented as part of the Company's technology risk management strategy to mitigate any possible threats to the Company's information technology environment. To mitigate the impact of unforeseen operational risk events, Company management has implemented business continuity management and crisis management programmes to ensure the uninterrupted availability of all business resources to support essential business activities.

The Company's Fraud Risk Management and whistle-blowing programmes help prevent and detect fraud or misconduct, as well as enable rapid and co-ordinated incident responses, including establishing the cause, remedial actions, and damage control procedures. The Company is on the way to strengthening its Fraud Risk Management infrastructure to manage emerging threats through new programmes and initiatives.

Basel-II Classified Operational Risk Areas

Operational risks were addressed by incorporating the six (6) core operational risks listed in BASEL II Guidelines, and the corresponding risk activities.

i. Internal Fraud

Loss due to acts of a type intended to defraud, misappropriate property or circumvent regulations, the law or company policy, excluding diversity / discrimination events, which involves at least one internal party

ii. External Fraud

Losses due to acts of a type intended to defraud, misappropriate property or circumvent the law, by a third party

iii. Employment Practices and Workplace Safety

Losses arising from acts inconsistent with employment, health or safety laws or agreements, from payment of personal injury claims, or from diversity / discrimination events

iv. Clients, Products & Business Practice

Losses arising from an unintentional or negligent failure to meet a professional obligation to specific clients (including fiduciary and suitability requirements), or from the nature or design of a product

v. Damage to Physical Assets

Losses arising from loss or damage to physical assets from natural disaster or other events

vi. Business Disruption & Systems Failures

Losses arising from disruption of business or system failures

GROWING WITH GREEN

vii. Execution, Delivery & Process Management

Losses arising from Transaction Capture, Execution and Maintenance

Reputation Risk management

Reputation risk is the current or prospective risk to earnings and capital arising from adverse perception of the image of the Company on the part of customers, counter-parties, shareholders, investors and regulators. The Company has a reputation risk management programme to manage any such potential current, or future adverse impact on earnings and continued access to sources of funding. The programme

focuses on understanding and managing our responsibilities toward our different stakeholders, and protecting our reputation. A key emphasis of the programme is effective information sharing and engagement with stakeholders.

Regulatory, Compliance and Legal Risks

Each business unit is responsible for the adequacy and effectiveness of controls in managing the Regulatory, Compliance and Legal risks. An annual Regulatory Compliance Certification is provided by senior management to the CEO and Board Audit Management Committee on the state of regulatory & legal compliance.

Capital Adequacy and Market Discipline

Significance of Capital Adequacy

Capital is the foundation of any business. In a Financial Institution, capital is a prime factor to consider when assessing the safety and soundness. It acts as a cushion in case the value of the bank's assets decline and liability rises. Maintaining a minimum capital level is of paramount importance for a Financial Institution so that adequate protection against risk can be ensured. A strong Capital Management Policy protects an organization by identifying and mitigating risks, as well as establishes a base of confidence by depositors, creditors, and other stakeholders.

Capital Adequacy gives a view on a Financial Institution's financial strength and stability. Adequate capital provides assurance to the stakeholders on the company's ability to provide consistent services.

Capital Adequacy is a basis for measurement of the amount of capital that the FI needs to hold to ensure that no excess leverage is taken that would lead to insolvency. Capital Adequacy is best expressed as the Capital Adequacy Ratio (CAR), also known as Capital to Risk Weighted Assets Ratio. CAR is a measure of a FI's eligible capital expressed as a percentage of its risk weighted asset. The objective of CAR is built around the Market Discipline, whereby depositors' get a standardized measurement on the extent to which their wealth is exposed to risk, and thereby establish confidence on the Financial Institution's operations. The CAR measurement is also directed towards making a FI's capital more risk sensitive and shock absorbent.

Basel II guidelines are formed on three features as follows:

- (1) Minimum capital requirements to be maintained by a bank against credit, market, and operational risks.
- (2) Process for assessing the overall capital adequacy aligned with risk profile of a bank as well as capital growth plan.
- (3) Framework of public disclosure on the position of a bank's risk profiles, capital adequacy, and risk management system. This forms the basis of Market Discipline.

The three tiers of regulatory capital are as follows: Tier 1 Capital, Tier 2 Capital, and Tier 3 Capital.

- Tier 1 Capital, also called the 'Core Capital', is the core measure of a bank's financial strength from a regulator's point of view. Banks have to maintain at least 50% of required capital as Tier 1 capital.
- Tier 2 Capital is called the 'Supplementary Capital' and represents other elements which fall short of some of the characteristics of the core capital but contribute to the overall strength of a bank.
- Tier 3 Capital is called the 'Additional Supplementary

Capital' and consists of short-term subordinated debt. This capital base is solely for the purpose of meeting a proportion of capital requirements for market risk.

The computation of the three capital grades are subject to the following conditions:

- (1) Tier 2 Capital amount will be limited to 100% of the amount of Tier 1 Capital.
- (2) 50% of revaluation reserves for fixed assets and securities, and 10% of revaluation reserves for equity instruments are eligible for Tier 2 Capital.
- (3) Subordinated debt shall be limited to a maximum of 30% of the amount of Tier 1 capital.
- (4) A minimum of around 28.5% of market risk needs to be supported by the Tier 1 capital. Market risk must be supported by Tier 3 capital up to a maximum of 250% of Tier 1 capital, available after meeting the necessary credit risk capital requirement.

Common capital ratios as per the regulatory requirements are as follows:

Capit	Statutory Limits	
Core Capital ratio	Core Capital ratio = Core Capital	
core capital ratio	Risk-adjusted assets	>= 5%
Total capital (Core	=Total Capital (Core+Sup-	
and Supplementary	plementary)	>= 10%
Capital) ratio	Risk-adjusted assets	

Effective risk management is considered as a central part of the financial and operational management of any company, whereby company sustainability and consistent profit generation are ensured. Only by adopting and strengthening risk management measures can the company deal with the complex and dynamic business environment.

Group Risks are managed on an integrated basis. Risk management is incorporated in the Group decision making

with regards to strategic planning. The diagram below illustrates this concept.

The risks which form the basis for effective risk management are: credit, market, operational, and liquidity risks.

 Credit Risk is a risk that the FI will not be able to recover the money it has owed. It occurs due to failure of the counter party to meet its obligations to pay the company in accordance with the agreed terms. The risk depends on the financial strength of the party owing to the bank as well as market factors that affect the value of assets used as lien against the loan.

Credit risk calculation recognizes and adjusts for two factors:

- On Balance Sheet credit exposures refer to the credit risks that the various assets in the balance sheet are exposed to. These assets are weighted according to the degree of the risks exposed.
- Off Balance Sheet credit exposures refer to the credit risks on the credit equivalent amounts of the various off balance sheet items.
- Market Risk is the potential for loss in earnings or in economic value of the FI's asset portfolio due to adverse changes in financial market rates or prices. The preferred approach to calculating this risk is VaR (Value at Risk).
- Operational Risk is the risk of a change in value caused by the fact that actual losses, incurred for inadequate or failed internal processes, people and systems, or from external events (including legal risk), differ from the expected losses. The risk can be deliberate, accidental or natural. The FI's objective is to minimize the operational risk exposure within a framework of policies and procedures.

Risk Weighted Assets (RWA) is a Financial Institution's assets or off-balance-sheet exposures, weighted according to risk. By adjusting the amount of each asset for an estimate of how risky it is, a rough measurement of the company's financial stability can be determined.

Capital Adequacy Details of LankaBangla Finance Ltd.

Capital Adequacy

At LankaBangla Finance Ltd, Capital Management Policy sets out the principles and guidelines for effective and prudent capital planning, usage, and management. The policy delineates the minimum criteria for ensuring that adequate capital is met and effective management is performed. Capital Adequacy is explicitly followed in adherence to the statutory compliance and regulatory requirements of Basel II guidelines, affected by Bangladesh Bank from 1st January 2010. The guidelines are prudently followed to safeguard the LBFL's ability to continue as a going concern, by establishing a strong capital base, and to maintain high credit rating as well as the confidence of the investors and creditors.

At LBFL, capital planning is done in alignment with the company's risk appetite and profile. Capital goals are set to

incorporate both normal and stressful business conditions. As such, the goals take into considerations current and future regulatory requirements and economic conditions, and the expectations of stakeholders.

Capital targets accommodate forward looking viewpoints on economic outlook, company's current financial condition, and future uncertainties inherent in capital planning.

In line with this objective, capital base is set at a level (0.5% to 1%) higher than the regulatory requirement, while capital target will be 1% to 2% higher than the minimum CAR. This ensures full compliance as well as a buffer against capital loss during stressful situations.

The company emphasizes on strong capital management through the followings:

- Oblige to regulatory requirements of capital base maintenance.
- Supply and demand forecast of capital to support business strategy and continuity.
- Incorporate rolling capital plan covering a time horizon of two to three years.
- Internal Controls and Governance to manage company's risk, performance and capital.

Capital strategies are periodically reviewed to ensure that strong governance and process framework are in place for effective risk management. Material capital risk is assessed periodically which supports the company's internal capital adequacy requirements.

The scope of application of such guidelines applies to 'Solo' as well as to the 'Consolidated' basis.

- 'Solo Basis' refers to all position of the FI and its local and overseas branches/offices.
- 'Consolidated Basis' refers to all position of the FI (including its local and overseas branches/offices) and its subsidiary companies engaged in financial (excluding insurance) activities like merchant banks, brokerage firms, discount houses, etc.

Since LBFL has subsidiary companies, the guidelines apply to both 'Solo' and 'Consolidated' basis.

Breakdown of each category of eligible capital is given below.

Core Capital of LankaBangla Finance Ltd. is as follows:

Risk Management

At LankaBangla Finance Ltd, disciplined risk management is considered as the key to organizational success. With that objective in mind, strong management structure and risk management system, along with robust policies, are developed to allow the company to manage the internal and external, and regulatory environments. A robust risk management framework is built to effectively cover the necessary requirements of managing risk. Establishment and oversight of the Group's risk management framework lies with the Company's Board of Directors. The risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk control standards, and to monitor the risks and adhere to defined policies. Protocols and responsibilities are clearly delineated such that decision making with regards to risk management are taken positively. LBFL contemplate on having the industry practices of identifying, measuring and controlling risks. The Risk management policies and systems are reviewed regularly to reflect changes in market conditions and operations. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

By implementing rigorous risk management policy, risk adjusted returns are maximized, while ensuring that the company remains within its desired risk appetite. Emphasis is given on establishing a risk management culture which takes into account the underlying assertions:

- Risk considered must be in line with the company's goals, and also must support the company's risk appetite.
- Responsibility of identifying and taking risks within the organization lies with every employee. The company carries the overall responsibility of ensuring that the risktaking within the organization is disciplined and focused.
- Accountability is ensured by taking risk agreed by the respective company authorities and also assuring that the risks taken are transparent, controlled, reported and falls within the appropriate infrastructure and resource.
- Future risk emergence is identified and necessary steps taken to anticipate its impacts.
- Effective Risk Management Policy and Controls are founded to use the risk as a competitive advantage.
- Continuous improvement of the risk management approaches and methodologies to enhance current risk policies.
- Analyze and establish any new or improved policy to strengthen the company's risk management position.
- Ensuring consistent statutory compliance with regards to capital adequacy and risk management.

In accordance with the Basel II guidelines, LBFL takes precautionary methods against credit, market, operational, and liquidity risks.

Credit Risk is effectively measured and managed through a framework of policies and procedures. All credit exposures undergo proper approving authority as a mean of effective management of counter party credit risk. A defined structure is established for delegation of credit approval authority and for monitoring compliance with appetite.

Proper due diligence is applied to review the credit applications. Defined processes and procedures are used to support credit underwriting activities at levels of the business. As a part of proper underwriting standards, appropriate valuations of collaterals are done for secured credits.

A counter party is also required to have an approved limit in place, prior to draw down of funds. Every credit party is subject to credit rating, and the rating is actively monitored as a part of effective credit risk management. Account level activity along with limit utilization monitoring is set as a part of risk trigger mechanisms. This helps to identify early alert situations based on which the company can take proper actions. Potential problem accounts are identified, investigated, controlled and monitored.

Past dues and impaired exposures are defined in accordance with the relevant Bangladesh Bank regulations. Specific and general provisions are computed

periodically in accordance with the Bangladesh Bank regulations. The Group writes off a loan or an investment debt security balance, and any related allowances for impairment losses, when Group Credit determines that the loan or security is non-collectable. This determination is made after considering information such as the occurrence of significant changes in the borrower's / issuer's financial position such that the borrower/issuer can no longer pay the obligation, or that proceeds from collateral will not be sufficient to pay back the entire exposure.

 Market Risk management is set as per the parameters defined in the policy. The objective of the Group's market risk management is to manage and control market risk exposures set within the acceptable parameters, thereby ensuring solvency while optimizing the Group's risk return strategy.

Sufficient oversight and reporting are conducted for management of market risk profile. Overall authority for market risk rests with the ALCO. Setting market liquidity as the primary factor for determining the level of limits for portfolio trading, ALCO provides limits for each type of risk in aggregate and for individual portfolios.

The table below gives details of Market Risk:

Figures in BDT Million

Capital Require-	Sc	olo	Consolidated		
ments	2015	2014	2015	2014

Foreign Exchange Risk	-	0.01	-	0.01	
Commodity Risk	-	-	-	-	
Total	214	240	682	633	

 Operational Risk framework is designed to ensure operational risk identification, assessment, control and monitoring at business and group level. Management of operational risks is an integral part of the roles played by business and the functional teams.

The Risk Management Division oversees whether the operational risk exposures fall within the policy. Defined standards of measurement are also outlined which plays one of the critical roles of ensuring that the risks are managed within the acceptable tolerance limits. The policies and standards are also reviewed periodically to keep the framework updated.

The types of events that could result in material operational risk loss or business disruptions are as follows:

- Internal and external fraud
- Damage to physical assets
- Business process disruptions and system failures
- Failure in service executions and deliveries, as well as process management
- Liquid Risk is managed by the ALCO team within the predefined liquidity limits set by and in compliance with the policies and regulatory requirements. The Treasury division oversees the implementation of policies and other controls relating to liquidity risks while managing the liquidity position of the company on a day to day basis.

RWA figure is calculated on the basis of credit, market, and operational risks. Total RWA is determined by first multiplying the amount of capital charge for market risk and operational risk with the reciprocal of the minimum CAR. The resulting figure is added to the sum of the risk weighted assets for credit risk.

Total Risk Weighted Asset

Figures in BDT Million

Dentirolen	S	Solo	Consolidated		
Particulars	2015	2014	2015	2014	
Credit Risk					
1. On- Balance Sheet	36,863	28,471	38,858	31,958	
2. Off - Balance Sheet	-	-	-		
Market Risk	2,135	2,395	6,820	6,329	
Operational Risk	2,030	1,770	2,573	3,120	
Total RWA	41,028	32,636	48,251	41,407	

Based on the data derived, the Capital Adequacy Ratio (CAR) is calculated. LankaBangla Finance Ltd. follows the standard CAR measurement method.

Capital Adequacy

Figures (except percentage) in BDT Million

Doubland	Sc	olo	Consolidated		
Particulars	2015	2014	2015	2014	
Core Capital	5,459	4,648	6,115	6,223	
Supplementary Capital	357	269	357	269	
Total Eligible Capital	5,815	4,917	6,472	6,492	
Risk Weighted Assets (RWA)	41,028	32,636	48,251	41,407	
Capital Adequacy Ratio	14.17%	15.07%	13.41%	15.68%	
Core Capital to RWA	13.30%	14.24%	12.67%	15.03%	
Supplementary Capital to RWA	0.87%	0.83%	0.74%	0.65%	
Minimum Capital Requirement (10% of RWA)	4,103	3,264	4,825	4,141	
Excess Capital Over Regulatory Requirement	1,712	1,653	1,647	2,352	

The CAR figure of LankaBangla Finance Ltd. can be seen to be comfortably above the Bangladesh Bank's CAR requirement of 10%. This is in line with the institution's approach to being compliant, establish investors' confidence, and demonstrate company stability.

Statement on Non-performing Loan (NPL) Management

Non Performing Loan (NPL) is a debt obligation where the borrower has not paid previously agreed upon interest and principal repayments to the designated lender for an extended period of time. The nonperforming asset is therefore not yielding any income to the lender in the form of principal and interest payments. Therefore, managing Non-performing Loan (NPL) to keep it at the lowest possible level is at the core of our business priorities. We have embedded the essence of asset quality in our business values, therefore, instituted the best local as well as international industry practices throughout our business processes.

Business Processes and Structures to Facilitate NPL Management:

NPL management is one of the topmost priorities of the management of LankaBangla. At LankaBangla, NPL management starts from the very beginning of our business process. Step by step NPL management flow is as under:

- We have developed credit policies in line with the best practices which are the guiding principles for our sales and relationship teams which drive their business efforts towards quality business through systematic management of any potential risk of NPL.
- Our Credit Risk Management (CRM) division independently reviews the credit proposals, approves (as per approved delegated authority) or recommends for onward approval those cases which are screened off of potential risks ensuring adequate protection against any potential NPL. The reporting authority of CRM division is also independent of reporting line of business division.
- The credit proposals recommended by CRM are reviewed by Management Credit Committee (MCC) consisting of the Managing Director, Deputy Managing Director and Heads of business divisions, operations division and CRM division, who put into a wide variety of inputs from different aspects ensuring the least possibility of NPL.
- Thereafter, credit proposals recommended by MCC are reviewed and if found acceptable, approved by the concerned authority which may be the Managing Director, the Board Executive Committee (BEC) or the Board of Directors (BOD) independently.
- Even after approval of credit facilities, the post approval activities like credit facility documentations and executions are carried out by separate department namely Asset Operations Department and vetting of credit facility and collateral documentations are taken care of by separate department namely Legal Affairs Department under centralized Operations Division which are independent of reporting line of business departments and divisions to avoid conflict of interests.
- For post disbursement activities like monitoring,

collection, early alerts, etc. sales and relationship teams hold prima-facie responsibility to ensure their accountability towards quality asset portfolio, However, to put into more and rigorous monitoring, separate department namely Asset Recovery & Monitoring Department continuously thrives for protection before assets turn into NPLs. Regular due date and overdue status reminders through SMS, e-mails, letters, telecommunications, meetings, discussions, visits, etc with the clients are consistently carried out by the department which facilitates managing NPL at the lowest possible level.

- For managing NPL cases arising out even after all the efforts as mentioned above, a dedicated department namely SAM (Special Asset Management) Department is in place to directly monitor, put into action and intensify recovery and settlement drives through dedicated internal recovery officers and also third party collection service providers, where necessary. Litigation Unit of Legal Affairs Department is well organized with the assistance of leading law firms of the country to ensure all out legal actions for collection.
- Risk Management Division and its Internal Control & Compliance (ICC) Unit, Enterprise Risk Management (ERM) Unit and Audit & Inspection (AI) Unit are consistently reviewing and monitoring the implementation and execution of the policies, procedures, and systems; blowing whistles where necessary; updating with approval of competent authority the policies, procedures, and systems with the assistance of the Information Technology (IT) Division and other stake-holding divisions;
- The senior management is vigilant to monitor and review all the relevant aspects; provides necessary directions and guidance time to time; all to ensure asset quality maintaining the NPL ratio towards its desired goals outperforming the industry ratio.
- On top of all, the Board of Directors periodically monitors and reviews the NPL movements and performance of the management in arresting NPL; provides necessary directions and guidance, thereby ensures highest quality of assets of the company to ensure a quality asset portfolio thereby maximize business and profitability growth.

Strategies for NPL Management:

The recovery strategies are formulated based on analysis carried out through the following three sub-functions:

- i) Classification of loan portfolio
- ii) Trend analysis of the overdue installments
- ii) Processes of recovery

i) Classification of Loan Portfolio

Loans are classified into the following categories:

- a) Regular accounts
- b) One month's overdue accounts
- c) Two months' overdue accounts
- d) Three months' overdue accounts
- e) Four months' overdue accounts
- f) Five months' overdue accounts
- g) Suspended accounts (Special Asset)

The above mentioned classification is based on the age of the loan portfolio. The strategy of recovery is based on the age of overdue of the loan facility.

ii) Trend Analysis of the Overdue Loans

The data of the outstanding loan portfolio is analyzed in two respects, namely, Sector-wise Age Analysis and Client-wise Age Analysis. From each of these two reports a trend analysis is carried out. The details are given below. External data are utilized to do the analysis:

Sector-wise Age analysis

This report provides information on the sectoral default level of the loan portfolio. If the default happens to be random in nature for a particular sector, the client-wise age analysis is emphasised. If any sectoral default is evident the following further analysis is carried out.

Industry Sales Analysis: This analysis is carried out by collecting data from the external sources to find the causes of the sectoral sales decline. The nature of the causes (temporary or permanent) is also analyzed.

Industry Profitability Analysis: This analysis is carried out in order to find out the fluctuation of the profit margin of the sectors. The causes of the fluctuations are also analyzed to uncover the nature of the fluctuations (temporary or permanent).

Industry liquidity Analysis: This analysis is carried out in the context of national economic activity, monetary condition to find out the immediate liquidity situation of the industry and be prepared to face the reality of the business.

Industry Change Analysis: This analysis is carried out to find out changes in the industry in terms of technology, investment, development of substitute product, etc.

The objectives of the sector-wise age analysis are following:

- Take immediate action to realise the default outstanding by way of rescheduling, suspending or terminating the agreement.
- ii) Provide investment advices to the client to help them recovering from turmoil.
- iii) Adopt alternate strategies with respect to loan finance to the sector.
- iv) Adopt new criteria for future reference in appraisal procedure.

Client-wise Age Analysis

This analysis is carried out to discover the clients' integrity and sincerity to pay the loan installments, their business profitability, and affectivity of their business strategy in the context of present business situation. The objective is to adopt correct strategy to recover the investment.

iii) Recovery Processes

The various recovery actions in order of intensity is given below:

- Phone Call/ SMS
- 2. Letter/ E-mail
- 3 Visi
- 4. Reminder
- 5. 2nd Reminder
- 6. Visit conducted by higher level employee/s
- 7. Letter to guarantor/s
- 8. Final letter for legal notice
- 9. Legal Notice
- 10. Report to Central Bank and to other agencies
- 11. Terminate the loan
- 12. Ask the guarantor of payment/ encashment of security
- 13. Litigation

The application of the above mentioned options are contingent upon the age of the overdue installments, causes of the overdue, etc. Few of the application are as follows:

- a) Immediately after overdue of one installment, telephonic communication/ SMS is initiated by monitoring officer. Upon failing to obtain positive result default letter is issued to the client after closure of the due month. If the letter does not bring in result an official visit is made by a collection officer to resolve the matter.
- b) If two installments are overdue, the case is analysed and necessary corrective action is taken by sending an overdue status and a claim letter; simultaneously telephone calls and/ or visits are made to give the continuous reminder.
- If the above actions fail a second reminder is given to the client through letter along with telephonic conversation.
- d) If consecutively three installments are overdue the client is taken as problem case. In this case a higher level management meeting is conducted, to take corrective action with respect to rescheduling, early realisation, etc.
- e) If the above measures fail a letter showing the details of overdue and a list of already taken corrective actions is sent to the client with C.C. to the guarantor and security provider.
- f) After six monthly installments overdue, or the account is overdue for six months, the case is taken as suspended case and legal notice, reporting to central bank, termination of loan, security encashment, final provisioning, litigation etc. are carried out chronologically.

NPL Status as on December 31, 2015:

During the year 2015, there was sizable improvement in NPL status of the Company which is represented in its NPL ratio being decreased to 3.72% from previous year's 5.08%. However, the absolute figures show slight increase in classified portfolio from BDT 1,231.91 million in 2014 to BDT 1,339.18 million in 2015. The deterioration in figures has

occurred under stress in the economy arising out of political turmoil during first quarter. Special efforts were made during the course of the year, which were further intensified during last quarter of the year and it helped reduce the impact of stressful economy on NPL to a sizable extent comparing to the industry.

The movement in NPL accounts during the year 2015 has been depicted in following table:

	BDT million
Opening Balance as on January 1, 2015	1,231.91
Add: Addition During the Year	353.95
Less: Collection During the Year	246.68
Less: Write-offs	00.00
Closing Balance as on December 31, 2015	1,339.18

Write offs:

During the year 2015, the movement in write-offs accounts is as under:

Particulars	No of Accounts	BDT million
Opening Balance as on January 1, 2015	10	517.05
Add: Addition During the Year	0	00.00
Less: Collection During the Year	1*	22.35
Closing Balance as on December 31, 2015	10	494.70

^{*} Partially received from 1 account which is however not settled in full.

Sector-wise NPL Status:

Following table shows sector-wise exposure vis-à-vis sector-wise NPL of LankaBangla.

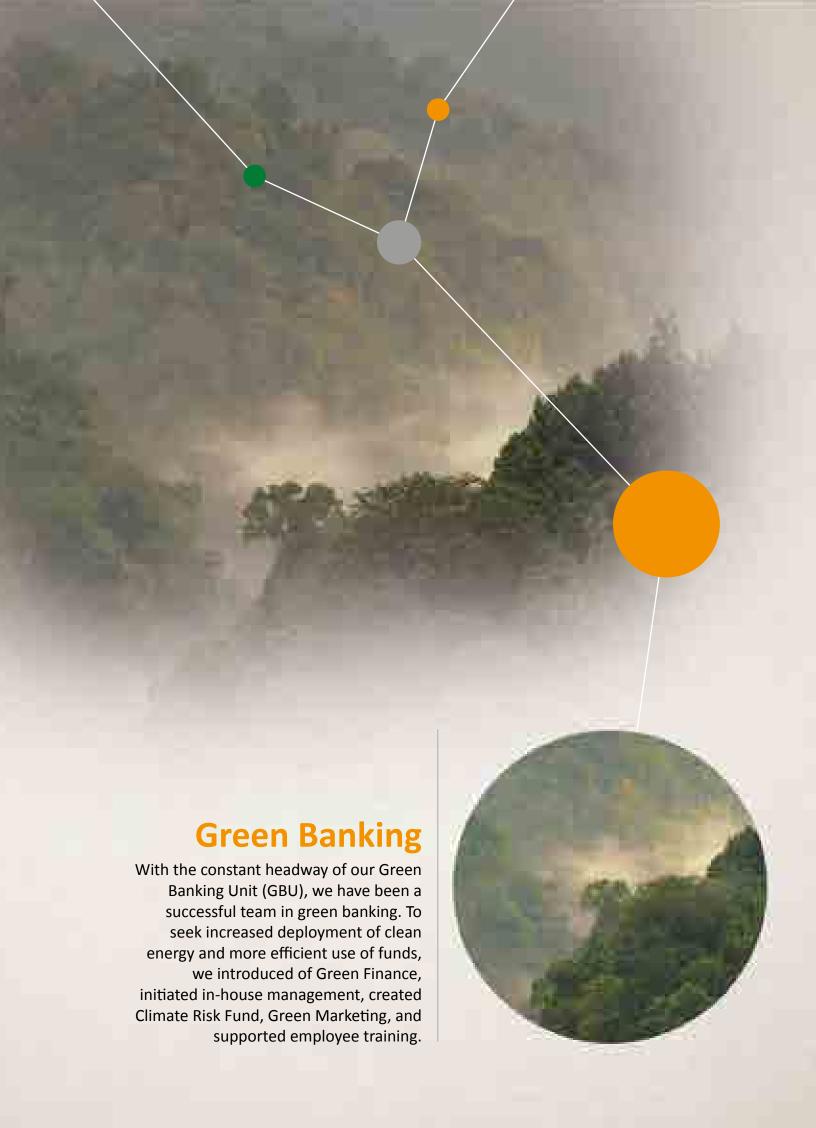

SI. No.	Particulars	Sector-wise Total Credit Portfolio (in BDT mn)	Sector- wise Credit Portfolio (in %)	Sector- wise NPL Portfolio (in BDT mn)	Sector-wise NPL % of Total Portfolio

	Grand Total	36,018.82	100.00%	1,164.64	3.72%

In order to arrest NPL our focus is not only reducing existing NPL portfolio, but also avoiding further NPL. In line with that we have strengthened our recovery & monitoring team, deployed external sources where found suitable, strengthened our legal team, thereby intensified recovery drive which brought in defaulting clients under negotiation and thereby sizable recovery was possible in year 2015 like-wise 2014. We hope further improvement in year 2016 in recovery of NPL accounts.

On the other hand, in order to check any further significant NPL, we have extensively reorganized our Organogram, reengineered business and operational processes and SLAs, strengthened pool of qualified human resources in the departments, enhanced lawyers' panel incorporating leading law firms, strengthened Risk management division, putting into a strong risk management framework in place which is expected to result in significant improvement in year 2016.

In response to increasing awareness over climate change, environmental degradation, urgent measures for sustainable development have been addressed by some of the stake holders all over the world. Banking system hold a unique position in an economy that can affect production, business and other economic activities through their procedure for financing activities which would in turn contribute to protect environment/climate from pollution. Moreover, efficiency in energy use, water consumption and waste reduction may significantly contribute for controlling operating cost of many of the banks/NBFIs of the country.

Policy formulation and Governance

In line with the global development and response to the environmental degradation and as per instructions of Bangladesh Bank, LankaBangla Finance has already established its Green Banking Policy. A Green Banking Unit (GBU) has been formed with the task of developing policies, planning and administering the green banking initiatives of the FI.

Green Banking Unit

As per the Bangladesh Bank Circular No. 04 on "Policy Guidelines for Green Banking" and LankaBangla Finance "Green Banking Policy"approved by Board. A separate Green Banking Unit (GBU) require to establish for designing, evaluating and administering activities related to green banking issues of the FI. As per the set BB circulation this unit will report to the high powered committee time to time. GBU will be under the supervision of Risk Management Division (RMD). GBU will be comprised of the representatives from each relevant division.

Following are the member of GBU, who will work together for providing input, data and preparing relevant reports as per green banking policy guidelines and Bangladesh Bank requirements.

Manager, Green Banking Unit & RMD	Ujjal Kumar	Coordinator				

Incorporation of Environmental Risk in CRM (Core Risk Management)

The Company conform the instructions stipulated in the detailed guidelines on Environment Risk Management (ERM) of Bangladesh Bank in consideration of a part of the Green Banking policy.

Introducing Green Finance

Financing in eco-friendly and environmentally sustainable business activities and energy efficient industries shall be extended through preference by all the credit delivery points. Environmental infrastructures such as renewable energy project(s), Liquid Waste Management, Alternative Energy, Fire Burnt Brick, Non Fire Block Brick, Recycling & Recyclable Product, Green Industry, Safety and Security of Factory, etc.

are encouraged and those will be financed by the company with priority.

Viability of environmental infrastructures for financing shall be assessed in line with the environmental issues i.e. how the purpose of the project(s)/business (es) & to what extent this/these is/are rewarding to the environment. Most viable project(s)/business (es)/ sector(s) shall be prioritized for financing to position the financial institution gradually as a "Carbon Neutral Financial Institution" first & then as a "Climate Positive Financial Institution".

Creation of Climate Risk Fund

The financial institution addresses environmental issues & assesses environmental risks (high/ moderate/low) of projects/businesses of different sectors in different areas those are financed by the company and create climate

153

risk fund. A comprehensive risk exposure matrix shall be developed for assessing environmental risks and reported to management credit committee of the company by the branches in the risk exposure matrix.

The fund to be allocated/created for "Green Banking" may be used as a part of CSR activities at the time of emergency.

Introducing Green Marketing

Green Marketing incorporates a broad range of activities, including products/services design, engineering, modification, new product innovation, changes to the production process & packaging encouraging the potential clients for designing Green Project as well as modifying advertising. Besides, company effectively uses green marketing channels more for widening target markets of usual products. Financial Institution takes steps that will help building awareness among common people for promoting products/services which cause least harm to the environment. Corporate Affairs Division shall plan for developing & marketing Green Banking products for offer.

Supporting employee training, Consumer Awareness and Green Event

Exclusive training programs or specialized/befitting classes in foundation or other credit related courses for incorporating Green Banking Policy Guidelines as a part of awareness building among the employees of the Company are arranged in consultation with GBPIU by the Human Resources Department. Training programs on environmental and social risk and employee awareness development should have to be implemented by the HR Department as a continuous process.

Environment Related Initiatives

LankaBangla takes environmental stewardship ahead of each year realizing the present generation's responsibility to the

future. By adopting Environmental Risk Management (ERM) Guidelines for Banks and Financial Institutions in Bangladesh, LankaBangla closely monitors the environmental impact of every steps and effectively mitigates any risks arise thereon. With more emphasis on environmental risk management programs, at LankaBangla, a noticeable increase has occurred in the amount of screening and due diligence efforts to gather information on potential environmental risks.

We take every effort to delight our clients being the growth partner in financing environment friendly products or initiatives. LankaBangla takes pride for being one of the financiers of a project having one of the largest biological Effluent Treatment Plant (ETP) of the world, the first auto brick manufacturing project to implement flexible fuel technology trapping harmful CO2 emissions and also to trade Certified Emissions Reductions (CERs) to the World Bank, country's first lub-recycling plant and so forth. Green financing has been growing steadily in our portfolio.

We have established our office environment and only allow rational use of energy and promote the spirit of environment friendly action plans. Our policy allows only energy savings bulbs at all of our service points and Head Office. While furnishing our office premises we use ISO certified paints. On top of that, LankaBangla introduced automated e-alert system to ensure secured financial information flow to its clients in Bangladesh. The launch of e-mail based Customer Statement Delivery System, added an important service to support the clients' needs, providing superior customer service to ensure delivery of account statements and transaction advices to the designated e-mail addresses of clients on time. This new system also helps to protect the environment by eliminating paper-based activities at office, protecting and preserving our environment for the next generation. In future we dream to enhance our effort on preserving ecosystems, land air and water, in line with our broad corporate mission we defined.

Corporate Social Responsibility

Corporate Social responsibility (CSR) of LankaBangla is a form of corporate self-regulation integrated into our business model based on the objective of good business for good society. LankaBangla in its core management concept and corporate responsibility integrated CSR with focus on social and environmental concerns in all business operations and interactions with its stakeholders including shareholders, customers, employees, suppliers, business partners, local communities and other organizations.

With these CSR policies & principles, our organization believes in achieving a balance of economic, environmental and social imperatives ("Triple-Bottom-Line- Approach") besides safeguarding interest of stakeholders. We have also considerably achieved efficient business operations and conscience corporate governance and compliance to facilitate smooth and effective business. As a result we have been able to contribute for our sustainable society. LankaBangla through its Foundation extends its support for underprivileged people of the community in particular to ensure their education, health and living.

CSR activities of 2015 of LankaBangla Foundation:

Supporting education of underprivileged brilliant students:

LankaBangla Foundation always stands beside the underprivileged brilliant students to pursue their higher

education. Scholarship program of the Foundation for these students is a platform to ease the challenges to reach their aim in life. We extend this continuous financial support to make their dreams come true. Supporting education sector for building an enlightened society is not new for LankaBangla. Journey started from 2010 and continues till to date with an immense priority on education for building knowledge based society.

We provide financial support to SSC completed poor brilliant students to continue their HSC and graduation with an objective to help them to become self-sufficient in life. Scholarship program is one of the sustainable programs of CSR of LankaBangla Foundation. Voices from some of the scholarship holders who achieved their aim-in-life with the support from Foundation indicate that CSR initiatives from LankaBangla significantly contributed to build a sustainable society.

In 2015, a total number of 64 students received financial assistance of BDT 2.1 million to pursue their higher education. At the end of 2015 total 5 nos. of students completed their graduation. Three of them are already in their professional life and other 2 students are still pursuing further higher education. Moreover, 5 students are pursuing their education in different Medical Colleges.

LankaBangla Foundation Scholarship was like a new sun shine in the dark nights for me. For a poor student like me, continuing higher study was difficult because I had to think about my earning to support my education. LankaBangla has taken the burden on their shoulder and gave me the chance of concentrating my full time only in study. I feel no hesitation to state that if LankaBangla were not beside me, I might not be able to continues my study properly. Throughout my under graduation LankaBangla Foundation was like a trusted, effective, exemplary and exceptional partner who had ease my path to reach my destination. I was supported by the scholarship from mid 2010 till my last month of graduation. Presently, I am working as a Fellow in Teach For Bangladesh. I am looking forward for further improvement of my career.

Mashfiq Tamim

Fellow

Teach for Bangladesh

155

I could never think of my present condition if I were not studying well in my under graduation. I could never think of effective study in my university time if the scholarship were not there. My family did not have financial strength to support for my engineering study. But LankaBangla Foundation stood beside me and supported my higher education. Soon after I got the scholarship I did not require to look back- just concentrated on my study. I have no hesitation to say if the scholarship was not there I might not be able to be here where I am now- showing all my excellences. I am indebted to LankaBangla Foundation. Thanks for the scholarship. Thanks for everything.

Tawfiq Protim

Sr. Executive, Runner Group

Financial Assistance for education for Children of deceased Ex-Officios

LankaBangla Foundation continued its support for education as part of its CSR activities. This support is extended to two female students who are daughters of two deceased officials of sister concerns of LankaBangla Finance Limited.

- (i) Foundation contributed an amount of BDT 164,000.00 (in two installments - for one year support) to Ms. Nora Sumlina (daughter of Late M. Shakil Islam Bhuiyan, Ex-CEO, LankaBangla Investments Limited) to continue her studies.
- (ii) Foundation also contributed an amount of BDT 363,655.00 (in two installments) to Ms. Auritree Ahmed (daughter of Late Mr. Golam Faruk, Ex-Managing Editor of the Daily BonikBarta) to continue her studies.

Protecting Environmental & Ecological Degradation through Tree Plantation

Another core area of CSR of LankaBangla Foundation is to extend support to protect environmental & ecological degradation through tree plantation every year. In 2015, the Foundation undertook tree plantation program on 25 August 2015 at Daudkandi Upazila. In total 1,500 saplings of fruit-bearing, wood-trees & medicine-trees were planted at the premises of different institutions and distributed among

students of different institutions of the Upazila. The plantation & distribution was supported by the local government of Daudkandi Upazila.

Support for local community to protect from Cold Wave

In Bangladesh, during winter ultra-poor people fight against cold every year and LankaBangla Foundation distributes blankets every year to facilitate better comfort to the ultra-poor people. This year the Foundation distributed more than 4,000 blankets among the cold victims poor people of different districts.

Beside the tradition, we have distributed small number of blankets to different orphanages of Gazipur, Sirajganj, Dhaka Cantonment and among hindu community of Loknath Shrine of Narayanganj.

Support for Renovation and Modernization of Library

LankaBangla Foundation donated additional financial support of BDT 210,980 to renovate & modernize Library of different Colleges. Last year for the same purpose Foundation donated an amount of BDT 2,115,956.

Creativity and Cultural Development of children is an integral part of CSR of LankaBangla Foundation

Creativity and cultural development of children is an integral part of CSR of LankaBangla Foundation. The Foundation organizes art competition for the school children every year with focus on psychological and cultural development. Our endeavor is to help the children to become familiar with our rich cultural heritage and also to explore their hidden creativity.

In 2015, LankaBangla Foundation arranged 3rd Art Competition for children in Chittagong. "Six-seasons of Bangladesh" was the theme of art competition. LankaBangla Finance Limited selected top 12 arts works and printed in the calendar of 2016 of LankaBangla with caption of the respective names of the children and his/her schools. This unique facilitation definitely boosts up the children who won the competition and also keep alive the intention of others to compete in future.

I'm Md Tuhinur Rahman, BSc (Hons), MSc (Ongoig), Dept. of Physics, University of Dhaka. I have been a stipend holder from LankaBangla Foundation (LBF) since June 2010.

Without the financial help from LBF it would be difficult to continue my study. To me LBF is the silent guardian and blessing for me and I strongly believe that other students who receive the financial help from the Foundation have the same feelings. I am blessed and privileged to have LankaBangla on my side. The way LBF helps poor talent students it is actually "Unique" and "Exemplary". I also feel that LankaBangla has the strength and goodwill to "set the bar very high" in helping poor students so that it can become one of the best Foundation. I have high hope that LBF will continue helping and encouraging the poor and talented students who face financial barrier in completing their studies.

Terms of Reference

The Terms of Reference of the Audit Committee clearly defines the roles and responsibility of the Audit Committee. The Terms of Reference is periodically reviewed and revised with the concurrence of the Board of Directors. The Audit is responsible to and reports to the Board of Directors. The Role and functions of the Committee are further regulated by the rules governing the Audit Committee as specified by the "Conditions on Corporate Governance" issued by the Securities and Exchange Commission and Guidelines on Corporate Governance & Responsibilities of Audit Committee issued by Bangladesh Bank.

Role of the Audit Committee

The role and functions of the Committee are further regulated by the rules governing the Audit Committee as specified by the Guidelines of Bangladesh Bank on 'Corporate Governance for NBFI's in Bangladesh' and also 'Conditions on Corporate Governance' by the Securities and Exchange Commission.

The main objective of the Audit Committee is to assist the Board of Directors to effectively carry on its responsibilities relating to financial and other connected affairs of LankaBangla. The Committee is empower to monitor, review and examine;-

- The integrity of the financial statements of LBFL and all subsidiaries;
- The Company's external auditor's qualifications and independence,
- The performance and effectiveness of the Company's internal and external audits,
- Internal controls and the measurement of operational risk, and
- e) The compliance by the Company with legal and regulatory requirements.
- f) Examine any matter relating to the financial and other connected to the company.
- Monitor all Internal and External Audit and Bangladesh bank's Inspection Program.
- h) Review the efficiency of Internal Control systems and procedures, in place.
- i) Review the Quality of Accounting Policies and their adherence to Statutory and Regulatory Compliance.
- j) Review the Company's Annual Report and Accounts and Interim Financial Statements prepared for disclosure, before submission to the Board
- k) Ensure that a well managed sound financial reporting system is in place to provide timely reliable information to the Board of Directors, Regulatory Authorities, Management and all other stakeholders.
- Ensure Company's policies are firmly committed to the highest standards of good corporate governance practices and operations conform to the highest ethical standards and in the best interests of all stakeholders.

Meetings

The Committee held on five (5) meetings during the year under review. The attendance of Committee members at meetings is stated in the table on page 125 Managing Director/CEO attended the meetings by invitation. Members of the senior management of the company were invited to participate at meetings as and when required. The Proceedings of the Audit Committee meetings are regularly reported to the Board of Directors. On invitation of the Committee, the Engagement Partner of Company's external auditors, ACNABIN attended Committee meetings during the year. The Committee continued guiding the management with the selection of the new Accounting Policies which is required under the aforesaid new Accounting Standards and implementing same.

Activities

The Committee carried out the following activities;-

Financial Reporting

The Committee supports the Board of Directors to discharge their responsibility for the preparation of Financial Statements that reflect a True and Fair view of the financial performance and financial position based of the Company's accounting records and in terms of the Bangladesh Accounting Standards, by:-

- Reviewing the systems and procedures to ensure that all transactions are completely and accurately recorded in the books of account.
- Reviewing the effectiveness of the financial reporting system in place to ensure reliability of the information provided to the stakeholders
- Reviewing the Accounting Policies and to determine the most appropriate accounting policies after consideration of all choices available
- Strict adherence and compliance with the Bangladesh Accounting Standards and recommended best accounting practices
- Reviewing the Annual Report and Accounts and the Interim Financial Statements prepared for publication, prior to submission to the Board

Having assessed the internal financial controls, the Committee is of the view that adequate controls and procedures are in place to provide reasonable assurance that the Company's assets are safeguarded and that the financial position of the Bank is well monitored

Regulatory Compliance

The Company's procedures in place to ensure Compliance with Mandatory Bangladesh Bank's instructions and statutory requirements were under close scrutiny. The Committee monitors the due compliance with all requirements through the quarterly statements submitted by the Internal Audit Department. The Committee monitors the due compliance with all requirements

Identification of Risk and Control measures

In view the fact LankaBangla has adopted a risk-based audit approach, the effectiveness of internal control procedures in place to identify and manage all significant risks are being reviewed by the Committee throughout the Company and other Group entities. The Risk Management was invited to make presentations on Risk Management measures adopted in their areas of responsibility. Risk rating guidelines with an appropriate Risk Grading Matrix has been formulated for assessing and measuring the operational risks identified during inspections. The Committee seeks and obtains the required assurances from the Business Units on the remedial action in respect of the identified risks in order to maintain the effectiveness of internal control procedures in place.

Corporate Governance Report

As required by the provisions of Corporate Governance Guidelines issued by the Bangladesh Securities & Exchange Commission (BSEC) through notification Number: SEC/CMRRCD/2006-158/134/ Admin/44, dated 07 August 2012 for the year ended 31 December 2015. Corporate Governance for Licensed Financial Institutions in Bangladesh Annual Corporate Governance Report for 2015 is provided on pages 109 to 114. The external auditors have performed procedures set out by the Bangladesh Securities and Exchange Commission (BSEC), to meet the compliance requirement of the Corporate Governance directive. Their findings presented in their report dated 21st February 2016, addressed to the Board are consistent with the matters disclosed above and did not identify any inconsistencies to those reported by the Board on pages 109 to 126.

Internal Audit Function

The Audit Committee approves the terms of reference of internal audit and reviews the effectiveness of the internal audit function. In line with leading practice, it to provide independent and reasonable, but not absolute, assurance that the LankaBangla system of risk management, control, and governance processes, as designed and implemented by senior management, are adequate and effective. Internal Audit reports on the adequacy of the system of internal controls to the Audit Committee and management, but does not form any part of the system of internal controls. Internal Audit has implemented risk-based audit processes. Audit work is prioritized and scoped according to an assessment of risk exposures, including not only financial risks, but operational, compliance and strategic risks as well.

The work undertaken by Internal Audit includes the audit of the Company's system of internal controls over its key operations, review of security and access controls for the Company's computer systems, review of control processes within and around new products and system enhancements, and review of controls over the monitoring of market, liquidity, and credit risks. Internal Audit also participates in major new system developments and special projects, to help evaluate risk exposures and to help ensure that proposed compensating internal controls are adequately evaluated on a timely basis. It also ascertains that the internal controls are adequate to ensure prompt and accurate recording of transactions and proper safeguarding of assets, and that the Company complies with laws and regulations, adheres to established policies and takes appropriate steps to address control deficiencies.

The Audit Committee is responsible for the adequacy of the internal audit function, its resources and its standing, and ensures that processes are in place for recommendations raised in internal audit reports to be dealt with in a timely manner and outstanding exceptions or recommendations are closely monitored. Internal Audit reports functionally to the Audit Committee and administratively to the CEO, and has unfettered access to the Audit Committee, Board and senior management, as well as the right to seek information and explanations. The Audit Committee approves the appointment and removal of the Head of Internal Audit.

External Audit

The Committee met with the Auditors prior to commencement and at the conclusion of the Annual Audit to discuss the audit scope, approach and methodology to be adopted and the findings of the audit. Non-Executive Directors had separate meetings with Auditors to ensure they had no cause to compromise on their independence. Auditors' Management Letter together with the Management's response thereto and the Audited Financial Statements were reviewed with the Auditors. The Committee reviewed the non-audit services provided by the Auditors to ensure that such services do not fall within the restricted services and provision of such services does not impair the External Auditors independence and objectivity.

Internal Controls

The Board believes, with the concurrence of the Audit Committee, that the system of internal controls, including financial, operational and compliance controls and risk management systems, maintained by the Company's management and that was in place throughout the financial year and up to and as of the date of this report, is adequate to meet the needs of the company in its current business environment. The system of internal controls provides reasonable, but not absolute, assurance that the Company will not be adversely affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of internal controls can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, losses, fraud or other irregularities.

Ethics and Good Governance

Highest standards in Corporate Good Governance and strict adherence to the requirements of LBFL's Code of Ethics are ensured through close monitoring. Through the Code of Ethics all levels of staff have been educated and encouraged to resort to whistle blowing, when they suspect wrong doings

or other improprieties. The Committee also ensures that appropriate procedures are in place to conduct independent investigations into all such incidents.

Bangladesh Accounting Standards

The Committee continued to monitor the progress of the mandatory implementation of Bangladesh Accounting Standards (BAS) with converged with International Financial Reporting Standards (IFRS). Committee reviewed the revised policy decisions relating to adoption of new and revised BAS applicable to the Financial Institutions and made recommendations to the Board.

Evaluation of the Committee

An evaluation on the effectiveness of the Committee was carried out by the other Members of the Board of Directors and the Committee has been found to be effective.

Appointment of the External Auditor

The Audit Committee has recommended to the Board of Directors that M/s. ACNABIN, Chartered Accountants, be appointed for the financial year ending 31 December 2016, subject to the approval of shareholders at the next Annual General Meeting.

Al-Mamoon Md. Sanaul Huq Chairman - Audit Committee

Dhaka 18 February, 2016

- (a) The financial position of the Company and the Group as on 31 December, 2015; and
- (b) The financial performance of the Company and the Group for the year then ended.

Compliance Report

The Board of Directors also wishes to confirm that:

- (a) Appropriate accounting policies have been selected and applied in preparing the Financial Statements based on the latest financial reporting framework on a consistent basis, while reasonable and prudent judgments have been made so that the form and substances of transactions are properly reflected and material departures, if any, have been disclosed and clarified;
- (b) The Financial Statements for the year 2015, prepared and presented in this annual report have been prepared based on the Bangladesh Accounting Standards (BASs) are in agreement with the underlying books of account and are in conformity with the requirements of the Bangladesh Financial Reporting Standards (BFRSs), the Financial Institutions Act, 1993, the Companies Act, 1994, the Securities and Exchange Rules, 1987 and other applicable laws & regulations;
- (c) These Financial Statements comply with the prescribed format issued by the Bangladesh Bank vide DFIM Circular No. 11, dated; 23/11/2009 for the preparation of annual Financial Statements of financial institutions:
- (d) Proper accounting records which correctly record and explain the Company's transactions have been

- maintained as required by the section 181 of the Companies Act, 1994 to determine at any point of time the Company's financial position, in accordance to the Act to facilitate proper audit of the Financial Statements;
- (e) The Directors have taken appropriate steps to ensure that the Company and the Group maintain proper books of accounts and review the financial reporting system directly by them at their regular meetings and also through the Board Audit Committee, the report of the Audit Committee is given in pages 158 to 160 The Board of Directors also approves the interim Financial Statements prior to their release, following a review and recommended by the Board Audit Committee;
- (f) The Board of Directors accepts responsibility for the integrity and objectivity of the Financial Statements presented in this Annual Report;
- (g) The Directors also have taken reasonable measures to safeguard the assets of the Company and the Group and to prevent and detect frauds and other irregularities. In this regard, the Directors have instituted an effective and comprehensive system of internal controls comprising of internal checks, internal audit and financial and other controls required to carry on the business of financial institution in an orderly manner and safeguard its assets and ensure as far as practicable, the accuracy and reliability of the records. The Directors' Statement on Internal Control is given in pages 163 to 164 of this Annual Report;
- (h) To the best of their knowledge, all taxes, duties and levies payable by the Company and its Subsidiaries, and all other known statutory dues as were due and payable by the Company and its Subsidiaries as at the reporting date have been paid or, where relevant, provided for;
- (i) As required by Sections 183(2) of the Companies Act, 1994, they have prepared this Annual Report in time and ensured that a copy thereof is sent to every shareholders of the Company.
- That all shareholders in each category have been treated equitably in accordance with the original terms of issue;
- k) That after considering the financial positions, operating conditions, regulatory and other factors and such matters required to be addressed in the "Code of Corporate Governance" issued separately by Bangladesh Securities and Exchange Commission and Bangladesh Bank for the financial institutions, the Directors have a reasonable expectation that the Company and its subsidiaries possess adequate resources to continue in operation for the foreseeable future.
- (I) The Financial Statements of the Company and the Group have been signed by three Directors and the Company

- Secretary of the Company on 22 February, 2016 as required by the Section 189(1) of the Companies Act, 1994 and other regulatory requirements
- (m) The Company's External Auditors, ACNABIN & Co. who were appointed in terms of the Section 210 of the Companies Act, 1994 and in accordance with resolution passed at the last Annual General Meeting, were provided with every opportunity to undertake the audit they considered appropriate. They carried out reviews and sample checks on the system of internal controls as they considered appropriate and necessary for expressing their opinion on the Financial Statements and maintaining accounting records. They have examined the Financial Statements made available to them by the Board of Directors of the Company together with all the financial records, related data and minutes of shareholders' and Directors' meetings and expressed

their opinion which appears as reported by them on page 169.

Accordingly, the Directors are of the view that they have discharged their responsibilities as set out in this statement.

By Order of the Board

Mostafa Kamal FCA

Group Company Secretary

Dhaka, 22 February, 2016

Responsibility

Bangladesh Bank's DFIM Circular No. 07, dated; 25-09-2007, DFIM Circular Letter No. 09, dated; 08-10-2007, DFIM Circular Letter No. 18, dated; 26-10-2011 and DFIM Circular Letter no. 06, dated; 17-06-2012, which clearly define the responsibility of the Board of Directors on Internal Control of the Company.

The Board of Directors ("The Board") is responsible for the adequacy and effectiveness system of internal controls of LankaBangla Finance Limited (LBFL). However, such a system is designed to manage the LBFL's key areas of risk within an acceptable risk profile, rather than eliminate the risk of failure to achieve the business objectives and policies of the Company. Accordingly, the system of internal controls can only provide a reasonable but not absolute assurance against material misstatement of management and financial information and records or against financial losses or fraud.

The Board has established an on-going process for identifying, evaluating and managing the significant risks faced by the Company and this process includes enhancing the system of internal controls as and when there are changes to business environment or regulatory guidelines. The process is regularly reviewed by the Board in accordance with the guidance for Directors of Fls on the DFIM Circulars on Internal Control issued by the Bangladesh Bank. As per the said guidance, significant processes affecting significant accounts of the Company were assessed along with the key risk areas of the Company.

The management assists the Board for implementation of the Board's policies and procedures on risk and control by identifying and assessing the risks faced by the Company, and in the design, operation and monitoring of suitable internal controls to mitigate and control these risks. The Board is of the view that the system of internal controls in place is sound and adequate to provide a reasonable assurance regarding the reliability of financial reporting, and that the preparation of financial statements for external purposes is in accordance with relevant accounting principles and regulatory requirements.

Significant Internal Control processes that have been established in reviewing the adequacy and integrity of the system of internal controls include the following:

- The Board Sub Committees are established to assist the Board in ensuring:
- the effectiveness of the LBFL's daily operations.
- that the LBFL's operations are in accordance with the corporate objectives and strategies.
- that the operations of the Company are in line with the annual budget as well as the policies and business directions that have been approved by the Board.
- The Internal Audit Division of the Company checks

for compliance with policies and procedures and the effectiveness of the internal control systems, highlights and significant findings in respect of any non-compliance. Audits are carried out on majority of units and branches, the frequency of which is determined by the level of risk assessed by the internal audit, to provide an independent and objective report on operational and management activities of these units and branches. The annual audit plan is reviewed and approved by the Audit Committee and the findings of the audits are submitted to the Audit Committee for review at their periodic meetings.

- The Audit Committee of the Company reviews internal control issues identified by the Internal Audit Division, the external auditors, regulatory authorities and management; and evaluates the adequacy and effectiveness of the risk management and internal control systems. They also review the internal audit function with particular emphasis on the scope of audits and quality of the same. The minutes of the Audit Committee meetings are tabled for information of the Board. Further details of the activities undertaken by the Audit Committee of the Company are set out in the Audit Committee Report on pages 158 to 160.
- The Risk Management Forum (RMF) is established to assist the Board to oversee the overall management of principal areas of risk of the Company. The Risk Management Forum which includes representation from all key business and operating units of the Company, assists the Board for implementation of policies advocated at the Board Audit Committee.
- Board Executive Committee has also been established with appropriate empowerment to ensure effective management and supervision of the LBFL's core areas of business operations and investments.

In assessing the internal control system over financial reporting, identified officers of the Company collated all procedures and controls that are connected with significant accounts and disclosures of the financial statements of the Company. These in turn were observed and checked by the internal audit department for suitability of design and effectiveness on an ongoing basis.

The Company complied Bangladesh Accounting Standards (BASs) & Bangladesh Financial Reporting Standards (BFRSs). Since adoption of such Bangladesh Accounting Standards, progressive improvements on processes to comply with new requirements of recognition, measurement, classification and disclosure are being made whilst, further strengthening of processes will take place pertaining to impairment of loans and advances and financial statement disclosures. They also recognized the need to introduce an automated financial reporting process to more effectively comply with the requirements of recognition, measurement, classification and

disclosures of financial instruments. The recommendations made by the external auditors in connection with the internal control system in previous years were reviewed during the year and appropriate steps have been taken to implement/rectify those.

Confirmation

Based on the above processes, the Board confirms that the financial reporting system of the Company has been designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes complying with BASs and

BFRSs and regulatory requirements of the Bangladesh Bank and Bangladesh Securities and Exchange Commission.

Mohammad A Moyeen

Chairman

Dhaka, 22 February, 2016

Responsibility Statement of CEO and CFO

Chief Executive Officer (CFO) and Chief Financial Officer (CFO) have a strategic viewpoint of the company, and both work towards achieving the Company's mission (the fundamental objective). CEO and CFO broadly represent the Management of the Company and have common perspectives on the overall objective, functions, and reporting.

Responsibilities of the CEO

CEO is the leader of an organization who by his knowledge and wisdom, innovative ideas and charismatic leadership can able to take a Company from the scratch to the market leader. CEO is a visionary leader who can see what is going to happen in near future and can formulate and implement strategies accordingly to reap out the maximum from opportunities. CEO plays the stewardship responsibility by managing the shareholders' funds and is accountable to the board of directors and to the shareholders for effective and efficient uses of their funds.

More specifically, the responsibilities of the CEO are as follows:

- To lead, in conjunction with the Board, the development, implementation, and monitoring of the Company's vision, plans and strategies.
- Be responsible for the robust implementation of the Internal Control system by which smooth operations, reliable financial reporting, and compliance with regulations and policies are ensured.
- Periodically review the Internal Control system to ensure minimum risk exposures and maximum resource security (both tangible and intangible).
- 4. Ensuring that the financial statements present a true and fair view, the form and substance of the transactions of which represents the Company's state of affairs
- 5. Ensure implementation of proper Corporate Governance practices to balance the interests of the stakeholders.
- 6. Justify on the Company's participation in Corporate Social Responsibilities (CSR).

Responsibilities of the CFO

With the ever changing accounting policies and standards to cope up with the versatile business environment, a CFO plays a key role in facilitating the delivery of sustainable value creation and preservation. At LankaBangla Finance, the CFO is an effective organizational leader and a key member of Senior Management who provides shared leadership and vision to the organization, its employees, and other key stakeholders. A primary responsibility of the CFO is to work as a strategist rather than a tactician to ensure sustainable financial conditions for the company. This is enhanced by facilitation of financial reports.

More specifically, the responsibilities of the CFO are as follows:

- Preparation of financial statements (separate and consolidate), taking into considerations compliance with Bangladesh Financial Reporting Standards (BFRS) as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), requirements of Companies Act 1994, and compliance with the rules and regulations of Securities and Exchange Commission (SEC), Bangladesh Bank, and other regulatory authorities.
- 2. Ensuring that the financial statements present a true and fair view, the form and substance of the transactions of which represents the Company's state of affairs.
- 3. Execute discussions with the External Auditors with matters related to audit and other financial reporting issues.
- Assess the effectiveness of Internal Control over financial reporting and systems at business process level to ensure effective and efficient utilization of appropriated resources.
- 5. To assist the Management in the development, implementation, and continuous monitoring of the Company's plans & strategies.
- To assist the Management for the robust implementation of the Internal Control system by which smooth operations, reliable financial reporting and compliance with regulations and policies are ensured.

The CEO and CFO of the Company have discharged their responsibilities with due care by taking into account the EEE (Economy, Effectiveness and Efficiency).

Mohammed Nasir Uddin Chowdhury Managing Director

Shamim Al Mamun, FCA Chief Financial Officer

Report on Going Concern

Every company requires assessing its ability to continue as a going concern. The Board of Directors of LankaBangla Finance Limited has made annual assessment about whether there exists any material uncertainty which may cast significant doubt upon the Company's ability to continue as going concern. This assessment involves making appropriate inquiries including review of budget and future outcome of inherent uncertainties in existence. The Directors are convinced from the following indications, which give reasonable assurance as to Company's continuance as a going concern for the foreseeable future.

Financial indications

Performance Growth

LBFL has excellent growth in its operating performance. Company's Total Asset has increased from BDT 39,129 Million to BDT 50,313 Million, achieving a growth of 29% over last year. Earning Assets of LBFL grows by 36% in 2015 compared to that of 2014. Earning Assets reaches to BDT 42,600 Million in 2015 which was BDT 31,228 in 2014. Operating Revenue for the year 2015 amounted to BDT 6,237 Million which is 22% higher than last year's BDT 5,100 Million. Although all through the year 2015 the interest rate was in a declining state the Net Interest of LBFL grow by 15% over last year. Net Interest for the year 2015 amounted to BDT 1,072 Million compared to BDT 933 Million of 2014.

Credibility in Payment obligations

LBFL has strong credibility in terms of payment of its obligations to the lenders and suppliers. LBFL is very particular in fulfilling the terms of payment or repayment agreements without any exception. This has resultant from our effective liquidity management plan.

Positive key financial ratios

The key financial ratios of LBFL for the year 2015 indicate a very positive picture as evident from financial highlights and graphical presentation of financial position given separately in this annual report. Financial ratios indicate LBFL's sound financial strength and good prospects.

Cash Flow analysis:

LBFL's cash flow analysis represents its strengths about its ability to repay its obligations, ability to adapt in changing circumstances and generate sufficient cash and cash equivalents which will lead the organization to a sustainable future growth.

Operating Cash Flow before changes in operating assets and liabilities increase by 33% in 2015 compared to 2014; BDT 1,024 Million as against BDT 772 Million of previous year. However, Net Operating Cash Flow after changes in operating assets and liabilities shows net inflow of BDT 2,966 Million which was only BDT 1,410 million in previous year.

Expansion of Business

LBFL has expanded its segment geographically by opening new branches in different places considering the economic significance. In 2015 LBFL opened 3 new branches and initiatives have been taken to open 5 new branches in first half of 2016 at different places in Bangladesh. As on 31 December 2015 LBFL has 14 Branches and 1 SME Booth.

LBFL give due importance on product diversification a key strategy to achieve customer satisfaction by tailoring the need of customers. It is the impact of our sound organizational structure, skilled and dedicated work force and business strategies that in the year 2015 Lease, Loans and Advances has increased by 48% and Term Deposit has increased by nearly 80% compared to that of 2014. Fund Under Management grows by 41% and reaches to BDT 75,012 Million in 2015 compared to BDT 53,134 Million of previous year. LBFL's Management has positive intent to maintain this growth in future years which represent Company's intention to perpetuity.

Consistent payment of Dividends

LBFL has been paying consistent dividend to its shareholders over many years, which reflects company's long term vision and firm commitment to its shareholders.

Corporate environment and Employees' satisfaction

There exists a very good corporate working environment in the Company. LankaBangla Finance Limited is an excellent work place with a friendly working environment. Communication among the employees is excellent. The organization endeavors to be honest and practices fair treatment to all employees which ensures healthy corporate environment. The company pays a very competitive compensation package and there exists a good number of employee benefits like provident fund, gratuity fund, Home and personal loan for employees at a reduced rate, employees health insurance, incentive bonus, transport facility to the eligible employees. Pay scale are frequently revised to give effect of inflation as well as to align with the industry level. These factors are instrumental for employee satisfaction.

Maintenance of sufficient capital:

As per BASEL-II, an NBFI should maintain total capital of at least 10 percent of Risk Weighted Asset. LBFI maintains its capital well above the required level consistently even though growth of RWA is significant. As on 31December 2015 Capital Adequacy Ratio (CAR) of Lanka Bangla is 13.41%.

Other indications

Satisfactory Credit Rating:

LBFL has been rated A1 for long term credit rating and ST-3 for short term based on audited financial statements up to 31 December 2014 and other relevant quantitative as well as

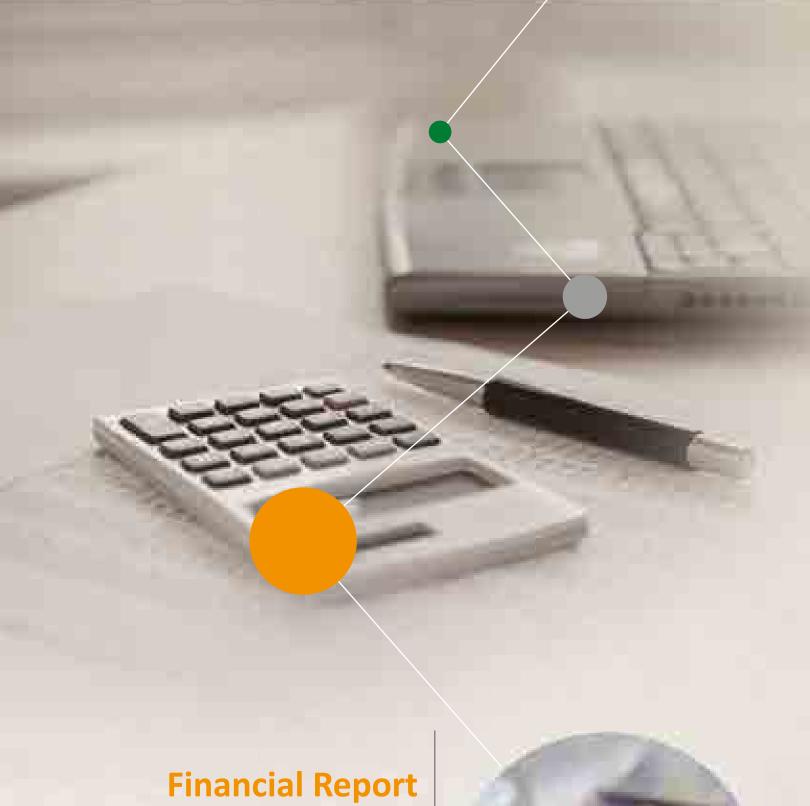

qualitative information up to 12 November 2015. There has been an improvement in long term credit rating as previously it was A2. The ratings are consistent with CRAB's Financial Institution Rating Methodology.

The rating reflects LBFL's strength in risk weighted capital adequacy, adequate earning generation as well as moderate liquidity. The rating also reflects the company's high franchise strength and strong business links.

Changes in Government policy:

LBFL Management anticipates no significant change in legislation or government policy, which may materially affect the business of LBFL.

Based on the above mentioned indications, directors feel its appropriate to adopt going concern assumptions. Adequate disclosures have been made in the financial statements and different sections of the annual report to understand the appropriateness of going concern basis in preparing financial statements.

Over the last year, LankaBangla has exhibited newer dimensions in performance and redefined its financial position as an enterprise in the unpredictable financial market of Bangladesh. Our energetic effort and endless inspiration have led us to introduce an understandable, relevant, reliable, and comparable financial statements to our stakeholders.

Independent Auditors' Report

To the shareholders' of LankaBangla Finance Limited

We have audited the accompanying consolidated financial statements of LankaBangla Finance Limited and its Subsidiaries (the "Group") as well as the separate financial statements of LankaBangla Finance Limited ("the Company") which comprise the consolidated and the separate balance sheet as at 31 December 2015, profit and loss account, statement of changes in equity, cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of the consolidated financial statements of the Group and also the separate financial statements of the Company that give a true and fair view in accordance with Bangladesh Financial Reporting Standards (BFRS), the Financial Institutions Act 1993, the rules and regulations issued by Bangladesh Bank, the Securities and Exchange rules 1987, the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements of the Group and the separate financial statements of the Company based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements of the Group and the separate financial statements of the Company are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements of the Group and the separate financial statements of the Company. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements of the Group and separate financial statements of the Company, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements of the Group and separate financial statements of the Company that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements of the Group and also the separate financial statements of the Company.

We believe that the audit evidence we have obtained is

sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the separate financial statements of the Company give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Company as at 31 December 2015, and of the consolidated and the separate financial performance and cash flows of the Group and the Company for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS) and comply with the applicable sections of the Financial Institutions Act 1993, the rules and regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

Report on Other Legal and Regulatory Requirements

We also report that:

- We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof and found satisfactory;
- ii. in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books;
- iii. the consolidated balance sheet and consolidated profit and loss of the Group and the separate balance sheet and profit and loss statement of the Company together with annexed notes from 1 to 40 dealt with by the report are in agreement with the books of account;
- iv. the expenditure incurred was for the purpose of the Group and the Company's business;
- the consolidated financial statements of the Group and those of the Company have been drawn up in conformity with the Financial Institution Act 1993 and in accordance with the accounting rules and regulations issued by Bangladesh Bank to the extent applicable to the Company;
- vi. the record submitted by the parent company and the subsidiary companies have been audited and consolidated properly in the financial statements;
- vii. the records and accounts of the branches have been properly maintained and consolidated in the financial statements;
- viii. adequate provisions have been made for leases and advances and other assets which are, in our opinion, doubtful of recovery and Bangladesh Bank's instructions in this regard have been followed properly;

BDBL Bhaban (Level-13 & 14) 12 Kawran Bazar Commercial Area Dhaka-1215, Bangladesh. Telephone: (88 02) 8144347 to 52

- ix. statements sent to Bangladesh Bank have been checked on sample basis and no inaccuracy has come to our attention;
- taxes and other duties collected and deposited to Government treasury by the Company as per Government instructions found satisfactory;
- nothing has come to our attention that the Company has adopted any unethical means i.e. 'window dressing' to inflate the profit and mismatch between the maturity of assets and liabilities;
- xii. proper measures have been taken to eliminate the irregularities mentioned in the inspection report of Bangladesh Bank and the instructions issued by Bangladesh Bank and other regulatory authorities have been complied properly;
- xiii. the internal control and the compliance of the Company is satisfactory, and effective measures have been taken to prevent possible fraud, forgery and internal policies are being followed appropriately;

- xiv. the Company has complied with relevant laws pertaining to capital, reserve and net worth, cash and liquid assets and procedure for sanctioning and disbursing loans/ leases found satisfactory;
- xv. the consolidated financial statements of the Group and the separate financial statements of the Company conform to the prescribed formats and standards set in the accounting regulations issued by Bangladesh Bank after consultation with the professional accounting body of Bangladesh;
- xvi. we have reviewed over 80% of the risk weighted assets of the Group and the Company during the course of our audit and we have spent over 1,500 person hours for the audit of books and accounts of the Group and the Company; and
- xvii. all other issues which are important for the stakeholders of the Company have been adequately disclosed in the audit report;

- LankaBangla also provides brokerage services, Merchant Bank services and Asset Management Services through its majority owned subsidiary company.

2. Basis for preparation and significant accounting policies

2.1 Statement of compliance

The consolidated financial statements and separate financial statements of LankaBangla have been prepared on a going concern basis following accrual basis of accounting except for statement of cash flows as per DFIM circular No # 11 dated 23 December 2009 issued by Department of Financial Institutions and Market of Bangladesh Bank with reference to the provisions of Financial Institutions Act 1993 and Bangladesh Bank's other circulars and guidelines or directives and in accordance with Bangladesh Financial Reporting Standards (BFRS1), the Companies Act 1994, the Financial Institutions Act 1993, the Securities and Exchange Rules 1987, the Listing Rules of Dhaka and Chittagong Stock Exchanges.

In several cases, the laws, circulars, guidelines or directives of Bangladesh Bank differ from those of financial reporting standards as promulgated by International Accounting Standards Body (IASB) and as adopted by national standard setter, i.e., Institute of Chartered Accountants of Bangladesh (ICAB), the requirements of Bangladesh Bank prevails and these financial statements have been prepared by departing from those requirements of BFRS with a view to comply with the regulatory requirements.

The requirements of accounting standards as per BFRS that have been departed to comply with Bangladesh Bank requirements have been disclosed in detail in Note - 2.6.

However, this departure with BFRS has been made by following all of the relevant provisions of BAS – 1 and the details disclosures are given in Note - 2.6 by following the provision of Para 20 of BAS – 1 (Presentation of Financial Statements).

2.2 **Presentation of financial statements**

The presentation of the financial statements has been made as per the requirements of DFIM Circular No: 11, dated 23 December 2009 issued by the Department of Financial Institutions and Markets of Bangladesh Bank. The activities and accounting heads mentioned in the prescribed form, which are not applicable for the financial institutions, have been excluded in preparing the financial statements.

¹The term "BFRS" refers to all standards and interpretations adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) in compliance with those promulgated and adopted by International Accounting Standards Board (IASB). Therefore, BFRS includes all BAS and BFRS along with all of the relevant interpretations adopted by ICAB.

The following tables summarizes the adjustment made to the consolidated statement of financial position for correcting prior year errors

Amount in million

Particulars	Other liabilities	Retained earning	Other Investments	Fair value measurement reserve	Non- controlling interest
Balance 1 January 2014, as previously reported	3,194.09	2,899.13	2,506.79	69.29	189.58

Restated balance as presented on 31 December 2014	4,335.46	1,983.39	3,831.19	-	126.56

* Interest charged on negative equity

In prior years LankaBangla Securities Limited (LBSL) have recognised interest income on negative equity in the expectation that the Stock Markets' condition will improve and negative equity will reverse. But the stock market is continuing with its bearish trend. Hence, management come into a stand that prior years' interest income on negative equity impact should be reversed to present a fair view of the financial position.

As per present and expected market condition LBSL should not have charge interest income rather should have to charge those to interest suspense account. In the proses to rectify these prior year errors as per BAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" LBSL reduce its Retained Earnings and charge the same to Interest Suspense account.

** Representing cost value of investment in DSE and CSE shares

LankaBangla Securities Limited (LBSL) purchased membership of DSE and CSE. Subsequently LBSL has received shares from DSE and CSE against the membership under demutualization scheme of the stock exchanges. Previously this investment was presented at face value of the shares instead of cost value which is an error. In order to rectify this error we reduce the value of investment to represent cost value and also reduce the Fair value measurement reserve by the same amount as per BAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors".

2.4 Basis of measurement and consolidation

These financial statements have been prepared on the historical cost convention other than the finance lease asset and finance lease obligations which were measured at present value of the minimum lease payments. No adjustment has been made for inflationary factors affecting the financial statements. The accounting policies, unless otherwise stated, have been consistently applied by the Company and are consistent with those of the previous year.

The accounts of all the subsidiaries of the Company have been fully consolidated as the Company directly controls more than 50% of the voting shares of these entities.

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

2.5 Non-Controlling Interest

Non-Controlling Interest are measured at their proportionate share of acquires identifiable net assets at the date of acquisition.

Changes in Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transaction. Details are given in **Note - 16** by following the provision of Para 22 of BFRS – 10 (Consolidated Financial Statements).

Disclosure of departure from few requirements of BFRS due to mandatory compliance of Bangladesh Bank's requirements 5.6

Bangladesh Bank is the ultimate regulatory body for Non-Banking Financial Institutions (NBFI) in Bangladesh. Some requirements of Bangladesh Bank's rules and regulations of Bangladesh contradict with those of BFRS. As such the company has departed from those contradictory requirements of BFRS in order to comply with the rules and regulations of Bangladesh Bank which are disclosed below along with financial impact where applicable:

<u>ıs</u>	Nature of Departure	Title of BFRS	Treatment of BFRS	Treatment Adopted as per Bangladesh Bank	Financial or Presentation Effect of the Departure
1	Measurement of provision for leases, loans and advances (financial assets measured at amortized cost)	BAS 39 "Financial Instruments: Recognition and Measurement"	An entity shall assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets measured at amortized cost is impaired. If any such evidence exists, the entity shall measure the amount of the loss as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset shall be reduced either directly or through use of an allowance account.	As per FID circular No. 08 dated 03 August 2002, FID circular No. 03, dated 03 May 2006 and FID circular No. 03, dated 29 April 2013, a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained irrespective of objective evidence of impairment on lease, loans and advances. Also provision for sub-standard investments, doubtful investments and bad losses has to be provided at 20%, 50% and 100% respectively for investments depending on the duration of overdue.	In separate Financial Statements, provision has been kept for 2015 equivalent to BDT 132.64 million as per Bangladesh Bank guidelines among which BDT 86.28 million is general provision on good loan. Also, as at 31 December 2015, accumulated provision for lease, loan and advances stand at BDT 882.83 million. In consolidated accounts, provision has been kept for 2015 equivalent to BDT 412.94 million as per Bangladesh Bank guidelines Also, as at 31 December 2015, accumulated provision for lease, loan and advances stand at BDT 1,312.81 million.
7	Valuation of Investments in quoted and unquoted shares	BAS 39 "Financial Instruments: Recognition and Measurement"	Investment in shares falls either under "at fair value through statement of comprehensive income" or under "available for sale" where any change in the fair value (as measured as per BFRS 13 "Fair Value") at the year-end is taken to statement of comprehensive income or revaluation reserve respectively.	As per FID circular No. 08 dated 03 August 2002 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investment; however in case of any unrealized gain, no such gain can be recognized and investments are recognized at cost only.	During this year there is no impact in the financial statements due to this departure as total market value of all shares of the group are less than the cost price.
m	Recognition of interest income for SMA and classified lease, loans and advances	BAS 39 "Financial Instruments: Recognition and Measurement"	Income from financial assets measured at amortized cost is recognized through effective interest rate method over the term of the investment. Once an financial asset is impaired, investment income is recognized in profit and loss account on the same basis based on revised carrying amount.	As per FID circular No. 03, dated 03 May 2006, once an investment on lease, loan and advances is termed as "Special Mention Account (SMA)", interest income from such investments are not allowed to be recognized as income, rather the respective amount needs to be credited as a liability account like: interest suspense account.	At year end, interest suspense account has decreased to BDT 283.80 million from 288.28 million resulting a decrease of BDT 4.48 million of interest suspense. This amount has been shown in interest income; rather shown as liability.
4	Presentation of cash and cash equivalent	BAS 7 "Statement of Cash Flows"	Cash equivalent are short term, highly liquid investments that are readily convertible to known amounts of cash and only include those investments which are for a short tenure like: 3 months or less period. In the light of above, balance with Bangladesh Bank and fixed term deposits should be treated as investment asset rather than cash equivalent as it is illiquid asset and not available for use in day to day operations.	Bangladesh Bank has issued templates for financial statements vide DFIM Circular#11 dated December 23, 2009 which will strictly be followed by all banks and NBFIs. The templates of financial statements provided detail of presentation of statement cash flows.	Presentation of financial statements is not fully aligned with the requirements of BAS. Thus items which should be presented as "investment activities" as per BAS is shown as cash & cash equivalent.
r.	Measurement of deferred tax asset	BAS 12 "Income Tax"	A deferred tax asset shall be recognized for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized.	As per DFIM circular No. 7 dated 31 July 2011, no deferred tax asset can be recognized for any deductible temporary difference against lease, loans and advances.	During this year there is no impact in the financial statements due to this departure as the Company has no taxable income in near future.

<u>s</u>	Nature of Departure	Title of BFRS	Treatment of BFRS	Treatment Adopted as per Bangladesh Bank	Financial or Presentation Effect of the Departure
ω	Presentation and disclosure of Financial Statements and Financial Instruments	BAS 1 "Presentation of Financial Statements" BAS 32 "Financial Instruments: Presentation" BFRS 7 "Financial Instruments Disclosure"	Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income statement. BAS 1 requires separate line item for intangible assets on the face of statement of financial position. BAS 32 and BFRS 7 require specific presentation and disclosure relating to all financial instruments.	Bangladesh Bank has issued templates for financial statements vide DFIM Circular# 11 dated December 23, 2009 which will strictly be followed by all banks and NBFIs. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income (OCI) nor are the elements of Other Comprehensive Income allowed to include in a Single Comprehensive Income Statement. Intangibles assets are not separately presented on the face of statement of financial position; rather it is presented along with the line item of fixed assets. As per Bangladesh Bank guidelines, financial instruments are categorized, recognized and measured differently from those prescribed in BAS 39. As such some disclosure and presentation requirements of BFRS 7 and BAS 32 have not been made in the accounts.	Presentation of financial statements is not fully aligned with all requirements of BAS.
7	Preparation of "Statement of Cash Flows"	BAS 7 "Statement of Cash Flows"	The Cash flow statement can be prepared using either the direct method or the indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.	As per DFIM Circular-11, Date-23 December 2009, Cash flow statement has been guided by the Bangladesh Bank which is the mixture of direct and indirect method.	Presentation of financial statements is not fully aligned with all requirements of the BAS.
∞	Current/ Non-current distinction	BAS-1 "Presentation of Financial Statement"	As per Para 60 of BAS-1 "Presentation of Financial statement" An entity shall present current and non-current assets and current and non-current liabilities as separate classification in its statement of financial position.	As per DFIM Circular-11, Date-23 December 2009, Bangladesh Bank has issued templates for financial statements which is applicable for all the Financial Institutions. In this templates there is no current and non-current segmentation of assets and liabilities	Presentation of financial statements is not fully aligned with all requirements of the BAS. Moreover, the liquidity statement shows the current/non-current portion of assets and liabilities in this regards.
6	Off-balance sheet items	BAS 1 "Presentation of Financial Statements"	There is no concept of off-balance sheet items in any BFRS; hence there is no requirement for disclosure of off-balance sheet items on the face of the balance sheet.	As per DFIM Circular-11, Date-23 December 2009, off balance sheet items (e.g. letter of credit, letter of guarantee etc.) must be disclosed separately on the face of the balance sheet.	Presentation of financial statements is not aligned with requirements of the BAS 1. There is no financial impact for this departure in the financial statements
10	Impairment of Margin Loan (Loans and receivables	BAS-39 "Financial instruments: Recognition and measurement"	Measurement after initial recognition at amortized cost and recording of changes through profit and loss.	As per Bangladesh Securities and Exchange Commission (BSEC) circular # BSEC/ Mukhpatro (Ditio Khondo)/2011/2205 dated 30 November 2015 provisions for the year 2015 on impairement of principal portion of margin loan may be kept at 20% on each quarter for the five quarters starting from December 2015.	Erosion of principal portion of Margin Loan as on 31 December 2015 is BDT 361.22 million. As per the requirement of the BSEC circular provision of BDT 74.09 million has been kept.
11	Complete set of financial statements	BAS 1 "Presentation of Financial Statements"	As per BAS 1"Presentation of Financial Statements" complete set of financial statements are: i) statement of financial position, ii)statement of profit or loss and other comprehensive income, iii) statement of changes in equity, iii) statement of cash flows, v) notes, comprising significant accounting policies and other explanatory information and vi) statement of financial position at the beginning of preceding period for retrospective restatement.	As per DFIM Circular-11, Date-23 December 2009, complete set of financial statements are i) balance sheet, ii) brofit and loss account, iii) statement of cash flows, iv) statement of changes in equity, v) statement of liquidity, vi) notes, comprising significant accounting policies and other explanatory information.	Presentation of financial statements is not aligned with requirements of the BAS 1. There is no financial impact for this departure in the financial statements.
12	Intangible asset	BAS 1 "Presentation of Financial Statements"	As per BAS 1"presentation of Financial Statements" para 54 the statement of financial position shall include separate line item for intangible assets.	As per DFIM Circular-11, Date-23 December 2009, there is no option for separate line item for intangible asset in the balance sheet. We present intangible asset in the balance sheet as part of fixed assets and There is no financial impact for this departure in provide details in annexure- A as separate line item.	Presentation of financial statements is not aligned with requirements of the BAS 1. There is no financial impact for this departure in the financial statements.

The financial statements comprise of (As per DFIM Circular-11, Dated 23 December 2009):

- a) Consolidated and Separate Balance Sheet as at 31 December 2015;
- b) Consolidated and Separate Profit and Loss Account for the year ended 31 December 2015;
- c) Consolidated and Separate Statement of Cash Flows for the year ended 31 December 2015;
- d) Consolidated and Separate Statement of Changes in Equity for the year ended 31 December 2015;
- e) Consolidated and Separate Liquidity Statement; and
- f) Notes to the Consolidated and Separate Financial Statements.

2.8 Presentation and functional currency and level of precision

The financial statements are presented in Bangladesh Taka (BDT) currency, which is the Company's functional currency. All financial information presented in BDT has been rounded off to the nearest BDT.

2.9 Use of estimates and judgments

The preparation of financial statements in conformity with Bangladesh Financial Reporting Standards (BFRS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. It also requires disclosures of contingent assets and liabilities at the date of the financial statements. Provisions and accrued expenses are recognized in the financial statement in line with the Bangladesh Accounting Standard (BAS) 37 "Provisions, Contingent Liabilities and Contingent Assets" when

- the Company has a legal or constructive obligation as a result of past event.
- it is probable that an outflow of economic benefit will be required to settle the obligation.
- a reliable estimate can be made of the amount of the obligation.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. However, the estimates and underlying assumptions are reviewed on an ongoing basis and the revision is recognized in the period in which the estimates are revised.

2.10 Going concern

The Company has adequate resources to continue in operation for foreseeable future. For this reason the directors continue to adopt going concern basis in preparing the accounts. The current credit facilities and resources of the Company provide sufficient funds to meet the present requirements of its existing businesses and operations.

2.11 Materiality and aggregation

Each material item as considered by management significant has been presented separately in financial statements. No amount has been set off unless the Company has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

2.12 Directors' responsibility statement

The Board of Directors takes the responsibility for the preparation and presentation of these consolidated and separate financial statements.

2.13 Statement of cash flows

Statement of cash flows has been prepared in accordance with the template provide with DFIM circular no.-11, Date-23 December 2009 which is a mixture of Direct and Indirect method.

2.14 Branch accounting

The Company has 13 branches and a SME Booth, with no overseas branch as on 31 December 2015. Accounts of the branches are maintained at the Branch level, and consolidated through the Accounting software automatically in head office from which these accounts are drawn up.

2.15 Accounting for leases

The company, through implementation of BAS 17, has been following the finance lease method for accounting of lease incomes. The aggregate lease receivables including un-guaranteed residual value are recorded as gross lease receivables while the excess of gross lease receivables over the total acquisition cost and interest during the acquisition period of lease assets constitutes the unearned lease income. Initial direct costs (if any) in respect of lease are charged in the period in which such costs are incurred.

The unearned lease income is usually amortized to revenue on a monthly basis over the lease term yielding a constant rate of return over the period. Unrealized income is suspended, in compliance with the requirements of circular issued by the DFIM of Bangladesh Bank.

2.16 Accounting for term finance

Books of account of term finance operation are maintained based on the accrual method of accounting. Outstanding loans, along with the accrued interest thereon, for short-term finance, and unrealized principal for long-term finance are accounted for as term finance assets of the company. Interest earnings are recognized as operational revenue periodically.

2.17 Accounting for margin loan

Margin Loan to Portfolio investors is given at an agreed ratio between investors deposit and loan amount to purchase securities against respective investor account. The investors are to maintain the margin as per set rules and regulations. The margin is monitored on daily basis as it is changes due to changes in market price of share. If the margin falls below the minimum requirement, the investors are required to deposit additional fund to maintain the margin as per rules otherwise the securities are sold to bring the margin to the required level.

Interest on Margin loan is charged on client's portfolio value on daily basis at the applicable rate. Whenever the probability arises that the benefit will flow to the Company this is recognized to income as per para 29 of BAS 18: 'Revenue'.

2.18 Investments

Investments comprise of equity and Government Securities. All investments are initially recognized at cost, being fair value of the consideration given, including cost of acquisition associated with the investment. The valuation methods of investments used are:

Held to maturity (HTM)

Investments in Government Treasury Bills and Government Treasury Bonds classified as "Held to Maturity" are non-derivatives financial assets with fixed or determinable payments and fixed maturities that the management has the intention and ability to held to maturity (HTM).

Held for trading (HFT)

Investments classified in this category are acquired principally for the purpose of selling or repurchasing - in short trading or if designated as such by the management. After initial recognition, investments are measured at fair value and any impairment in the fair value is recognized in the statement of comprehensive income for the period in which it arises. However, as referred in **Note – 2.6**, no gain is recognized in statement of comprehensive income as per BB guidelines.

Investment in shares are classified broadly in two categories and accounted for as under:

Investments in marketable shares

Investments in listed securities are carried at cost. Adequate provision has been made considering each individual investment (where market price is less than cost) as guided by Bangladesh Bank. Unrealized gains are not recognized in the profit and loss account.

Investments in non-marketable shares

Investments in unlisted securities are reported at cost under cost method. Adjustment is given for any shortage of book value over cost for determining the carrying amount of investment in unlisted securities.

Investments in subsidiaries

Investments in subsidiaries are accounted for under the cost method of accounting in the Company's financial statements in accordance with BAS-28. Accordingly, investments in subsidiaries are stated in the Company's statement of financial position at cost, less impairment losses (if any).

2.19 Financial liabilities

Financial liabilities are initially recognized at fair value less transaction costs that are directly attributable to the issue of financial liability. After initial recognition, all financial liabilities are measured at amortized cost using the effective interest method. The amortized cost of a financial liability is the amount at which the financial liability is measured at initial recognition minus principal repayments, plus the cumulative amortization using the effective interest. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating the interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument.

2.20.1 Assets acquired under own finance

These are recognized initially at cost and subsequently at cost less accumulated depreciation in compliance with the BAS 16, "Property Plant and Equipment". The cost of acquisition of an asset comprises its purchase price and any direct cost attributable to bringing the assets to its working condition for its intended use. Expenditure incurred after the assets have been put into use, such as repairs and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. In situation where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the assets, the expenditure is capitalized as an additional cost of the assets. Software and all up-gradation or enhancements are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

During 2015, the Company acquired and capitalized a piece of land for BDT 68.69 crore located at 23-24 Tejgaon Industrial Area, Dhaka measuring more or less 1.0175 bighas to set up Corporate Office of the Company.

2.20.2 Assets acquired under finance lease

Assets acquired under finance lease are accounted for by recording the assets at the lower of present value of minimum lease payments under the lease agreement and the fair value of the asset. The related obligation under the lease is accounted for as liability. Financial changes are allocated to accounting period in a manner so as to provide a constant rate of charge on the outstanding liability. Depreciation on fixed assets acquired under lease has been charged in the accounts following the principal recovery method.

2.20.3 Depreciation on fixed assets

Depreciation will be charge from the day of acquisition of assets and depreciation will be charged on daily basis. However, the depreciation method on fixed assets is charged using straight-line method at the following rates:

Property and equipment	Revised rate
Furniture and fixture	20%
Office equipment	20%
Motor vehicle	20%
IT equipment	33.33%
Building	2%
Land	Nil

Changes in accounting estimates

During 2015, the Company adopts a revised fixed assets policy effective from 01 January 2015 due to revised estimates for fixed assets useful lives. As per new policy, depreciation will be charge from the day of acquisition of assets and depreciation will be charged on daily basis where in previous policy depreciation was charged from the period of acquisition of assets and no depreciation in the year of disposal. However, the depreciation method on fixed assets remains unchanged as straight-line method at the following revised rates:

Property and equipment	Previous rate	Revised rate
Furniture and fixture	15%	20%
Office equipment	20%	20%
Motor vehicle	25%	20%
IT equipment	N/A	33.33%
Building	N/A	2%
Land	N/A	Nil

As per Para 39-40 of BAS-8 "Accounting Policies, Changes in Accounting Estimates and Error", the effects of these changes on actual depreciation decreased by total BDT 5.31 million (Approx.) in 2015 and the effects of expected depreciation expense for upcoming periods cannot be determined due to lack of reliable calculation of estimated future depreciation of fixed assets.

2.20.4 Depreciation of leased assets

Leased assets in the use and possession of the Company are depreciated in the books of the Company over the lease terms. The principal portions of lease installment paid or due are charged as depreciation in the period to which it relates.

2.20.5 Subsequent expenditure on property and equipment

Subsequent expenditure is capitalized only when it increases the future economic benefit from the assets and that cost can be measured reliably. All other expenditures are recognized as an expense as and when they are incurred.

2.20.6 Disposal of property and equipment

On disposal of fixed assets, the cost and accumulated depreciation are eliminated from the fixed assets schedule and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the assets and net sale proceeds.

2.20.7 Intangible assets

Intangible assets comprise the value of computer software. Intangible assets acquired separately are measured on initial recognition at cost and are carried at cost less accumulated amortization and accumulated impairment losses if any.

Intangible assets include accounting software, credit card software, other software and integrated systems along with related hardware.

Amortization

Amortization is calculated using the straight line method to write down the cost of intangible assets to their residual values over their estimated useful lives based on the management best estimates of four (4) years.

Subsequent expenditure

Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits in the specifications to which it relates. All other expenditure is expensed as incurred.

2.21 Other assets

Other assets include mainly advance office rent, payment of advance income tax for which assessment of tax has not been closed yet and all other financial assets, fees and other unrealized income receivable, and advance for operation.

2.22 Borrowing cost

Borrowing costs are interest and other costs that an entity incurs in connection with the borrowing of fund.

The Company capitalized borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset form part of the cost of that asset. Other borrowing costs are recognized as an expense as per para 8 of BAS 23 'Borrowing Costs'.

2.23 Contingent asset and contingent liability

The Company does not recognize any Contingent Asset and Contingent Liability; but discloses the existence of contingent liability in the financial statements. A contingent liability is a probable obligation that arises from the past events and whose existence will be confirmed by the occurrence of uncertain future events beyond the control of the Company or a present obligation that is not recognized because of outflow of resources is not likely or obligation cannot be measured reliably.

2.24 Consistency

In accordance with the BFRS framework for the presentation of financial statements together with BAS 1 and BAS 8, LankaBangla Finance applies the accounting disclosure principles consistently from one period to the next. In case of selecting and applying new accounting policies, changes in accounting policies applied and correction of errors, the amounts involved are accounted for and disclosed retrospectively in accordance with the requirement of BAS-8.

2.25 Liquidity statement

The Liquidity Statement has been prepared in accordance with remaining maturity grouping of assets and liabilities as of the close of the period as per following bases:

- a) Balance with other banks and financial institutions, money at call and short notice etc. are on the basis of their term.
- b) Investments are on the basis of their residual maturity term.
- c) Loans and advances are on the basis of their repayment or maturity schedule.
- d) Fixed assets are on the basis of their useful lives.
- e) Other assets are on the basis of their adjustment.
- f) Borrowings from other banks and financial institutions as per their maturity or repayment term.
- g) Deposits and other accounts are on the basis of their maturity period and behavioral past trend
- h) Other long term liability on the basis of their maturity term.
- i) Provisions and other liabilities are on the basis of their settlement.

The Company maintains its books of account for main business in Electronic Form through soft automation.

2.27 Consistency

In accordance with BFRS framework for the presentation of financial statements together with BAS-1 and BAS-8, LankaBangla Finance Limited discloses its information consistently from one period to the next. Where selecting and applying a new accounting policy, correction of errors, the amount involved are accounted for and disclosed retrospectively in accordance with the requirement of BAS-8. However, for changes in the accounting estimates the related amount is recognized prospectively in the current period and in the next period or periods.

2.28 Foreign currency transaction

Foreign currency transactions are translated into Bangladeshi Taka at exchange rates prevailing at the respective dates of transactions, while foreign currency monetary assets at the end of the period or year are reported at the rates prevailing on the Balance Sheet date. Exchange gains or losses arising out of the said conversions are recognized as income or expense for the period or year are charged in the profit and loss account after netting off.

2.29 Revenue recognition

As per BAS 18, "Revenue" is recognized when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of revenue and the cost incurred or to be incurred in respect of the transaction can be measured reliably.

2.29.1 Income from lease financing

The Company follows the finance lease method for accounting of lease incomes in compliance with BAS 17. Interests are recognized as and when interest or incomes are accrued. Lease interests outstanding over 3 months are not recognized as revenue, and used to keep under interest suspense account. Fee based income and delinquent charges from lease operations are accounted for on cash basis.

2.29.2 Interest income from term finance

Interest income is recognized when interest is accrued. No interest on loan (except mortgage loan) is accounted for as revenue where any portion of capital or interest is in arrears for more than 3 months for the loan tenure of which is within 5 years or in arrears for more than 6 months for the loan tenure of which is more than 5 years. In case of mortgage loan, no interest on loan is accounted for as revenue where any portion of capital or interest is in arrears for more than 9 months. Moreover, the amounts that were previously recognized as revenue in respect of such outstanding loans are also transferred from lease income to interest suspense account.

Fees based income and delinquent charges from loan operations are accounted when they arise.

2.29.3 Credit cards

Interest on credit card is accrued and taken to accounts up to 03 (three) months. Interest accrued on credit card for more than three months is accounted as Interest-in-Suspense and is not added to revenues. Thereafter, interest is recognized on cash basis reversing the suspense account. Fee based income from credit card operations are accounted for on accrual basis

2.29.4 Portfolio management fee

Portfolio management fee are recognized on the market value of the client's portfolio on daily basis at the applicable rate.

2.29.5 Issue Management and Corporate Advisory Fee

Issue management fee and corporate advisory fees are recognized according to the stage of completion of services as agreed and defined in Issue Management and Corporate Advisory agreement between company and clients.

2.29.6 Fees and commission based income

Fees and commission based income arising on services provided by the company are recognized on a cash basis. Commission charged to customers on is credited to income at the time of effecting the transactions.

2.29.7 Investment income

Interest income on investments is recognized on accrual basis. Capital gain on investments in shares is also included in investment income. Capital gain is recognized when it is realized.

2.29.8 Dividend income on shares

Dividend income on shares is recognized during the year in which it is established the right to receive the payment as per para 30 (c) of BAS 18 'Revenue'.

2.29.9 Other income

Fee based incomes other than above are recognized as income at the stage of completion of transaction when the amount of revenue can be measured reliably and economic benefits associated with the transaction flows to the company.

- Profit or loss arising from the sale of shares are accounted for on cash basis
- FDRs, if not en-cashed on due date, are considered automatically renewed with interest earned up to maturity date
 and with the equivalent current rate of interest.

2.29.10 Interest suspense account

Interests on lease finance, term finance and car loan overdue beyond three months period (in case of loan duration is within 5 years) and overdue beyond six months period (in case of loan duration is more than 5 years) are not recognized as revenue and credited to interest suspense account.

Interests on mortgage finance overdue beyond nine months are not recognized as revenue and credited to interest suspense account.

2.30 Cash and cash equivalent

Cash and cash equivalents comprise cash in hand and fixed deposits and investments in call loan that are readily convertible to a known amount of cash, and that are not subject to significant risk of change in value.

2.31 Bank loans

Bank loans are recorded at the proceeds received. Interest on bank loans is accounted for on accrual basis and charged to profit and loss account.

2.32 Provision for loans and advances

Generally, provision against classified loans and advances is made on the basis of quarter end review by the management and instruction contained in FID Circular No. 08, dated 03 August 2002, FID Circular No. 11, dated 31 October 2005, and FID Circular No. 06, dated 20 August 2006. However, at the discretion of management, provision against classified loans and advances may be made on monthly basis. The provisions rates are given below

Particulars	Rates
General Provision on:	
Unclassified general loans and advances	1%
Unclassified small and medium enterprise	0.25%
Special Mention Account	5%
Specific Provision On:	
Substandard loans and advances	20%
Doubtful loans and advances	50%
Bad/loss loans and advances	100%

2.33 Write off

Write-off describes a reduction in recognized value. It refers to recognition of the reduced or zero value of an asset. Generally it refers to an investment for which a return on the investment is now impossible or unlikely. The item's potential return is thus cancelled and removed from ("written off") the business's balance sheet.

Recovery against debts written off or provided for is credited to revenue. Income is recognized where amounts are either recovered and/or adjusted against securities, properties or advances.

2.34 Corporate tax

a. Current tax

Provision for current income tax has been made @ 40 % as prescribed in Finance Act 2015 on the profit made by the Company considering major taxable allowances and disallowances and the same is understated or overstated to that extent. Any shortfall or excess provision will be duly adjusted after final assessment.

Deferred tax liabilities are the amount of income taxes payable in future periods in respect of taxable temporary differences. Deferred tax assets are the amount of income taxes recoverable in future periods in respect of deductible temporary differences. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences arising between the carrying values of assets, liabilities, income and expenditure and their respective tax bases. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantially enacted at the statement of financial position date. The impact on the accounts of changes in the deferred tax assets and liabilities has also been recognized in the profit and loss account as per BAS-12 "Income Taxes".

2.35 Employees benefit plans

LankaBangla Finance Limited offers a number of benefit plans which includes contributory provident fund, gratuity plan, Profit participation scheme and Group Life Insurance Scheme and Health Insurance. The retirement benefits accrued for the employees of the Company as on reporting date have been accounted for in accordance with the provisions of Bangladesh Accounting Standard-19, "Employee Benefit". Bases of enumerating the retirement benefit schemes operated are outlined below:

2.35.1 Provident fund

The Company maintains a contributory employees Provident Fund recognized by National Board of Revenue within the meaning of section 2(52), read with the provisions of part - B of the First Schedule of Income Tax Ordinance 1984 for its permanent employees. The Fund is administered by a Board of Trustees and is funded equally by the employer and the employees @ 10% of their basic salary as contribution of the fund. Provident Funds are invested in Fixed Deposit with other financial institutions and to the Government Treasury Bills and Bonds. Interest earned from the investments is credited to the members' account on yearly basis.

2.35.2 Gratuity fund

The Company operates an unfunded gratuity scheme. Employees are entitled to gratuity benefit at the following rates:

Year of Services	% of entitlement
3 years and above but less than 4 years	50% of Last Basic Salary
4 years and above but less than 5 years	100% of Last Basic Salary
5 years and above	150% of Last Basic Salary

The actuarial valuation has not yet been made to assess the adequacy of the liabilities provided for the scheme.

2.35.3 Profit participation scheme

Every confirmed employee will be entitled to participate in the profit participation scheme (on a pro-rata basis in case of new joiners) based on the performance.

2.35.4 Group life insurance scheme and health insurance

The Company has a group life insurance scheme for all of its permanent employees. It has also a health insurance scheme for all of its permanent employees including their spouse and children.

2.35.5 Employees home loan scheme

The Company also has real estate loan for its permanent employees at 7% simple interest rate. Employees are entitled for real estate loan after satisfying of minimum loan eligible criteria.

2.36 Deposits and other accounts

Deposits by customers and banks are recognized when the Company enters into contractual provisions of the arrangements with the counterparties, which is generally on trade date, and initially measured at the consideration received.

2.37 Borrowings from other banks, financial institutions and agents

Borrowed funds include call money deposits, borrowings, re-finance borrowings and other term borrowings from banks and financial institutions. These are stated in the statement of financial position at amounts payable. Interest paid or payable on these borrowings is charged to the statement of comprehensive income.

2.38 Provision for liabilities

A provision is recognized in the statement of comprehensive income when the Company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligations, in accordance with the BAS 37 "Provisions, Contingent Liabilities and Contingent Assets".

2.39 Legal proceedings

The Company is not currently a defendant or a plaintiff in any material lawsuits or arbitration. From time to time, however, the Company is involved as a plaintiff in some actions taken against the default clients in the ordinary course of business for non-payment of rentals/installments. We believe that the ultimate dispositions of those matters will be favorable and will have no material adverse effect on business, financial conditions or results of operations.

2.40 Earnings per Share (EPS)

The company calculates EPS in accordance with the requirement of BAS – 33: "Earnings Per Share", which has been shown on the face of the Statement of Comprehensive Income and the computation is shown in Note - 34.

Basic earnings

This represents earnings for the period ended on 31 December 2015 attributable to the ordinary shareholders.

Weighted average number of ordinary shares outstanding during the year

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued (as bonus share) during the year multiplied by a time weighting factor. The time-weighting factor is the numbers of days the specific shares are outstanding as a proportionate of the number of days in the year.

Basic earnings per share

This has been calculated by dividing the basic earning by the weighted average number of ordinary shares outstanding for the year.

Diluted earnings per share

Diluted EPS is calculated if there is any commitment for issuance of equity shares in foreseeable future, i.e., potential shares, without inflow of resources to the Company against such issue. This is in compliance with the requirement of BAS - 33" Earnings Per Share".

2.41 Credit rating

Credit Rating Agency of Bangladesh Ltd. (CRAB) has rated the Company based on 31 December 2014 with "A1" (Pronounced as A One) in the long term and ST-3 for the Short Term based on audited financial of FY2014 and other available information up to the date of rating declaration. The outlook on the rating is Positive. The date of rating was 12 November 2015.

The rating reflects the strengths of the Company which is backed by a strong team of management, growth in the noninterest income, deposits and investments, adequate capital coverage with high Tier-1 capital, improved asset quality and well controlled liquidity position.

2.42 Impairment of assets

The company has assessed at the end of each reporting period or more frequently if events or changes in circumstances indicate that the carrying value of an asset may be impaired, whether there is any indication that an asset may be impaired. If any such indication exists, or when an annual impairment testing for an asset is required, the Company makes an estimate of the assets recoverable amount. When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered impaired and is written down to its recoverable amount by debiting to statement of comprehensive account. Fixed assets are reviewed for impairment whenever events or charges in circumstances indicate that the carrying amount of an asset may be impaired. This is in compliance with the requirement of BAS – 36 "Impairment of Assets".

2.43 Statutory reserve

The Financial Institutions Act 1993 requires the Company to transfer 20% of its current year's profit after tax to reserve until such reserve equals to its paid up capital.

2.44 **Events after the Reporting Period**

Where necessary, all the material events after the reporting period have been considered and appropriate adjustments / disclosures have been made in the financial statements.

The proposed dividend for the year 2015 has not been recognized as a liability in the balance sheet in accordance with the BAS -10: Events After the Reporting Period. Dividend payable to the Company's shareholders is recognized as a liability and deducted from the shareholders' equity in the period in which the shareholders' right to receive payment is established.

2.45 Corporate governance

The company recognizes the importance of high standards of corporate governance and corporate social responsibility. Through regular Board Meeting and documented procedures of independence, the company endeavors to meet the standards expected.

The company has taken note of the recently prescribed measures by the Bangladesh Securities and Exchange Commission in this regard and intends to introduce the concept of independent Director at the earliest possible opportunity. An Audit Committee is already in place. The Company also prohibits provision of non-audit services by the external auditors. The Audit committee keeps under review the independence and objectivity of the external auditors.

The Board is also committed to effective communication between the company and its subsidiaries, investors, regulators and third party interests.

2.46 BASEL II and its implementation

To cope with the international best practices and to make the capital more risks sensitive as well as more shock resilient, guidelines on 'Basel Accord for Financial Institutions (BAFI)' have been introduced from January 01, 2011 on test basis by the Bangladesh Bank. At the end of test run period, Basel Accord regime will be started and the guidelines on BAFI will have come fully into force from January 01, 2012 with its subsequent supplements/revisions. Instructions regarding Minimum Capital Requirement (MCR), Adequate Capital, and Disclosure requirement as stated in these guidelines have to be followed by all financial institutions for the purpose of statutory compliance.

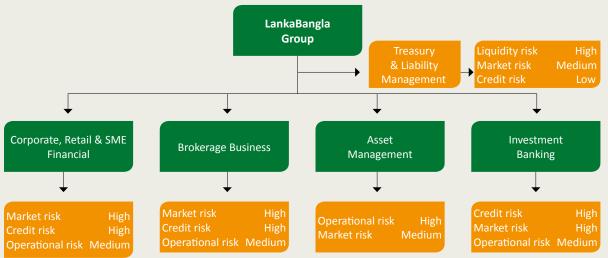

In line with Bangladesh Bank requirement, the Company has already formed BASEL Implementation Unit (BIU) to ensure timely implementation of BASEL II accord.

2.47 Financial risk management

The Group has exposure to the following risks from financial instruments:

- Credit risk
- Liquidity risk
- Market risks
- Operational risks

The chart below provides a link between the Group's business units and the principal risks that they are exposed to. The significance of risk is assessed within the context of the Group as a whole and is measured based on allocation of the regulatory capital within the Group.

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board of Directors has established the Asset Liability Management committee (ALCO) and Risk Management Forum by following the relevant directives and guidelines of Bangladesh Bank, which are responsible for developing and monitoring Group risk management policies.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Group Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Group Audit Committee.

A. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's loans and advances to customers and other banks.

For risk management reporting purposes, the Group considers and consolidates all elements of credit risk exposure (such as individual obligor default risk and sector risk).

The Board of Directors has delegated responsibility for the oversight of credit risk to its Group Credit Committee. A separate Group Credit Risk Management department, reporting to the Managing Director and Executive Committee, is responsible for management of the Group's credit risk, including:

Formulating credit policies in consultation with business units, covering collateral requirements, credit assessment, risk grading and reporting, documentary and legal procedures, and compliance with regulatory and statutory requirements.

Establishing the authorization structure for the approval and renewal of credit facilities. Authorization limits are allocated to business unit Credit Officers. Larger facilities require approval by Group Credit, Head of Group Credit, Group Credit Committee or the Board of Directors as appropriate.

Credit Risk Management assesses all credit exposures in excess of designated limits, prior to facilities being committed to customers by the business unit concerned. Renewals and reviews of facilities are subject to the same review process.

Limiting concentrations of exposure to counterparties, geographies and industries (for loans and advances, financial guarantees and similar exposures), and by issuer, credit rating band, market liquidity and country (for investment securities).

Providing advice, guidance and specialist skills to business units to promote best practice throughout the Group in the management of credit risk.

Each business unit is required to implement Group credit policies and procedures, with credit approval authorities delegated from the Group Credit Committee.

Regular audits of business units and Group Credit processes are undertaken by Internal Audit.

The Group writes off a loan or an investment debt security balance, and any related allowances for impairment losses, when Group Credit determines that the loan or security is uncollectible. This determination is made after considering information such as the occurrence of significant changes in the borrower's / issuer's financial position such that the borrower / issuer can no longer pay the obligation, or that proceeds from collateral will not be sufficient to pay back the entire exposure. For smaller balance standardized loans, write-off decisions generally are based on a product-specific past due status.

Liquidity Risk B.

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Group's Board of Directors sets the Group's strategy for managing liquidity risk and delegates the responsibility for the oversight of the implementation of this policy to ALCO. ALCO approves the Group's liquidity policies and procedures. Treasury division manages the Group's liquidity position on a day-to day basis and reviews daily reports covering the liquidity position of the Group. A summary report, including any exceptions and remedial action taken, is submitted regularly to ALCO.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The key elements of the Group's liquidity strategy are as follows:

- Maintaining a diversified funding base consisting of customer deposits (both retail and corporate), zero coupon bond and different types of bank borrowing ranging from very short nature call loan to short term loan to long term loan and maintaining contingency facilities;
- Carrying a portfolio of highly liquid assets, diversified by currency and maturity;
- Monitoring liquidity ratios, maturity mismatches, behavioral characteristics of the Group's financial assets and liabilities, and the extent to which the Group's assets are encumbered and so not available as potential collateral for obtaining funding;

C. **Market Risk**

Market risk is the risk that changes in market prices, such as interest rates, share prices and credit spreads will affect the Group's income or the value of its holdings of financial instruments. The objective of the Group's market risk management is to manage and control market risk exposures within acceptable parameters in order to ensure the Group's solvency while optimizing the return on risk.

Overall authority for market risk is vested in ALCO. ALCO sets up limits for each type of risk in aggregate and for portfolios, with market liquidity being a primary factor in determining the level of limits set for trading portfolios.

D. **Operational risks**

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Group's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks, such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Group's operations.

The Group's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Group's reputation with overall cost effectiveness and innovation. In all cases, the Group policy requires compliance with all applicable legal and regulatory requirements.

The Board of Directors has delegated responsibility for operational risk to Management Committee which is responsible for the development and implementation of controls to address operational risk. This responsibility is supported by the development of overall Group standards for the management of operational risk in the following areas:

- requirements for appropriate segregation of duties, including the independent authorization of transactions;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- requirements for the reporting of operational losses and proposed remedial action;
- development of contingency plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation, including insurance where this is effective.

Compliance with Group standards is supported by a program of periodic reviews undertaken by Internal Audit. The results of Internal Audit reviews are discussed with the Management Committee with summaries submitted to the Audit Committee and senior management of the Group.

2.48 Segments

After incorporated the company started with lease and loan as its core financing business. By times, it diversified its business among Asset Management Operations, Merchant banking business and brokerage business. The company has decided it various operating segment considering nature of segmental business. Thus four operating segments of the Group are reported and presented. Profit and loss account of above operations and other operation have been prepared in accordance with Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRS), and results of its operation have been combined, item by item, with the financial results of the Company. Information about operating segment has been presented in Note-35.

2.49 **Comparative figures**

Comparative information has been disclosed in respect of the period ended 31 December 2015 for all numerical data in the financial statements and also the narrative and descriptive information when it is relevant for better understanding of the current year's financial statements. Figures of the year 2014 have been restated and rearranged whenever considered necessary to ensure comparability with the current period.

2.50 Date of authorization

The Board of Directors has authorized these financial statements for public issue on 22 February 2016.

4.1

Cash Reserve Requirement and Statutory Liquidity Reserve have been calculated and maintained in accordance with Financial Institution Act, 1993 and Financial Institution Regulations 1994 and FID Circular No. 06 dated 06 November, 2003 and FID Circular No. 02 dated 10 November, 2004.

Cash Reserve Requirement (CRR) has been calculated at the rate of 2.5% on 'Total Term Deposits' Term or Fixed Deposit, Security Deposit against Lease/Loan and other Term Deposits, received from individuals and institutions (except banks and financial institutions).

Statutory Liquidity Reserve (SLR) has been calculated at the rate of 5.0% on total liabilities, including CRR of 2.5% on Total Term Deposit. SLR is maintained in liquid assets in the form of cash in hand (notes and coin in BDT), balance with Bangladesh Bank and other banks and financial institutions, investment at call, unencumbered treasury bill, prize bond, savings certificate and any other assets approved by Bangladesh Bank.

Cash reserve requirement (CRR) 2.50%

The Company requires to maintain cash with Bangladesh Bank current account equivalent to 2.50% of Term Deposits other than deposit taken from banks and financial institutions.

Surplus/ (deficit)	2,993,907	19,027,983	2,993,907	19,027,983
Actual reserve held	518,786,571	337,386,246	518,786,571	337,386,246
Required reserve	515,792,664	318,358,263	515,792,664	318,358,263

Statutory liquidity requirements (SLR) 5.00%

The Company requires to maintain SLR equivalent to 5% of total liability including 2.50% of CRR and excluding loans and deposits taken from banks and financial institutions.

Total required reserve	1,078,904,834	674,943,601	1,078,904,834	674,943,601
Actual reserve held	1,089,958,034	683,033,812	1,089,958,034	683,033,812

9.2

Annual Report 2015

9.1.1.1 Deferred tax asset

Deferred tax has been calculated based on deductible taxable temporary difference arising due to difference in the carrying amount of the assets and its tax base in accordance with the provision of Bangladesh Accounting Standard (BAS) 12 "Income Taxes".

Particulars	Accounting base carrying amounts	Tax base amounts	Tax base carrying amounts
Deferred tax asset is arrived at as follows			
Assets: Fixed assets net of depreciation including leased hold assets as on 31 December 2015	190,728,139	937,426,767	745,373,285
<u>Liabilities:</u>			
Employee gratuity as on 31 December 2015	27,534,735	-	27,534,735
Total	218,262,874	937,426,767	772,908,020
Applicable tax rate for fixed assets and employee gratuity @40%			309,163,208
Deferred tax asset as on 31 December 2015			309,163,208
Deferred tax asset as on 31 December 2014			20,670,433
Deferred tax income need to account for during the year			288,492,775

However, as per BAS 12 deferred tax asset shall be recognized to the extent that it is probable that taxable profit will be available against which the deductible difference can be utilized. However, due to having huge amount of accumulated business loss (around 161 core) as per tax laws, it is not probable that there will be future taxable profit against which these deductible temporary difference can be utilized. Hence, no additional deferred tax asset has been recognized during the current year.

In addition to that subsidiary companies recognized its respective deferred tax assets to the extent of its available taxable profit.

Bank borrowings are secured by:

- a. First ranking pari passu charge on present and future fixed and floating assets of LankaBangla Finance Limited with the future and existing lenders.
- b. Usual charge documents (Letter of Hypothecation, Promissory Notes, Letter of Continuation, Letter of Arrangements, etc.)
- c. Funds required for the operation of business are primarily obtained from various banks and financial institutions. Secured loans are covered by way of first priority floating charge with full title guarantee ranking pari-passu among all the lenders of the company.

On 15 December 2014, the Company issued Zero Coupon Bond face value equivalent to BDT 3,000 million. After discounting the Bond @ 11.5%, the Company received BDT 2,478,093,342. The mode of payment of the Bond is 6 equal installments (2 installments in a year, BDT 500 million in each installment). Total transaction costs incurred for issuance of the Bond is BDT 39,031,137.

Subsequently, the Zero Coupon Bond is measured at amortized cost using the effective interest method. The effective interest rate for this bond stands at 12.51% as per Para 9 of BAS 39.

Initially the Zero Coupon Bond is measured at fair value (2,478,093,342) less the transaction costs (39,031,137) ,i.e., 2,439,062,205 as per para 43 of BAS 39.

35 Segment report

35.1 Basis for segmentation

The Group has the following four strategic divisions, which are reportable segments. These divisions offer different products and services, and are managed separately based on the Group's management and internal reporting structure.

Reportable Segments	Operations
	Fees based services include Credit Card Membership Fees, Loan processing fees etc.
Core Financing Business	Fund based services include Lease Finance, Term Finance, Real Estate Finance, Hire Purchase, Credit Card Operation, SME, Auto Ioan, Personal Loan, Factoring, Syndication Finance, Revolving Credit, Loan against Deposit, and Staff
	Loan etc.
Brokerage Business	Act as a member of Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited to carry on the business of brokers or dealers in stocks, shares and securities, commercial papers, bonds, debentures, debentures stocks, foreign currencies, treasury bills and/or any financial instruments.
Investment Business	Trading, margin loan and corporate finance activities
Asset Management Business	Fund management activities

The Group's Management Committee reviews internal management reports from each segment at least monthly.

35.2. Information about reportable segments

Information related to each reportable segment is set out below. Segment profit before tax, as included in internal management reports reviewed by the Group's management committee, is used to measure performance because management believes that this information is the most relevant in evaluating the results of the respective segments relative to the other entities that operate within the same industries. Inter-segment pricing is determined on an arm's length basis.

- k) Ensure that a well-managed sound financial reporting system is in place to provide timely reliable information to the Board of Directors, Regulatory Authorities, Management and all other stakeholders.
- I) Ensure Company's policies are firmly committed to the highest standards of good corporate governance practices and operations conform to the highest ethical standards and in the best interests of all stakeholders.

39 Impact of inflation and changing prices

Financial Institutions are affected differently by inflation than those of industrial ventures. While industrial and manufacturing companies generally have significant investments in inventories and fixed assets, financial institutions ordinarily do not have such investment. As a result, financial institutions are generally in a better position than industrial ventures to respond to inflationary trends by monitoring the spread between interest cost and interest income yields through adjustments of maturities and interest rates of assets and liabilities.

Financial statements presented herein have been prepared in accordance with International Accounting Standards and International Financial Reporting Standards as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), which required the measurement of the financial position and operating results in terms of historical costs. However, in some cases, particular BAS/BFRS specifically suggests to measure some assets/liabilities at fair value. Such as, BAS 39 suggests to measure investment in tradable securities at its fair value by crediting shareholders' equity.

a) Board meeting and directors' remuneration

Each Director is drawing Taka 5,000 for attending five Board Meetings and Taka 8,000 for attending five one Meeting. No remuneration or special payment was paid to the directors for attending board meetings or otherwise during the year 2015. Financial Statements for the Year Ended 31 December 2015

Ahmed Zaker & Co.

A MEMBER FIRM OF KINGSTON SOREL INTERNATIONAL, DEVONSHIRE HOUSE, 60, GOSWELL ROAD, LONDON ECHN 7AD

Auditors' Report

To the Shareholders of LankaBangla Securities Limited

We have audited the accompanying consolidated Financial Statements of LankaBangla Securities Limited, which comprise the consolidated and the separate Statement of Financial Position as at December 31, 2015 and the Statement of profit or loss and other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Bangladesh Financial Reporting Standards along with Rules & Regulation Issued by the Securities and Exchange Rules 1987, Dhaka Stock Exchange, Chittagong Stock Exchange, the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements of the company based on our audit. The assets and liabilities as at December 31, 2015 and revenue and expenses for the year ended December 31, 2015 of the company's Two subsidiaries namely BizBangla Media Ltd. and LankaBangla Information system Ltd. have been consolidated and accounted for in the consolidated financial statements. The financial statements of the subsidiary LankaBangla Information system Ltd. is audited by other auditor whose report has been furnished to us and our opinion is as so far as it relates to the amounts included in respect of the company's subsidiaries based on the reports. In addition, we have performed our audit procedure for consolidated purpose, based on which the financial statements of the subsidiary have been consolidated. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements of the company are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated Financial Statements have been prepared in accordance with Bangladesh Financial Reporting Standards (BFRS) give a true and fair view of the state of the affairs of the Company as of December 31, 2015 and of the results of its operations and its cash flows for the year ended and comply with the Companies Act 1994, Bangladesh Securities and Exchange Commission Rule 1987, Chittagong Stock Exchange Rule 1995 and other applicable laws and regulations.

We also report that;

- we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- in our opinion proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- the company's Consolidated Statement of Financial Position, Statement of profit or loss and other Comprehensive Income and Statement of Cash Flows dealt with by the report are in agreement with the books of accounts;

2.00 Basis of preparation and Significant Accounting Policies

2.01 Components of the financial statements

The financial statements referred to here comprise:

- a) Statement of Financial Position;
- b) Statement of Comprehensive Income;
- c) Statement of Changes in Equity;
- d) Statement of Cash Flows; and
- e) Notes to the Financial Statements.

2.02 Statement of compliance

The financial statements have been prepared on a going concern basis following accrual basis of accounting except for statement of cash flows in accordance with the Companies Act 1994, Bangladesh Securities and Exchange Rules 1987, the Listing Rules of Dhaka and Chittagong Stock Exchanges and International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS) as adopted in Bangladesh by the Institute of Chartered Accountants of Bangladesh as Bangladesh Financial Reporting Standards (BFRS's) including Bangladesh Accounting Standards (BASs) and other applicable laws and regulations.

2.03 Basis of measurement

The financial statements have been prepared based on historical cost convention basis, except Investment for Membership in Dhaka Stock Exchange and Chittagong Stock Exchange which have been re-measured at fair value. No adjustment has been made for inflationary factors affecting the financial statements. The accounting policies, unless otherwise stated, have been consistently applied by the Company and are consistent with those of the previous year.

2.04 Basis of consolidation

The financial statements of the company and its subsidiary have been consolidated in accordance with Bangladesh Financial Reporting Standard (BFRS) 10: 'Consolidated Financial Statements'. The consolidation of the financial statements has been prepared by using uniform accounting policies and after eliminating all material intra group balances, income and expenses arising from intra-group transactions.

The total profits of the company and its subsidiary are shown in the consolidated profit and loss account with the proportion of profit after taxation pertaining to minority shareholders being deducted as 'Non-controlling Interest'. All assets and liabilities of the company and of its subsidiary are shown in the consolidated Statement of Financial Position. The interest of minority shareholders of the subsidiary are shown separately in the consolidated Statement of Financial Position under the heading 'Non-controlling Interest'.

2.05 Date of authorization

The Board of Directors accorded its approval and authorized these financial statements on February 22, 2016.

2.06 Presentation and functional currency and level of precision

The financial statements have been presented in Bangladesh Taka (BDT) currency, which is the Company's functional currency. All financial information presented in BDT has been rounded off to the nearest integer.

2.07 Use of estimates and judgments

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. It also requires disclosures of contingent assets and liabilities at the date of the financial statements.

Provisions and accrued expenses are recognized in the financial statements in line with the Bangladesh Accounting Standard (BAS) 37 "Provisions, Contingent Liabilities and Contingent Assets" when

- The Company has a legal or constructive obligation as a result of past event.
- It is probable that an outflow of economic benefit will be required to settle the obligation.
- A reliable estimate can be made for the amount of the obligation.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. However, the estimates and underlying assumptions are reviewed on an ongoing basis and the revision is recognized in the period in which the estimates are revised.

2.08 Going concern

The Company has adequate resources to continue its operation for foreseeable future. For this reason the directors continue to adopt going concern basis in preparing the financial statements. The current credit facilities and adequate resources of the Company provide sufficient funds to meet the present requirements of its existing businesses and operations to continue.

2.09 Materiality and aggregation

Each material item as considered by management significant has been presented separately in financial statements. No amount has been set off unless the Company has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

2.10 Property, Plant and equipment

i) Recognition and measurement

Freehold Assets

The cost of an item of property and equipment is recognized as an asset if, it is probable that the future economic benefits associated with the item will flow to the company and the cost of item can be measured reliably.

Property and Equipment are stated at cost less accumulated depreciation. Cost represents the cost of acquisition

Leasehold assets

Leasehold assets of which the Company assumes substantially all the risks and rewards of ownership are accounted for as finance leases and capitalized at the inception of the lease at fair value of the leased property or at the present value of the minimum lease payment, which ever is lower as per Bangladesh Accounting Standard (BAS) 17 "Leases". The corresponding obligation under the lease is accounted for as liability.

includes purchase price and other directly attributable cost of bringing the assets to working conditions for its intended

ii) Subsequent expenditure on property and equipment

Subsequent expenditure is capitalized only when it increases the future economic benefit from the assets and that cost can be measured reliably. All other expenditures are recognized as an expense as and when they are incurred.

iii) Depreciation

Depreciation is calculated on the cost of fixed assets in order to write off such amounts over the estimated useful lives of such assets. The rates of depreciation used on a straight-line method are as follows:

Building	2.5%
Office equipment	20%
Furniture and fixtures	10%
Office renovation	20%
Motor Vehicle	20%
Data Center & Dr.	30%
Lease Assets	20%

Half year's depreciation is charged in the year in which the related assets are put into use and disposed off irrespective of the date.

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the Comprehensive Income statement.

2.11 Intangible assets and amortization of intangible assets

Intangible assets acquired separately are measured on initial recognition at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is calculated using the straight line method to write down the cost of intangible assets to their residual values over their estimated useful lives based on the management best estimates. Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits in the specifications to which it relates. All other expenditure is treated as expense as incurred.

2.12 Investment in stock exchanges for membership

In accordance with section 8 (Gha) of the Exchanges Demutualization Act. 2013, both stock exchange membership has been converted into shares through the issuance of "Trading Right Entitlement Certificate (TREC)" by the DSE & CSE. Currently Trading Right Entitlement Certificate has no value due to the stock exchanges did not issue any TREC other than existing members.

2.13 Investment in securities

Investment in quoted shares and unquoted shares are initially recognized at cost plus transaction costs that are directly attributable to the acquisition of the shares. After initial recognition, investment in quoted shares has been revalued at cost at reporting date. Net of unrealized gain and loss has not been recognized in profit and loss account.

2.14 Cash and cash equivalents

Cash and cash equivalents consist of cash in hand, bank balances and deposits held with banks and financial institutions and short term liquid investments that are readily convertible to known amount of cash and that are subject to an insignificant risk of change in value.

Cash flow statement has been prepared in accordance with the Bangladesh Accounting Standards (BAS) 7, "Cash flow statement" under direct method.

2.15 Provision for tax

Current tax

Provision for current tax is made in accordance with the provision of Income Tax Ordinance, 1984 and subsequent amendments made thereto from time to time.

Deferred Tax

Deferred Tax is calculated as per Bangladesh Accounting Standard (BAS) 12 "Income Taxes". Deferred Tax is recognized on differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the balance sheet liability method. Deferred Tax liabilities are recognized for all taxable temporary differences. Deferred Tax assets are generally recognized for all deductible temporary differences.

Deferred Tax is measured at the tax rate that is expected to be applied to the temporary differences when they reverse based on the laws that have been enacted or substantively enacted by the reporting date

2.16 **Revenue Recognition**

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the enterprise the revenue during the year and in accordance with the Bangladesh Accounting Standard (BAS) 18 "Revenue Recognition":

a. Brokerage commission

Brokerage commission is recognized as income when selling or buying order executed.

b. Interest Income from margin loan

Interest Income from margin loan is recognized on accrual basis. Such income is calculated on daily margin loan balance of the respective parties. Income is recognized on monthly basis.

c. Dividend income and profit/ (loss) on sale of marketable securities

Dividend income is recognized when right to receive payment is established whereas profit or loss arising from the sale of securities is accounted for only when shares are sold in the market and profit is realized or loss is incurred.

2.17 Earning per share

The Company calculates earning per share in accordance with Bangladesh Accounting Standard (BAS) 33 "Earning per Share" which has been shown in the face of the Profit and Loss Account.

2.18 General reserve

The Board of LankaBangla Securities has decided to create a general reserve by 1% on outstanding margin loan provided to the client against marketable securities. Add or adjustment with general reserve will depend on size of outstanding margin loan for the respective year.

2.19 **LB Foundation**

The Board of LankaBangla Securities Limited has decided at 69th Board Meeting to contribute 1% of net profit after tax to LB Foundation for CSR.

2.20 **Employee benefit Obligation**

a. Defined contribution plan

The Company operates a contributory provident fund for its permanent employees. The fund is approved by the National Board of Revenue (NBR), administered separately by a Board of Trustees and is funded by the equal contribution both by the Company and employees at a predetermined rate. This fund is invested separately from the Company's assets and is audited by an external auditor.

b. Defined benefit plan (Gratuity scheme)

The Company has an unfunded gratuity scheme for all eligible employees who have completed minimum 02 (two) years of confirmed service with the Company. Required amount of gratuity is calculated on the basis of last basic pay depending on the length of service for every completed year as well as proportionate to the fraction period of service as of the respective financial year.

Following benefits are payable on retirement, death or leaving service:

Year of confirmed service	% of entitlement
2 years and above but less than 4 years	50% of last basic salary
4 years and above but less than 5 years	100% of last basic salary
5 years and above	150% of last basic salary

As per Bangladesh Accounting Standards (BAS)-24 "Related Party Disclosures", parties are considered to be related if one of the parties has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Company carried out transactions in the ordinary course of business on an arm's length basis at commercial rates with related parties.

Related party disclosures have been given in Note- 46.

2.22 Proposed Dividend

Proposed dividend has not been recognized as a liability in the Statement of Financial Position in accordance with Bangladesh Accounting Standard (BAS)-10 "Event after the Balance Sheet Date.

2.23 Reclassifications

To facilitate comparison, certain relevant balances pertaining to the previous year has been rearranged/ restated/ reclassified whenever considered necessary to conform to current year's presentation.

2.24 Branch accounting

The Company has a total ten number of Branch offices (excluding Head Office), with no overseas branch as on December 31, 2015. Accounts of the branches are maintained at the head offices which are included in the accompanying financial statements.

2.25 Comparative:

Comparative information have been disclosed in respect of the previous year for all numerical information in the financial statements including narrative and descriptive information when it is relevant for understanding of the current year's financial statements.

Previous year's figure has been re-arranged whenever considered necessary to ensure comparability with the current year's presentation as per BAS-8 "Accounting Policies, Changes in Accounting Estimates and Errors". During the year prior year adjustment has been made in the interest income, Provision for negative equity shares & others and provision for doubtful loan & advances.

2.26 Application of Bangladesh Accounting Standards (BASs):

The Financial Statements have been prepared in compliance with requirement of BAS as adopted by The Institute of Chartered Accountants of Bangladesh (ICAB) and applicable in Bangladesh. The following BASs are applicable for the financial statements for the period under review:

- BAS- 1 Presentation of Financial Statements
- BAS- 7 Statement of Cash Flows
- BAS-8 Accounting Policies, Changes in Accounting Estimates and Errors
- BAS- 10 Events after the Reporting Period
- BAS- 12 Income Taxes
- BAS- 16 Property, Plant and Equipment
- BAS- 17 Leases
- BAS-18 Revenue
- BAS- 19 Employees Benefit
- BAS-23 Borrowing Cost
- BAS- 24 Related Party Disclosure
- BAS- 32 Financial Instruments Presentation
- BAS- 37 Provisions, Contingent Liabilities and Contingent Assets
- BAS- 39 Financial Instruments : Recognition and Measurement
- BFRS- 7 Financial Instruments : Disclosures
- BFRS- 10 Consolidated Financial Statements
- BFRS- 13 Fair Value Measurement

3.00 Directors' responsibility statement

The Board of Directors takes the responsibility for the preparation and presentation of these financial statements as per section 183 of companies Act 1994.

26.00 Interest Suspense

25.01

In prior years LankaBangla Securities Limited (LBSL) have recognised interest income on negative equity in the expectation that the Stock Markets' condition will improve and negative equity will reverse. But the stock market is continuing with its bearish trend. Hence, management come into a stand that prior years' interest income on

810,164,046

As per present and expected market condition LBSL should not have charge interest income rather should have to charge those to interest suspense account. In the proses to rectify these prior year errors as per BAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" LBSL reduce its Retained Earnings and charge the same to Interest Suspense account.

Year	Interest Applied on Negative Equity	Net profit after Tax	Interest Suspense
2011	277.09	747.62	270.88
2012	404.42	259.68	232.76
2013	394.43	484.75	306.52
	1075.94	1492.06	810.16

negative equity impact should be reversed to present a fair view of the financial position.

Independent Auditors' Report

to the shareholders' of

LankaBangla Investments Limited

We have audited the accompanying financial statements of LankaBangla Investments Limited ("the company"), which comprise the Statement of Financial Position as at 31 December 2015, and the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Place: Dhaka

Dated: 22 February, 2015

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair

presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the company as at 31 December 2015 and of its financial performance and its cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards ("BFRS").

We also report that:

- We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- The Statement of Financial Position and the Statement of Comprehensive Income dealt with by the report are in agreement with the books of account; and
- The expenditure incurred was for the purposes of the Company's business.

1.02 Nature of business

The activities of the Company include services broadly classified as interest income and fee based services, such as underwriting of securities, issue management, portfolio management, corporate advisory services etc.

2.00 **Basis of preparation**

2.01 Components of the financial statements

The financial statements comprise of:

- a) Statement of Financial Position as at 31 December 2015;
- b) Statement of Profit or Loss and Other Comprehensive Income for the year ended 31 December 2015;
- c) Statement of Changes in Equity for the year ended 31 December 2015;
- d) Statement of Cash Flows for the year ended 31 December 2015; and
- e) Notes to the Financial Statements.

2.02 Statement of compliance

The financial statements have been prepared in accordance with Bangladesh Financial Reporting Standards (BFRS), rules and regulations issued by Bangladesh Securities and Exchange Commission and Companies Act 1994. In case of any rules and regulations issued by Bangladesh Securities and Exchange Commission differs from those of other regulatory authorities, the rules and regulations issued by Bangladesh Securities and Exchange Commission shall prevail.

The departures from BAS and BFRS in the financial statements for 2015 are stated below:

SI No.	Nature of Departure	Title of the BAS/BFRS	Treatment of the BAS/BFRS	Treatment adopted as per regulator	Financial or presentation effect of departure
1	Valuation & impairment of Investments in quoted and unquoted shares	BAS-39: 'Financial Instruments: Recognition and measurement'	Investment in quoted share falls under the category of either ' at fair value through profit or loss' or 'available for sale' where any change in the fair value at the year end is taken through Income Statement or Statement of Other Comprehensive Income respectively	As per DFIM circular No. 11 dated 23 December 2009, investment in quoted share is revalued at the year end at market price and provision should be made for any loss arising from diminution in value of investment; however in case of the unrealized gain no such gain can be recognized and investments are presented at cost only. As per Bangladesh Securities and Exchange Commission (BSEC) circular # BSEC/Mukhpatro(Ditio Khondo)/2011/2205 dated 30 November 2015 provisions for the year 2015 on impairment of investment in quoted shares may be kept at 20% on each quarter for the five quarters starting from December 2015	If the BAS would be followed value of investments presented would be higher by BDT 76,477,941 and the same figure would be for 'Unrealized Gain'. There is no unrealized loss(portfolio basis) as at 31 December 2015 and no requirement to keep provision as per the stated circular.
2	Provision for Margin Loan (Loans and receivables)	BAS-39: 'Financial Instruments: Recognition and measurement'	Measurement of loan after initial recognition at amortized cost and recording of changes through profit and loss	As per Bangladesh Securities and Exchange Commission (BSEC) circular # BSEC/Mukhpatro(Ditio Khondo)/2011/2205 dated 30 November 2015 provisions for the year 2015 on impairment of principal portion of margin loan may be kept at 20% on each quarter for the five quarters starting from December 2015	As per the requirement of the BSEC circular LBIL kept only erosion of principal portion of Margin Loan as provision as on 31 December 2015. As per the requirement of the BSEC circular 20% of erosion of principal portion of margin loan is kept as provision in the financial statement amounting BDT 74,089,160.

2.04 Basis of measurement

The financial statements have been prepared on historical cost basis except for financial instruments at fair value through profit or loss.

2.05 Basis of accounting

The financial statements except for cash flow information have been prepared on accrual basis of accounting.

2.06 Functional and presentation currency and level of precision

The financial statements are presented in Bangladesh currency Taka (Taka/Tk), that is the Company's functional currency. All financial information presented in Taka has been rounded to the nearest Taka.

2.07 Use of estimates and judgments

The preparation of the financial statements in conformity with BFRS requires management to use judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised.

2.08 Going concern

The Company has adequate resources to continue in operation for foreseeable future. For this reason the directors continue to adopt going concern basis in preparing the accounts. The current credit facilities and resources of the Company provide sufficient funds to meet the present requirements of its existing businesses and operations.

2.09 Materiality and aggregation

Each material item as considered significant by management, has been presented separately in financial statements. No amount has been set off unless the Company has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

2.10 Consistency

In accordance with the BFRS framework for the presentation of financial statements together with BAS 1 and BAS 8, LankaBangla Investments Limited applies the accounting disclosure principles consistently from one period to the next. In case of selecting and applying new accounting policies, changes in accounting policies applied and correction of errors, the amounts involved are accounted for and disclosed retrospectively in accordance with the requirement of BAS-8.

2.11 Contingent asset and contingent liability

The Company does not recognize any Contingent Asset and Contingent Liability; but discloses the existence of contingent liability in the financial statements. A contingent liability is a probable obligation that arises from the past events and whose existence will be confirmed by the occurrence of uncertain future events beyond the control of the Company or a present obligation that is not recognized because of outflow of resources is not likely or obligation cannot be measured reliably.

2.12 Books of account

The Company maintains its books of account for main business in Electronic Form through soft automation.

2.13 Reporting period

The financial period of the Company has been determined to be from 1 January to 31 December each period. These financial statements cover the period from 1 January 2015 to 31 December 2015.

2.14 Events after the Reporting Period

Where necessary, all the material events after the reporting period is considered and appropriate adjustments / disclosures is made in the financial statements

2.15 Comparative figures

Comparative information has been disclosed in respect of the period ended 31 December, 2015 for all numerical data in the financial statements and also the narrative and descriptive information when it is relevant for better understanding of the current year's financial statements. Figures of the year 2014 have been restated and rearranged whenever considered necessary to ensure comparability with the current period.

2.16 Directors' responsibility statement

The Board of Directors takes the responsibility for the preparation and presentation of these financial statements.

2.17 Date of authorization

The Board of Directors has authorized these financial statements for public issue on 22 February 2016.

3.00 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

3.01 Recognition and measurement (PPE)

Items of property, plant and equipment are measured initially at cost and subsequently at cost less accumulated depreciation in compliance with Bangladesh Accounting Standard (BAS) 16 Property, Plant and Equipment. The cost of acquisition of an asset comprises its purchase price and any direct cost for bringing the asset to its working condition for its intended use. Expenditures incurred after the assets have been put into use, such as repairs and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. Software and all upgradation/enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

3.02 Subsequent costs of PPE

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can

3.03 Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment. For addition to property, plant and equipment, depreciation is charged from the month of capitalization and no depreciation is charged in the month of disposal. Land is not depreciated.

The rates at which property, plant and equipment are depreciated for current and comparative years are as follows:

Category of assets	Rate of Depreciation
Office equipment	33.33%
Furniture and fixture	15%
Motor vehicle	25%
Interior works movable	15%
Interior works immovable	21.43%

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.04 Disposal of PPE

Gains and losses on disposal of an item of property, plant and equipment are to be determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment disposed off and are recognized net with "other non-operational income" in profit or loss.

3.05 Impairment of PPE

The carrying amounts of PPE are reviewed at each reporting date to determine whether there is any indication of impairment. An impairment loss is recognized in profit or loss if the carrying amount of an asset exceeds its estimated recoverable amount. However, no such condition that might be suggestive of a heightened risk of impairment of assets existed at the reporting date.

3.06 Margin Loan

Margin loan represents outstanding loan balance provided to portfolio clients. Margin loan is provided as per the guidelines of Bangladesh Securities and Exchange Commission (BSEC). Margin loan is provided only against the purchase of marginable shares. Margin loan is created if a client purchases shares in excess of his own fund. Margin loan is presented in the financial statements as net of suspense (if any) created against the loan.

3.07 Intangible assets

Intangible assets are to be initially recognized at cost including any directly attributable cost. Intangible assets that have finite useful lives are measured at cost less accumulated amortization and accumulated impairment losses. Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. Intangible assets include software, integrated systems along with related hardware. Amortization is to be provided on a straight-line basis at 20% to write off the cost of intangible assets. Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.08 Financial instruments

Non-derivative financial instruments comprise investments in shares and FDR, trade receivables, cash and cash equivalents, margin loans, share capital and interest - bearing borrowings.

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have occurred indicating a negative effect on the estimated future cash flows from that asset. All impairment losses are recognized in profit or loss.

3.09 Investment in FDR (Fixed Deposit Receipt)

If the Company has the positive intent and ability to hold FDR to maturity, then such financial assets are classified as held to maturity. Held-to-maturity financial assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, held-to-maturity financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

3.10 Advances, deposits and prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment or expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to statement of comprehensive income.

3.11 Cash and cash equivalents

Cash and cash equivalents comprise cash balances and all call deposits with original maturities of three months or less. Bank overdrafts that are repayable on demand form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

3.12 Other assets

Other assets include all balance sheet accounts not covered specifically in other areas of the supervisory activity and such accounts may be quite insignificant in the overall financial condition of the Company.

3.13 Share capital

Only ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary share are recognized as a deduction from equity, net of any tax effects.

3.14 Borrowings

Interest-bearing borrowings are recognized initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortized cost using the effective interest method.

3.15 Employee benefits

The Company operates an unrecognized gratuity scheme, provision in respect of which is made periodically covering all its permanent eligible employees. This scheme is qualified as defined benefit plan. There is also a recognized provident fund for all permanent employees of the Company. This qualifies as defined contribution plan.

3.15.1 Defined contribution plans (provident fund)

Defined contribution plan is a post employment benefit plan under which the Company provides benefits to one or more employees. The recognized Employees Provident Fund is being considered as defined contribution plan as it meets the recognition criteria specified for this purpose. All permanent employees contribute 10% of their basic salary to the provident fund and the Company also makes equal contribution.

The Company recognizes contribution to defined contribution plan as an expense when an employee has rendered services in exchange for those contribution. The legal and constructive obligation is limited to the amount it agrees to contribute to the fund.

3.15.2 Defined benefit plans (gratuity)

Defined benefit plan is a retirement benefit plan under which amounts to be paid as retirement benefits are determined by reference to employees' earnings and/or year of services. The Company's obligation is to provide the agreed benefits to current employees as per condition of the fund.

The Company operates an unfunded gratuity scheme. Employees are entitled to gratuity benefit at the following rates:

Year of Confirmed Services	% of entitlement
3 years and above but less than 4 years	50% of Last Monthly Basic Salary for each year
4 years and above but less than 5 years	100% of Last Monthly Basic Salary for each year
5 years and above	150% of Last Monthly Basic Salary for each year

The actuarial valuation has not yet been made to assess the adequacy of the liabilities provided for the scheme.

3.15.3 Group life insurance scheme and health insurance

The Company has a group life insurance scheme for all of its permanent employees. It has also a health insurance scheme for all of its permanent employees including their spouse and children.

3.16 Corporate Tax

3.16.1 Current tax

Income tax expense is recognized in profit or loss. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The Company qualifies as a "Merchant Bank"; hence the applicable corporate tax rate is 37.50% as per the Finance Act 2015

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they are reversed, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is probable that the related tax benefit will be realized.

3.16.3 Tax exposures

In determining the amount of current and deferred tax, the Company takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. This assessment relies on estimates and assumptions and may involve a series of judgments about future events. New information may become available that causes the Company to change its judgment regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

3.17 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

3.18 Contingencies

Contingencies arising from claims, litigation, assessment, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

3.19 Revenue recognition

As per Bangladesh Accounting Standard (BAS) 18: *Revenue*, revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of revenue and the cost incurred or to be incurred in respect of the transaction can be measured reliably.

3.19.01 Interest on Margin Loan

Interest is charged on client's balance (due to LBIL) on daily basis at the applicable rate. Interest charged to margin loan that results to negative equity is not probable that the economic benefit associated with that portion will not flow to the company. So, as per paragraph 29 of "BAS-18: Revenue" this is not recognized in income. Whenever the probability arises that the benefit will flow to the company this is recognized in income.

3.19.02 Management fee

Management fee is charged on client's portfolio value (at market price) on daily basis at the applicable rate. Management fee charged to a client that results to negative equity is not probable that the economic benefit associated with that portion will flow to the company. So, as per paragraph 20 of "BAS-18: *Revenue*" this is not recognized in income. Whenever the probability arises that the benefit will flow to the company this is recognized to income.

3.19.03 Fee based income

Fee based income is recognised when a service is rendered in line with the related agreement.

3.19.04 Investment income

Interest income on investments is recognized on accrual basis. Capital gain on investments in shares is also included in investment income. Capital gain is recognized when it is realized.

3.19.05 Dividend income on shares

Dividend income on shares is recognized during the year in which it is declared and ascertained.

3.19.06 Earnings Per Share (EPS)

Earnings Per Share (EPS) is calculated by dividing total earnings available for ordinary share holders by weighted average number of shares outstanding for the year.

3.20 Statement of cash flows

The net cash flow from operating activities is determined for the year under direct method as per Bangladesh Accounting Standard (BAS)- 7 Statement of Cash Flows.

3.21 Financial risk management

The Company's management has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's management policies are established to identify and analyze the risk faced by the Company to set appropriate risk limits and controls and to monitor risk and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company has provided in separate notes the information about the company's exposure to each of the following risks, the Company's objectives, policies and processes for measuring and managing risks and the Company's management of capital. The Company has exposure to the following risks from its use of financial instruments.

- Credit risk
- Liquidity risk
- Market risk

41 Financial risk management

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The company has exposure to the following risks from its use of financial instruments:

- * Credit risk
- * Liquidity risk
- * Market risk

41.01 Credit risk

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers.

41.01.01 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	Amount in Taka		
	2015	2014	
Margin loan	3,559,650,618	4,262,866,614	
Investments	548,843,248	399,947,550	
Receivable from group entities(LBSL)	8,669,046	-	
Other receivables	44,790,479	33,900,560	
Cash and cash equivalents	5,324,642	56,231,993	
	4,167,278,033	4,752,946,717	

41.02 Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically, the Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date.

41.03 Market risk

Market risk is the risk that any change in market prices, such as interest rates and capital market condition will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

42 Contingencies and commitments

There are no contingent assets or liabilities and unrecognized contractual commitments at the date of statement of financial position.

43 Number of employees

Independent Auditors' Report

To the shareholders' of

LankaBangla Asset Management Company Limited

We have audited the accompanying financial statements of LankaBangla Asset Management Company Limited ("the company"), which comprise the Statement of Financial Position as at 31 December 2015 and the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Place: Dhaka

Dated: 22 February 2016

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair

presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the company as at 31 December 2015 and of its financial performance and its cash flows for the period then ended in accordance with Bangladesh Financial Reporting Standards ("BFRSs").

We also report that:

- (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- (b) in our opinion proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of those books;
- (c) the statement of financial position and the statement of comprehensive income dealt with by the report are in agreement with the books of account; and
- (d) the expenditure incurred was for the purposes of the Company's business.

Company Secretary

Place: Dhaka

Dated: 22 February 2016

1 Company and its activities

1.1 Legal status of the company

LankaBangla Asset Management Company Limited (herein after referred to as "LBAMCL" or "the company") was incorporated with the Registrar of Joint Stock Companies and Firms (RJSCF) vide registration # C-67738(289)/2007 dated July 16, 2007 under the Companies Act, 1994. It got license from Bangladesh Securities and Exchange Commission (BSEC) on June 24, 2012 vide registration code: SEC/Asset Manager/2012/17 to operate as a full-fledged asset management company. The address of the company's registered office at Safura Tower (11th Floor), 20 Kemal Ataturk Avenue, Banani, Dhaka-1213. The company is a subsidiary of LankaBangla Finance Limited.

1.2 Principal activities of the company

The principal activities of the company include the following:

- a. To manage the assets of any trusts or fund of any type and/or character and hold, acquire, sell or deal with such assets of any trust as relevant rules.
- b. To float, administer and manage any mutual fund, growth fund or any other allotted scheme approved by the Government for the time being as relevant rules.
- c. To manage and administer mutual fund, provident fund, pension fund for purpose of investment and carry on the business or undertaking and execute trusts and also to act as executor, trustee, custodian and/or otherwise relevant rules and regulation permit.

1.3 Asset management

LBAMCL is currently managing the sponsor portion of a fund named 'LankaBangla 1st Balanced Unit Fund' which was constitued through a Trust Deed signed on 02 December 2015 between LankaBangla Finance as 'Sponsor' and Bangladesh General Insurance Company Limited as 'Trustee' of the fund . LBAMCL is the asset manager of the fund. The fund was registered with Bangladesh Securities and Exchange Commission on 12 January 2016 under the Bangladesh Securities and Exchange Commission (Mutual Fund) Rules 2001. The Initial size of the fund is BDT 25 Crore and face value per unit is BDT 10. The fund is expected to be formally launched in the capital market of Bangladesh within a short period of time.

2 Basis of preparation of financial statements

2.1 Statement of compliance

The financial statements have been prepared in accordance with Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis, and therefore, do not take into consideration the effect of inflation. The accounting policies, unless otherwise stated, have been consistently applied by the company and are consistent with those of the previous year.

2.3 Functional currency

The financial statements are presented in Bangladesh Taka (BDT/Taka/Tk.) currency, which is the Company's functional currency. All financial information presented in Taka has been rounded off to the nearest Taka.

2.4 Use of estimates and judgments

The preparation of these financial statements in conformity with Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected thereby.

2.5 Reporting period

The financial period of the companies covers one year from 01 January to 31 December and is followed consistently. However, quarterly reporting is required as prescribed by Bangladesh Securities & Exchange Commission (BSEC).

2.6 Cash flow statement

Statement of cash flows is prepared principally in accordance with "BAS 7: Cash Flow Statement" and the cash flow from operating activities have been presented under Direct Method as required by the Securities and Exchange Rules 1987 and considering the provisions that "Enterprises are Encouraged to Report Cash Flow from Operating Activities using the Direct Method".

2.7 Corporate Accounting Standards Practiced

The following BAS's are applicable to the financial statement under review:

BAS	1	Presentation of Financial Statements
BAS	7	Cash Flow Statements
BAS	8	Accounting policies, Changes in Accounting Estimates and Errors
BAS	10	Events after the Balance Sheet date
BAS	12	Income Taxes
BAS	16	Property, Plant and Equipment
BAS	17	Leases
BAS	18	Revenue
BAS	19	Employee Benefit
BAS	23	Borrowing Costs
BAS	24	Related Party Disclosures
BAS	32	Financial Instrument: Presentation
BAS	33	Earnings per Share
BAS	37	Provisions, Contingent Liabilities and Contingent Assets
BAS	38	Intangible Assets
BAS	39	Financial Instrument: Recognition and Measurement

3 Significant accounting policies

3.1 Property, plant & equipment

3.1.1 Recognition and measurement

Tangible fixed assets are accounted for according to "BAS 16: Property, plant and equipment". Items of property, plant and equipment are measured at cost or revaluation less accumulated depreciation. The cost of acquisition of an asset comprises its purchase price and any direct attributable cost of bringing the assets to its working condition for its intended use. Expenditure incurred after the assets have been put into use, such as repairs and maintenance is normally charged off as revenue expenditure in the year in which it incurs. In situation where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the assets, the expenditure is capitalized as an additional cost of the assets.

3.1.2 Depreciation

Depreciation is calculated using 'Straight Line Method' at the following rate so as to write off the assets over their expected useful life. Depreciation is charged in month in the year of acquisition while no depreciation is charged in the month of disposal.

Rates of depreciation of assets considering their useful lives are as follows:

<u>Category of assets</u>	Rate of Depreciation
Furniture & Fixtures	15%
Office equipment	20%
Computer Equipments	33%
Electric Equipments	20%
IT Equipments	33%

3.2 Intangible Assets

Intangible assets that are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible assets are recognized when all the conditions for recognition as per BAS 38: Intangible Assets are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use.

3.2.1 Amortization

Amortization is calculated using straight line basis over the estimated useful lives of intangible assets, from the month that they are available for use. The estimated amortization rate is as follows:

Category of assets

Rate of Amortization

Computer Programs (Software)

33%

3.2.2 Capital Work in Progress (CWIP)

These expenditures have been capitalized and recognized as operating assets after completion of the development process.

3.3 Investment

Investment in securities is measured at cost.

3.4 Revenue recognition

- a. Income from management fee is recognised on accrual basis. Such income is calculated considering average weekly Net Asset Value of the fund.
- b. Interest income is calculated on a time proportion basis.
- Dividend income is recognized on the declaration of dividend and subsequently approved in the Annual General Meeting.
- d. Gain/losses arising on sale of investment are included in the statement of comprehensive income on the day at which transaction takes place.

3.5 Cash and cash equivalents

Cash and cash equivalents consist of cash in hand and with banks on current and deposit accounts and short term investments which are held and available for use by the company without any restriction. There is insignificant risk of change in value of the same.

3.6 Taxation

3.6.1 Current Tax

The Company has made income tax provision for quarter concerned as per Finance Act 2015 and also in compliance with Bangladesh Accounting Standards -12 (BAS-12: Income Taxes).

3.6.2 Deferred Tax

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they are reversed, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.7 Provisions

As per "BAS 37: Provisions, Contingent Liabilities and Contingent Assets" a provision is recognized on the date of statement of financial position if, as a result of past events, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

3.8 Employee benefits

a. Provident fund

The company operates a contributory provident fund for its permanent employees. All permanent employees contribute 10% of their basic salary to the provident fund and the company also makes equal contribution.

b. Gratuity

The company has an unfunded gratuity scheme for all eligible employees who have completed minimum 03 (three) years of confirmed service with the company. Employees are entitled to gratuity benefit at the following rates:

Year of confirmed services	% of entitlement
3 years and above but less than 4 years	50% of last one month basic salary for each completed year
4 years and above but less than 5 years	100% of last one month basic salary for each completed year
5 years and above	150% of last one month basic salary for each completed year

3.9 Contingencies

Contingencies arising from claim, litigation assessment, fines, penalties etc are recorded when it is probable that a liability has been incurred and the amount can be measured reliably in accordance with "BAS 37: Provisions, Contingent Liabilities and Contingent Assets".

4.0 Earnings Per Share

This has been calculated in compliance with the requirements of "BAS 33: Earnings Per Share" by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

4.1 Basic earnings

This represents earnings for the period attributable to the ordinary shareholders. As there was no preference dividend, minority interest or extra ordinary items, the net profit for the period has been considered as fully attributable to ordinary shareholders. Basic earnings per share have been calculated by dividing the net profit or loss by the number of ordinary shares outstanding during the period.

4.2 Comparative figures

Comparative figures and account titles in the financial statements have been rearranged/reclassified where necessary to conform with changes in presentation in the current year.
